My Life and Work Dr. Matthew N. O. Sadiku, 2018-09-14 In this book Dr Matthew N O Sadiku has shared the amazing story of how he rose from his humble beginnings in Nigeria He described how he was raised in a Muslim home After his conversion to Christianity his drive led him to relocate to the United States for advanced degrees He has provided a text that is lively from beginning to the end The book provides a good understanding of his life thought and work You will learn about what it takes to be a mover and shaker for God as you see Sadiku traverse the nation rising to success in the academic and publishing worlds The book is an essential reading for those interested in the genesis of greatness **Elementary**

Differential Equations and Boundary Value Problems William E. Boyce, Richard C. DiPrima, Douglas B.

Meade, 2021-10-19 *Elementary Differential Equations and Boundary Value Problems* 12th Edition is written from the viewpoint of the applied mathematician whose interest in differential equations may sometimes be quite theoretical sometimes intensely practical and often somewhere in between In this revision new author Douglas Meade focuses on developing students conceptual understanding with new concept questions and worksheets for each chapter Meade builds upon Boyce and DiPrima's work to combine a sound and accurate but not abstract exposition of the elementary theory of differential equations with considerable material on methods of solution analysis and approximation that have proved useful in a wide variety of applications The main prerequisite for engaging with the program is a working knowledge of calculus gained from a normal two or three semester course sequence or its equivalent Some familiarity with matrices will also be helpful in the chapters on systems of differential equations Catalog of Copyright Entries, Fourth Series Library of Congress.
