Dual Wield Jon Stone, 2022-02-21 In recent years poetry and video games have begun talking to and taking from one another in earnest Poets ever in pursuit of meaning now draw inspiration from digital interactive fantasy worlds while video game developers aim to enrich their creations by imbuing them with poetic depth This book investigates the phenomena of poem game hybrids and other forms of poetic ludic interplay making use of both a multidisciplinary critical approach and the author's own experiments in building and testing hybrid artefacts What emerges is the suggestion of a future where reading and playing are no longer seen as separate endeavours where the quests for sensory pleasure and philosophic insight are one and the same

Narrative Mechanics Beat Suter, René Bauer, Mela Kocher, 2021-06-10 What do stories in games have in common with political narratives This book identifies narrative strategies as mechanisms for

meaning and manipulation in games and real life It shows that the narrative mechanics so clearly identifiable in games are increasingly used and abused in politics and social life They have many faces displays and interfaces They occur as texts recipes stories dramas in three acts movies videos tweets journeys of heroes but also as rewarding stories in games and as narratives in society such as a career from rags to riches the concept of modernity or market economy Below their surface however narrative mechanics are a particular type of motivational design of game mechanics Medievalisms in a Global Age Angela Jane Weisl,Robert Squillace,2024 Discusses contemporary medievalism in studies ranging from Brazil to West Africa from Manila to New York Across the world revivals of medieval practices images and tales flourish as never before The essays collected here informed by approaches from Global Studies and the critical discourse on the concept of a Global Middle Ages explore the many facets of contemporary medievalism post colonial responses to the enforced dissemination of Western medievalisms attempts to retrieve pre modern cultural traditions that were interrupted by colonialism the tentative forging of a global medieval imaginary from the world s repository of magical tales and figures and the deployment across borders of medieval imagery for political purposes The volume is divided into two sections dealing with Local Spaces and Global Geographies The contributions in the first consider a variety of medievalisms tied to particular places across a broad geography but as part of a larger transnational medievalist dynamic Those in the second focus on explicitly globalist medievalist phenomena whether concerning the projection of a particular medievalist trope across borders or the integration of medieval pasts from different parts of the globe in a contemporary incarnation of medievalism A wide range of topics are addressed from Japanese manga and Arthurian tales to The O Trilogy of Maurice Gee Camus and Dungeons and Dragons
