Hella Haasse Boeken:

In a Dark Wood Wandering Hella S. Haasse, Anita Miller, 2015-03-01 In this novel set in the 15th century during the Hundred Years War between France and England Hella Haasse brilliantly captures all the drama of one of the great ages of history Brinkman's catalogus van boeken en tijdschriften, 2001 With 1901 1910 1956 1960 Repertorium is bound

Brinkman's Titel catalogus van de gedurende 1901 1910 1956 1960 Title varies slightly *Uitgelezen* 21 A. Bosboom, 1974

Tiedau, 2016-05-02 All countries regions and institutions are ultimately built on a degree of consensus on a collective commitment to a concept belief or value system This consensus is continuously rephrased and reinvented through a narrative of cohesion and challenged by expressions of discontent and discord The history of the Low Countries is characterised by both a striving for consensus and eruptions of discord both internally and from external challenges This interdisciplinary volume explores consensus and discord in a Low Countries context along broad cultural linguistic and historical lines Disciplines represented include early modern and contemporary history art history film literature and translation scholars from both the Low Countries and beyond Forever a Stranger and Other Stories Hella S. Haasse, 1996 In this collection of stories Haasse one of Holland's most popular contemporary writers deals with themes of alienation and estrangement Born in the Dutch East Indies Haasse calls up the images people and memories of her childhood These are the first English translations of Haasse's work *Boekblad*, 1998 Hindergroen Martine Bijl, 2022-03-23 Roman *Threshold of Fire*

Hella S. Haasse, Anita Miller, Nini Blinstrub, 2005-08-01 In this vivid dynamic novel Hella Haasse has once more brought the past to life This time she has chosen to illuminate a crucial yet relatively obscure period of history it is 414 A D and the once powerful Roman Empire is in its death throes split between East and West menaced by barbarian hordes almost literally at its gates The Emperor Honorius an incompetent weakling cowers in the marsh bound city of Ravenna where he has moved the government he rarely makes entry into Rome This is the brilliant canvas against which the characters in this drama interact There is the Prefect Hadrian a powerful official and fanatical Christian convert there is Marcus Anicius the pagan aristocrat who is clinging to a dying past and there is the Jew Eliezar be Elijah hemmed in by his own traditions and burdened by his dark vision of the future There is the intrigue and uncertainty of life at Honorius's court and there are the streets and tenements of Rome pulsating with life and with corruption *The Scarlet City* Hella S. Haasse, 2005-08-01

Although he bears one of the most notorious names in all of Italy Giovanni Borgia doesn't know his parentage Hella Haasse uses the Italian Wars as a backdrop for Giovanni's agonizing quest for his identity Set against the backdrop of the Italian wars this novel seeks to unravel the puzzle of Giovanni Borgia's true identity Machiavelli Vittoria Colonna Michelangelo the Borgias and the Medici are some of the characters who inhabit the secretive and dangerous world of sixteenth century Rome

Collective Memory and the Dutch East Indies Paul M.M. Doolan, 2025-10-01 *Collective Memory and the Dutch East Indies* Unremembering Decolonization examines the afterlife of decolonization in the collective memory of the Netherlands. It offers a new perspective on the cultural history of representing the decolonization of the Dutch East Indies and maps out how a contested collective memory was shaped. Taking a transdisciplinary approach and applying several theoretical frames from literary studies, sociology, cultural anthropology, and film theory, the author reveals how mediated memories contributed to a process of what he calls unremembering. He analyses in detail a broad variety of sources including novels, films, documentaries, radio interviews, memoirs, and historical studies to reveal how five decades of representing and remembering decolonization fed into an unremembering by which some key notions were silenced or ignored. The author concludes that historians or the historical guild bear much responsibility for the unremembering of decolonization in Dutch collective memory.

Syntax of Dutch Hans Broekhuis, Norbert Corver, 2025-10-01 *The Syntax of Dutch* aims at presenting a synthesis of the currently available syntactic knowledge of Dutch. It is primarily concerned with language description and not with linguistic theory and provides support to all researchers interested in matters relating to the syntax of Dutch, including advanced students of language and linguistics. *Syntax of Dutch Verbs and Verb Phrases* consists of three volumes. Volume 1 opens with a general introduction to verbs, including a review of various verb classifications and discussions on inflection, tense, mood, modality, and aspect. This is followed by a comprehensive discussion of complementation, argument structure, and verb frame alternations. Volume 2 continues the discussion of complementation but is more specifically focused on clausal complements; the reader will find detailed discussions of finite and infinitival argument clauses, complex verb constructions, and verb clustering. Volume 3 concludes with a description of adverbial modification and the overall structure of clauses in relation to e.g. word order, verb placement, wh-movement, extraposition, phenomena, scrambling, etc.

Nederlands in culturele context Theodorus Albertus Johannes Maria Janssen, 1995 **The Black Lake** Hella S. Haasse, 2012-11-01 Amid the lush abundance of Java's landscape, two boys spend their days exploring the vast lakes and teeming forests. But as time passes, the boys come to realize that their shared sense of adventure cannot bridge the gulf between their backgrounds: for one is the son of a Dutch plantation owner and the other the son of a servant. Inevitably, as they grow up, they grow estranged, and it is not until years later that they meet again. It will be an explosive and emblematic meeting that marks them even more deeply than their childhood friendship did.
