Street Fight in Naples Peter Robb, 2012-07-05 Naples is always a shock flaunting beauty and squalor like nowhere else It is the only city in Europe whose ancient past still lives in its irrepressible people In 1503 Naples was the Mediterranean capital of Spain s world empire and the base for the Christian struggle with Islam It was a European metropolis matched only by Paris and Istanbul an extraordinary concentration of military power lavish consumption poverty and desperation It was to Naples in 1606 that Michelangelo Merisi fled after a fatal street fight and there released a great age in European art until everything erupted in a revolt by the dispossessed and the people of an occupied city brought Europe into the modern world Ranging across nearly three thousand years of Neapolitan life and art from the first Greek landings in Italy to the author s own less auspicious arrival thirty something years ago *Street Fight in Naples* brings vividly to life the tumultuous and at times tragic history of Naples
