Four Faces Of Anger:

Four Faces of Anger Gertrude Gillette, 2010-06-07 *Four Faces of Anger* brings to the modern age wisdom on the topic of anger by four ancient authors. These authors are broadly representative of the classic views on anger in the tradition: Seneca, the first century A.D. stoic philosopher whose moral teaching won the admiration of pagans and Christians alike; even that of the irascible Jerome; Evagrius, who represents the monastic anchoritic tradition of the desert and its emphasis on the spiritual growth of the individual; Cassian, who trained in the same desert, shaped this tradition to speak to cenobites in the West. Our last author, Augustine, treats of the subject both as monastic legislator for his monks and as bishop for his lay congregation. His Rule for monks has one whole chapter devoted to the topic of how to deal with anger in a community setting. Although his initial ideas expressed in abstractions and ideals are important foundations for communal living, Augustine goes on to teach that the genuine work of building a loving and unified community is realized in the concrete struggles of human nature striving to overcome the tendencies of individualism and egoism. Anger, a force that often breaks down and prevents the growth of community, must eventually be squarely faced and, according to all of the monastic authors discussed in this book, the sooner the better. This chapter also includes several instances in Augustine's own life when he had to deal with anger in himself in his congregation or in the wider world that often solicited his help. The reader will soon realize that the Christian authors are not much interested in what anger is from a psychological perspective, though their treatment of anger is not entirely devoid of this element, but their focus is rather on how the vice of anger inhibits the spiritual growth of the soul and its relationship with God. Everyone, whether monastic or not, will glean from these pages the essential elements of detecting, eliminating, and controlling the negative side of this emotion.

Stress Management Through Ancient Wisdom and Modern Science Umesh Sharma, 2009 To craft *Stress Management Through Ancient Wisdom and Modern Science*, Dr. Umesh Sharma searched the world's spiritual and scientific literature to present us with his groundbreaking Kosha Model of Stress Management, unveiling ancient spiritual wisdom concealed for ages in the Vedas and Upanishads. The model takes us on a voyage of self-discovery and represents the best, most effective strategies for managing stress, the modern killer, shifting the paradigm away from its narrow western focus. The koshas are layers of spiritual selves within us, hurdles that come between us and realization of true and lasting happiness. Peeling away these five layers brings awareness, eventually enabling us to reach the innermost core, our true self. Dr. Sharma also explains why Adi Shankaracharya was stress-free, why CEOs and their executives are usually so stressed out, why most people are unhappy most of the time, where Osama will strike next, loving, laughing, and learning in the family, why our work is our joy, symbolism of the ten Avatars of Vishnu, and how they help us to attain bliss, yoga for executives, and daily mental diet for a stress-free life. This amazing book not only gives a unique recipe

for personal happiness achievement and inner peace but is also a treasure of quotations and insights that combat stress and even evoke humour the best medicine The Englishman's Hebrew and Chaldee concordance of the Old Testament[based on the unpubl. work of W.
