

Fundamental Accounting Equation Problems and Solutions

Problem 1

Show that the accounting equation is satisfied after taking into consideration each of the following transactions in the books of Mr. N

1. Started business with capital 1,00,000
2. Bought furniture 25,000
3. Bought goods for cash 20,000
4. Bought goods from Ram on Credit 5,000
5. Sold goods for cash for 15,000
6. Sold goods to Shyam on credit 8,000
7. Paid cash to Ram 4,000
8. Received cash from Shyam 5,000
9. Paid Cash into Bank 25,000
10. Withdrawn from bank 10,000

Solutions

1.

Capital	+	Liabilities	=	Assets
1,00,000	+	0	=	1,00,000 (Cash)

2.

Capital	+	Liabilities	=	Assets
1,00,000	+	0	=	75,000 (Cash) + 25,000 (Furniture)

3.

Capital	+	Liabilities	=	Assets
1,00,000	+	0	=	55,000 (Cash) + 25,000 (Furniture) + 20,000 (Goods)

4.

Capital	+	Liabilities	=	Assets
1,00,000	+	5,000 (Ram)	=	55,000 (Cash) + 25,000 (Furniture) + 25,000 (Goods)

Fundamental Accounting Principles WILD, 2017-09-11 **Fundamental Accounting Principles** **Basic Accounting**

Interview Questions and Answers for Freshers - English Navneet Singh, Here are some basic accounting interview questions and answers that would be useful for freshers

- 1 What is accounting Answer Accounting is the systematic process of recording analysing and reporting financial transactions of a business It provides critical information for decision making ensuring that the financial performance and position of an organization are accurately represented
- 2 What are the different types of accounting Answer The main types of accounting include Financial Accounting Recording and reporting financial transactions to provide a clear financial picture to external stakeholders Management Accounting Providing information to managers for decision making planning and performance evaluation Cost Accounting Analysing the cost of production and operations to control expenses Tax Accounting Preparing tax returns and planning for future tax obligations
- 3 What are the fundamental accounting principles Answer The fundamental accounting principles include Accrual Principle Transactions are recorded when they occur not necessarily when cash is exchanged Consistency Principle The same accounting methods should be used from period to period Going Concern Principle Assumes that the business will continue to operate indefinitely Matching Principle Expenses should be matched with the revenues they help to generate Prudence Principle Revenues and profits are not anticipated but expenses and losses are provided for as soon as they are recognized
- 4 What is the accounting equation Answer The accounting equation is Assets = Liabilities + Equity This equation forms the foundation of double entry bookkeeping where every transaction affects at least two accounts
- 5 What is double entry bookkeeping Answer Double entry bookkeeping is an accounting system where each transaction is recorded in at least two accounts This system ensures that the accounting equation Assets = Liabilities + Equity always remains balanced For every debit entry there is a corresponding credit entry
- 6 What are financial statements Answer Financial statements are formal records of the financial activities of a business They include Balance Sheet Shows the company's financial position at a specific point in time Income Statement Reports the company's financial performance over a specific period Cash Flow Statement Provides information about the company's cash inflows and outflows over a period
- 7 What is depreciation Answer Depreciation is the process of allocating the cost of a tangible asset over its useful life It accounts for the wear and tear usage and obsolescence of the asset Common

methods of depreciation include straight line declining balance and units of production 8 What is a trial balance Answer A trial balance is a report that lists the balances of all general ledger accounts at a particular point in time It is used to verify that the total debits equal the total credits ensuring that the accounting entries are accurate 9 What is working capital Answer Working capital is the difference between a company's current assets and current liabilities It measures a company's short term liquidity and operational efficiency 10 What is the difference between accounts payable and accounts receivable Answer Accounts Payable AP Amounts a company owes to suppliers or creditors for goods or services received Accounts Receivable AR Amounts a company is owed by customers for goods or services delivered 11 What is a ledger Answer A ledger is a book or collection of accounts in which account transactions are recorded Each account has its own page showing all the debits and credits affecting it and the account's balance 12 What is a journal entry Answer A journal entry is a record of a financial transaction in the accounting journal Each entry consists of the date of the transaction the accounts involved the amounts to be debited and credited and a brief description of the transaction 13 What is accrual accounting Answer Accrual accounting is a method where revenue and expenses are recorded when they are earned or incurred regardless of when cash is exchanged This provides a more accurate picture of a company's financial position and performance 14 What is a balance sheet Answer A balance sheet is a financial statement that shows a company's assets liabilities and equity at a specific point in time It provides a snapshot of the company's financial condition 15 What is an income statement Answer An income statement also known as a profit and loss statement reports a company's revenues expenses and profits or losses over a specific period It shows how revenue is transformed into net income These questions and answers should provide a good foundation for freshers preparing for an accounting interview

