Gender Ideas Interactions Institutions

Louise Richardson-Self

Gender Ideas Interactions Institutions:

Gender Lisa Wade, Myra Marx Ferree, 2015 A lively exploration of current questions of gender and their application to students today Gender Lisa Wade, Myra Marx Ferree, 2018 An instant best seller and now the leading book for the course Wade and Ferree's *Gender* is a sophisticated yet accessible introduction to sociological perspectives on gender Drawing on memorable examples mined from history pop culture and current events *Gender* deftly moves between theoretical concepts and applications to everyday life New discussions of metoo toxic masculinity and gender politics in the Trump era help students participate in today's conversation about gender The new gold standard for sociology of gender courses Gender: Ideas, Interactions, Institutions (Second Edition) Lisa Wade, Myra Marx Ferree, 2019 *Gender: Ideas, Interactions, Institutions, 2e + Assigned: Life with Gender* Lisa Wade, Myra Marx Ferree, Douglas Hartmann, Christopher Uggen, 2018-12-04 **Gender and Sexuality in the Classroom** Marni Brown, Baker A. Rogers, Martha Caldwell, 2022-05-30 Create a more gender inclusive climate in your classroom and school This important book breaks down issues of gender and sexuality at the individual interactional and institutional level and shows how you can cultivate an atmosphere of acceptance and belonging for all students You'll learn key concepts and terms educators need to know to support students how gender and sexuality identities develop and influence mental health why we should take an intersectional approach with students and the importance of creating psychological safety in the classroom You'll also gain practical suggestions on how to disrupt unconscious bias represent diverse voices counteract microaggressions use gender neutral language and preferred pronouns address gender bullying provide safe zones and craft inclusive school statements Each chapter contains examples anecdotes from teachers and students best practices and resources to help you along the way Appropriate for educators of all grade levels this book's clear helpful advice will help you ensure that your students feel visible affirmed and safe so they can thrive in school and beyond **The Routledge Handbook of Islam and Gender** Justine Howe, 2020-11-09 Given the intense political scrutiny of Islam and Muslims which often centres on gendered concerns *The Routledge Handbook of Islam and Gender* is an outstanding reference source to key topics problems and debates in this exciting subject Comprising over 30 chapters by a team of international contributors the Handbook is divided into seven parts Foundational texts in historical and contemporary contexts Sex sexuality and gender difference Gendered piety and authority Political and religious displacements Negotiating law ethics and normativity Vulnerability care and violence in Muslim families Representation commodification and popular culture These sections examine key debates and problems including feminist and queer approaches to the Qur'an hadith Islamic law and ethics Sufism devotional practice pilgrimage charity female religious authority global politics of feminism material and consumer culture masculinity fertility and the family sexuality sexual rights domestic violence marriage practices and gendered representations of Muslims in film and media *The Routledge Handbook of Islam and Gender* is essential reading for students and researchers in religious studies Islamic studies and gender studies

The Handbook will also be very useful for those in related fields such as cultural studies area studies sociology anthropology and history **Threshold Concepts in Women's and Gender Studies** Christie Launius,Holly Hassel,2018-02-20

Threshold Concepts in Women's and Gender Studies Ways of Seeing Thinking and Knowing is a textbook designed primarily for introduction to Women's and Gender Studies courses with the intent of providing both skills and concept based foundation in the field The text is driven by a single key question What are the ways of thinking seeing and knowing that characterize Women's and Gender Studies and are valued by its practitioners Rather than taking a topical approach Threshold Concepts develops the key concepts and ways of thinking that students need in order to develop a deep understanding and to approach material like feminist scholars do across disciplines This book illustrates four of the most critical concepts in Women's and Gender Studies the social construction of gender privilege and oppression intersectionality and feminist praxis and grounds these concepts in multiple illustrations The second edition includes a significant number of updates revisions and expansions the case studies in all five chapters have been revised and expanded as have the end of chapter elements statistics have been updated and numerous references to significant news stories and cultural developments of the past three years have been added Finally many more callbacks to previous chapters have been incorporated throughout the textbook in order to remind students to carry forward and build upon what they have learned about each threshold concept even as they move on to a new one Teaching Gender and Sex in Contemporary America

