Frankenstein By Mary Shelley Original Classic Illustrated:

Classics Illustrated Deluxe #3 Mary Shelley, 2009-01-06 Mary Shelley's original novel *Frankenstein Or the Modern Prometheus* is not only a masterwork of horror but it's also considered to be one of the earliest science fiction stories ever. Even today its themes of man exerting god-like powers in order to create life from death remain a passionately debated topic as modern science continues its experiments with cloning DNA and stem cells. Marion Mousse brings the story of Dr Victor Frankenstein and his tragic monster to frightening new life in this all new comics adaptation with dark and brooding artwork that appeals to today's fans of cutting edge graphic novels. With the greater page length the CLASSICS ILLUSTRATED DELUXE provides so much more of the original novel is part of the adaptation which quite possibly makes this the best comics version yet. *Frankenstein (1831 version) by Mary Shelley - Delphi Classics (Illustrated)* Mary Shelley, 2017-07-17 This eBook features the unabridged text of *Frankenstein* by Mary Shelley. Robinson presents two versions of the classic novel as Mary Shelley originally wrote it and a subsequent version clearly indicating Percy Shelley's amendments and contributions. For the first time we can hear Mary's sole voice which is colloquial, fast-paced and sounds more modern to a contemporary reader. We can also see for the first time the extent of Percy Shelley's contribution: some 5,000 words out of 72,000 and his stylistic and thematic changes. His occasionally florid prose is in marked contrast to the directness of Mary's writing. Interesting too are Percy's suggestions which humanize the monster thus shaping many of the major themes of the novel as we read it today. In these two versions of *Frankenstein* we have an exciting new view of one of literature's greatest works. **Frankenstein by Mary Shelley: classics Illustrated Edition** mary shelley, 2021-08-11 This carefully crafted eBook *Frankenstein The Uncensored 1818 Edition* is formatted for your eReader with a functional and detailed table of contents. *Frankenstein or The Modern Prometheus* is the original 1818 Uncensored Edition of *Frankenstein* as first published anonymously in 1818. This original version is much more true to the spirit of the author's original intentions than the heavily revised 1831 edition edited by Shelley in part because of pressure to make the story more conservative. Many scholars prefer the 1818 text to the more common 1831 edition. *Frankenstein* is a

novel written by Mary Shelley about a creature produced by an unorthodox scientific experiment Shelley started writing the story when she was nineteen and the novel was published when she was twenty one Shelley had travelled in the region of Geneva where much of the story takes place and the topics of galvanism and other similar occult ideas were themes of conversation among her companions particularly her future husband Percy Shelley The storyline emerged from a dream Mary Percy Lord Byron and John Polidori decided to have a competition to see who could write the best horror story After thinking for weeks about what her possible storyline could be Shelley dreamt about a scientist who created life and was horrified by what he had made She then wrote *Frankenstein*