Fundamental Accounting George Monroe Brett, 1928
Fundamentals of Accounting Sietse Bernard Koopman, Roy Bernard Kester, 1921 C.P.A. Review Answers, Covering Questions and Problems Presented in Book Entitled C.P.A. Review Clem Wetzell Collins, 1928 Beginner-Level Accountant Interview Questions and Answers - English Navneet Singh, Here are some beginner level accountant interview questions along with suggested answers 1 Tell me about yourself and why you chose accounting as a career Answer I graduated with a degree in Accounting because I've always had a knack for numbers and a strong attention to detail Accounting offers a structured way to analyse financial data and contribute to decision making processes within organizations I'm excited about the opportunity to apply my skills in a professional setting and grow within the field 2 What do you understand by the term double entry accounting Answer Double entry accounting is a fundamental principle where every financial transaction is recorded in at least two accounts a debit and a credit This ensures that the accounting equation Assets = Liabilities + Equity remains balanced For example when a company sells goods for cash it debits cash increasing asset and credits sales revenue increasing equity 3 How would you handle a situation where you discovered a discrepancy in financial records Answer If I discover a discrepancy I would first trace back the transactions to identify the source of the error I would review supporting

documents and seek clarification from relevant parties if needed Once the error is identified I would correct it promptly and ensure that proper controls are in place to prevent similar issues in the future

4 What are the basic financial statements Briefly explain each one Answer The basic financial statements include the Balance Sheet Income Statement and Cash Flow Statement Balance Sheet Shows the company's assets liabilities and shareholders equity at a specific point in time Income Statement Summarizes the revenues and expenses incurred over a specific period resulting in net income or loss Cash Flow Statement Tracks the inflows and outflows of cash and cash equivalents during a specific period categorized into operating investing and financing activities

5 How do you ensure accuracy and attention to detail in your work Answer I prioritize accuracy by meticulously reviewing financial data and reconciling accounts regularly I use accounting software and spreadsheets effectively to minimize errors and maintain detailed records Additionally I double check calculations and seek feedback from supervisors or peers when necessary to ensure accuracy

6 What accounting software are you familiar with Can you describe your experience with them Answer I am proficient in using mention specific software which I used extensively during my academic studies and internship I have experience with tasks such as recording transactions generating financial reports and reconciling accounts I am also open to learning new software and adapting to different accounting systems

7 How would you handle a situation where you disagree with your supervisor's approach to a financial issue Answer If I disagree with my supervisor's approach I will respectfully discuss my concerns presenting any supporting data or alternative solutions that I believe could be more effective I would focus on understanding their perspective and finding a mutually agreeable solution that aligns with the organization's goals and accounting standards

8 What do you understand about Generally Accepted Accounting Principles GAAP Answer GAAP refers to a set of standard accounting principles standards and procedures that companies use to prepare and present their financial statements These principles ensure consistency comparability and transparency in financial reporting Adhering to GAAP guidelines is crucial for accurate and reliable financial reporting

9 Can you explain the concept of depreciation Answer Depreciation is the systematic allocation of the cost of tangible assets over their useful lives It reflects the gradual reduction in the asset's value due to wear and tear obsolescence or use Depreciation expense is recorded on the income statement to match the asset's cost with the revenue it generates over time

10 How do you stay updated with changes in accounting standards and regulations Answer I stay updated with changes in accounting standards and regulations by regularly reading industry publications attending professional development seminars and participating in continuing education programs I also follow updates from regulatory bodies such as the Financial Accounting Standards Board FASB to ensure compliance with evolving accounting practices

These questions cover basic accounting principles skills and scenarios that are commonly discussed in entry level accountant interviews Tailor your answers based on your personal experiences and knowledge to showcase your suitability for the role