Teaching Gender and Sex in Contemporary America Kristin Haltinner,Ryanne Pilgeram,2016-04-28 This book provides innovative pedagogy theory and strategies for college and university professors who seek effective methods and materials for teaching about gender and sex to today's students It provides thoughtful reflections on the new struggles and opportunities instructors face in teaching gender and sex during what has been called the post feminist era Building off its predecessor Teaching Race and Anti Racism in Contemporary America this book offers complementary classroom exercises for teachers that foster active and collaborative learning Through reflecting on the gendered dimensions of the current political economic and cultural climate as well as presenting novel lesson plans and classroom activities Teaching Gender and Sex in Contemporary America is a valuable resource for educators Routledge Handbook of NGOs and International Relations Thomas Davies,2019-04-09 Offering insights from pioneering new perspectives in addition to well established traditions of research this Handbook considers the activities not only of advocacy groups in the environmental feminist human rights humanitarian and peace sectors but also the array of religious professional and business associations that make up the wider non governmental organization NGO community Including perspectives from multiple world regions the book takes account of institutions in the Global South alongside better known structures of the Global North International contributors from a range of disciplines cover all the major aspects of research into NGOs in International Relations to present a comprehensive overview of the historical evolution of NGOs the range of structural forms and international networks coverage of major theoretical perspectives illustrations of how NGOs

are influential in every prominent issue area of contemporary International Relations evaluation of the significant regional variations among NGOs and how regional contexts influence the nature and impact of NGOs analysis of the ways NGOs address authoritarianism terrorism and challenges to democracy and how NGOs handle concerns surrounding their own legitimacy and accountability Exploring contrasting theories regional dimensions and a wide range of contemporary challenges facing NGOs this Handbook will be essential reading for students scholars and practitioners alike

Antidemocracy in America Eric Klinenberg, Sharon Marcus, Caitlin Zaloom, 2019-06-25 On Election Day in 2016 it seemed unthinkable to many Americans that Donald Trump could become president of the United States But the victories of the Obama administration hid from view fundamental problems deeply rooted in American social institutions and history The election's consequences drastically changed how Americans experience their country especially for those threatened by the public outburst of bigotry and repression Amid the deluge of tweets and breaking news stories that turn each day into a political soap opera it can be difficult to take a step back and see the big picture To confront the threats we face we must recognize that the Trump presidency is a symptom not the malady Antidemocracy in America is a collective effort to understand how we got to this point and what can be done about it Assembled by the sociologist Eric Klinenberg as well as the editors of the online magazine Public Books Caitlin Zaloom and Sharon Marcus it offers essays from many of the nation's leading scholars experts on topics including race religion gender civil liberties protest inequality immigration climate change national security and the role of the media Antidemocracy in America places our present in international and historical context considering the worldwide turn toward authoritarianism and its varied precursors Each essay seeks to inform our understanding of the fragility of American democracy and suggests how to protect it from the buried contradictions that Trump's victory brought into public view

The Routledge Handbook of Contemporary Feminism Tasha Oren, Andrea Press, 2019-05-16 Feminism as a method a movement a critique and an identity has been the subject of debates contestations and revisions in recent years yet contemporary global developments and political upheavals have again refocused feminism's collective force What is feminism now How do scholars and activists employ contemporary feminism What feminist traditions endure Which are no longer relevant in addressing contemporary global conditions In this interdisciplinary collection scholars reflect on how contemporary feminism has shaped their thinking and their field as they interrogate its uses limits and reinventions Organized as a set of questions over definition everyday life critical intervention and political activism the Handbook takes on a broad set of issues and points of view to consider what feminism is today and what current forces shape its future development It also includes an extended conversation among major feminist thinkers about the future of feminist scholarship and activism The scholars gathered here address a wide variety of topics and contexts activism from post Soviet collectives to the Arab spring to the MeToo movement sexual harassment feminist art film and digital culture education technology policy sexual practices and gender identity Indispensable for scholars undergraduate and postgraduate students

