He indicated the distant reef which seemed as I bear witness ablaze with lights And not only the reef mark you but the sea about it a cable's length it may be to the north and the south shone like a pool of fire yellow and golden and sometimes with a rare and beautiful green light when the darkness deepened Such a spectacle I shall never see again if I sail a thousand ships That luscious green of the rolling seas the spindrift tossed in crystals of light foam running on the rocks but foam like the water of jewels a dazzling radiance aye a very carpet of quivering gold Of this had they made the northern channel How it was done what cleverness worked it it needed greater brains than mine to say I was for all the world like a man struck dumb with the beauty of something which pleases and awes him in the same breath We were just a little frightened group that stared open mouthed upon a seeming miracle If we regarded the things we saw with a seaman's reverence let no one make complaint of that The spectacle was one to awe any man nor might we forget that those who appeared to live below the sea lived there as