Financial Accounting Robert Nothhelfer, 2022-06-21 This book provides the only introduction to accounting

according to German GAAP in English This is helpful for students attending courses taught in English as well as for professionals in foreign subsidiaries of German companies The 2nd edition provides a new translation of relevant parts of the German Commercial Code updates the legal references and extends the exercises and case studies offered

Accounting Interview Questions with Answers - English Navneet Singh, Here are some common accounting interview questions along with detailed answers to help you prepare

- 1 Tell me about yourself and your background in accounting Answer I have a degree in accounting from University and I've worked in various accounting roles over the past X years My experience includes managing financial statements performing reconciliations and analysing financial data At Previous Company I was responsible for specific task or achievement where I describe the impact e.g streamlined processes improved accuracy etc I'm detail oriented and proficient in accounting software which has helped me effectively handle complex accounting tasks and contribute to the financial health of my previous employers
- 2 How do you handle tight deadlines and multiple priorities Answer I prioritize tasks based on their deadlines and importance I use project management tools to organize my workload and ensure that I allocate sufficient time to each task When faced with tight deadlines I break down larger tasks into smaller manageable steps and focus on completing them systematically Communication is key I keep stakeholders informed of progress and potential challenges If necessary I seek assistance or delegate tasks to ensure everything is completed on time without compromising quality
- 3 Describe a time when you identified and resolved a discrepancy in financial reports Answer In my previous role at Company I noticed a discrepancy between the bank statement and the company's cash ledger during a reconciliation process I investigated the issue by reviewing transactions and found that a few entries had been recorded incorrectly due to a data entry error I corrected the entries and updated the financial reports To prevent similar issues in the future I implemented additional checks and reconciliations to ensure accuracy This not only resolved the immediate discrepancy but also improved our reporting process
- 4 What accounting software are you familiar with Answer I'm proficient in several accounting software systems including Software Name 1 Software Name 2 and Software Name 3 For example at Previous Company I used Software Name 1 for managing financial transactions and generating reports I'm comfortable with data entry generating financial statements and using the reporting features of these tools I also adapt quickly to new software having successfully transitioned to New Software in my previous role
- 5 How do you ensure accuracy in your financial statements Answer To ensure accuracy in financial statements I follow a multi-step approach First I double check all data entries and reconcile accounts regularly to catch any discrepancies early I adhere to standardized accounting principles and review calculations carefully I also conduct thorough internal reviews and seek feedback from colleagues to identify any potential errors Additionally I stay updated with accounting standards and best practices to ensure compliance and accuracy
- 6 Can you explain the difference between accounts payable and accounts receivable Answer Accounts payable represents the company's obligations to pay off short-term debts to its creditors or suppliers It includes invoices and bills that the company

needs to settle Accounts receivable on the other hand represents money that the company is owed by its customers for goods or services provided on credit It includes outstanding invoices and the amounts due from clients In summary accounts payable is a liability while accounts receivable is an asset on the company s balance sheet 7 How do you stay current with changes in accounting regulations and standards Answer I stay current with changes in accounting regulations and standards by regularly reading industry publications attending webinars and professional development courses and participating in relevant accounting organizations I also follow updates from standard setting bodies such as the Financial Accounting Standards Board FASB and International Financial Reporting Standards IFRS This ensures that I m aware of any changes and can apply them to my work to maintain compliance 8 Describe your experience with financial forecasting and budgeting Answer In my previous role I was involved in the budgeting and forecasting process which included creating annual budgets and financial forecasts based on historical data and projected trends I worked closely with various departments to gather input and ensure that budget assumptions were accurate I also monitored actual performance against the budget and prepared variance reports to identify any discrepancies This experience helped me develop strong analytical skills and an understanding of how to use financial data to make informed business decisions 9 How do you handle confidential information Answer I handle confidential information with the utmost care and adhere to strict confidentiality protocols This includes using secure systems for storing and transmitting sensitive data restricting access to authorized personnel only and following company policies regarding data protection I also ensure that any physical documents containing confidential information are properly secured or shredded when no longer needed Maintaining confidentiality is crucial to protecting the company s financial integrity and trust 10 Why do you want to work for our company Answer I m impressed by Company s reputation for specific aspect e g innovation corporate culture growth opportunities and I believe that my skills and experience align well with the requirements of this role I m particularly excited about specific project initiative or value that Company is involved in because explain how it matches your interests or career goals I m eager to contribute to Company s success and grow professionally within such a dynamic and forward thinking organization
