Sánchez,2015-08-20 This is the most complete and thorough biography of Jose Raul Capablanca one of the greatest players in the history of chess Beginning with his family background birth childhood and introduction to the game in Cuba it examines his life and play as a young man follows his evolution as a player and rise to prominence first as challenger and then world champion his loss of the title to Alekhine and his efforts to recapture the championship in the last years of his too short life What emerges is a portrait of a complex man with far ranging interests and concerns in stark contrast to his robotic reputation as the chess machine Meticulously

researched utilizing many sources available only in Capablanca's home country it puts truth to legend regarding a man who stood astride the chess world in one of its most dynamic and dramatic eras Numerous games and diagrams complement the text as do a wealth of photographs Tal, Petrosian, Spassky and Korchnoi Andrew Soltis, 2018-12-06 This book describes the intense rivalry and collaboration of the four players who created the golden era when USSR chess players dominated the world More than 200 annotated games are included along with personal details many for the first time in English Mikhail Tal the roguish doomed Latvian who changed the way chess players think about attack and sacrifice Tigran Petrosian the brilliant henpecked Armenian whose wife drove him to become the world's best player Boris Spassky the prodigy who survived near starvation and later bouts of melancholia to succeed Petrosian but is best remembered for losing to Bobby Fischer and Evik Viktor Korchnoi whose mixture of genius and jealousy helped him eventually surpass his three rivals but fate denied him the title they achieved world champion

Chess Lessons Mark Dvoretsky, 2018-05-15 Success is a collection of problems solved I M Pei Architect In this his penultimate work legendary chess instructor Mark Dvoretsky 1947-2016 explores identifying and dealing with problems on the chessboard While working on the games that I have included in this book I have sought to uncover their core ideas which are important for a chessplayer's improvement and demonstrate them as vividly as possible Those may include both approaches to playing out certain typical situations and mastering various positional and tactical ideas as well as improving technical skills and training an ability to search for decisions and to make them on the basis of the precise calculation of variations The last two parts of the book are devoted to the specific forms of training that I routinely use during my lessons analysis of games in the form of solving a string of consecutive tasks and playing out of certain specially selected positions I hope that this book will be of help not only to high ranking players at whom it is primarily aimed but also to every reader who is serious about self improvement and wishes to understand problems that grandmasters and masters face over the board and the ways they solve them what are the reasons for errors they sometimes commit and how to avoid those mistakes Mark Dvoretsky from his Foreword

Max Euwe Isaak Linder, Vladimir Linder, 2017-04-10 The Gentleman Champion The fifth book of the World Chess Champions series focuses on the life and career of the Dutchman Max Euwe This soft spoken professor of mathematics rocked the chess world in 1935 when he defeated the seemingly irresistible force Alexander Alekhine to become world champion Many chessplayers thought this was an upset of the first

magnitude Hardly Euwe was at his prime and the best in the world at the time In fact Euwe posted a plus score against Alekhine in the four games they played between the 1935 and 1937 matches As noted by Andy Soltis in his foreword These pages are rich in detail and not just about Euwe There are extensive mini biographies of Alekhine Botvinnik Bogoljubow Spielmann Capablanca Paul Keres G za Mar czy Flohr Vera Menchik and R ti as well as less known players such as Edgard Colle Jan Hein Donner and Salo Landau The photos and drawings and those caricatures are also remarkable The venerable fifth world champion was also a first class arbiter author and chess diplomat As an author he is regarded as one of the two or three finest chess writers for the average player He was also president of the International Chess Federation FIDE at the time of the Fischer Spassky title match in 1972 Were it not for Euwe s persuasive patient handling of the difficult negotiations between the Russians and Americans it is very likely that the match would not have taken place at all Join Russian historians Isaak and Vladimir Linder as they take you on a journey exploring the life and games of the gentleman world champion Max Euwe The Magic Tactics of Mikhail Tal Karsten Muller, Raymund Stulze, 2014-03-07 Mikhail Tal was one of the greatest geniuses of chess history The magician from Riga as he was known because of his dazzling attacking games took the chess world by storm and in 1961 at the age of twenty three he won the world championship His sacrificial style made Tal immensely popular with chess players all over the world In this book Grandmaster Karsten Muller and chess journalist Raymund Stolze have created an instructional chess tactics guide by investigating and explaining the secrets of his breathtaking combinations Moreover the authors have selected from the games Tal played one hundred exercises which will teach amateurs how they can finish a game with a stunning sacrifice *Smyslov, Bronstein, Geller, Taimanov and Averbakh* Andrew Soltis, 2022-02-24 A crucial decision spared chess Grandmaster David Bronstein almost certain death at the hands of the Nazis one fateful move cost him the world championship Russian champion Mark Taimanov was a touted as a hero of the Soviet state until his loss to Bobby Fischer all but ruined his life Yefim Geller s dream of becoming world champion was crushed by a bad move against Fischer his hated rival Yuri Averbakh had no explanation how he became the world s oldest grandmaster other than the quixotic nature of fate Vasily Smyslov the only one of the five to become world champion would reign for just one year fortune he said gave him pneumonia at the worst possible time This book explores how fate played a capricious role in the lives of five of the greatest players in chess history