in women gender and sexuality the collection offers a multidimensional picture of the diversity and utility of feminist thought in an age of multiple uncertainties *Inequalities and the Paradigm of Excellence in Academia* Fiona Jenkins, Barbara Hoenig, Susanne Maria Weber, Andrea Wolfram, 2022-06-30 This volume examines the criteria of excellence producing inequalities of gender in the daily working environment and evaluation of academics Policymakers have increasingly placed emphasis on gender equality as part of a strategy for achieving research excellence and efforts to reduce gender bias have become mainstream This book suggests that this goal has remained elusive in practice due to continuing underrepresentation of women across many academic and scientific fields Questioning the old structures of male dominance still prevalent in national research policy the book explores the effects of institutional values and practices on the careers of academics particularly the academic identities of women and their career developments It focuses on case studies drawn from Europe while also highlighting the rise of new forms of public management and a neoliberal framing of the value of academic work that have a much broader global reach Using participatory research the book analyses contemporary forms of gendered excellence in an intersectional and international perspective It will be of interest to junior senior researchers teachers and scholars in sociology education gender studies history political science and science and technology studies

Outskirts D'Lane R. Compton, Amy L. Stone, 2024-04-30 Celebrates diverse queer experiences on society's margins Outskirts addresses the diverse and intricate aspects of the queer experience on the periphery of the social world From the Korean spa to the Carnival krewes to new sexual identities this volume asks important questions about the atypical places spaces and identities that are an important part of LGBTQ life in the United States By bringing together scholars specializing in the less visible facets of queer culture the book offers valuable insights that contribute to a deeper understanding of queer perspectives and their impact on the discipline of sociology The volume challenges researchers to focus on diversity and complexity of the queer experience in the fringe to inform larger sociological questions and contribute to the field of sociology Most simply put what is it that we learn from studying at the margins The essays in Outskirts focus on the influence of place both physical and virtual within institutional settings and in situations of placelessness This attention to non-normative spaces and identities enriches the collective knowledge of LGBTQ experiences and offers a compelling narrative that pushes the boundaries of sociological inquiry and highlights the importance of queer voices on the fringes of society

Security Studies Paul D Williams, Matt McDonald, 2018-03-07 Security Studies An Introduction 3rd edition is the most comprehensive textbook available on the subject providing students with an essential grounding in the debates frameworks and issues on the contemporary security agenda This new edition has been comprehensively revised and updated with new chapters added on poststructuralism postcolonialism securitization peace and violence development women peace and security cybersecurity and outer space Divided into four parts the text provides students with a detailed accessible overview of the major theoretical approaches key themes and most significant issues within security studies Part 1 explores the main

theoretical approaches from both traditional and critical standpoints Part 2 explains the central concepts underpinning contemporary debates Part 3 presents an overview of the institutional security architecture Part 4 examines some of the key contemporary challenges to global security Collecting these related strands into a single textbook creates a valuable teaching tool and a comprehensive accessible learning resource for undergraduates and MA students Perspectives on Social and Material Fractures in Care Greer, Colleen R., Peterson, Debra F., 2024-02-12 The COVID 19 pandemic functioned as a stark illuminator exposing the deep seated cracks in social and material support for those in caregiving roles Despite the resilience of care workers and essential personnel the lack of robust connections and infrastructure became apparent impacting these individuals but resonating across the broader public The pandemic laid bare the lengths people must go to care for others and the urgent need for interconnectedness and support within caregiving realms Perspectives on Social and Material Fractures in Care offers a multi disciplinary exploration of care drawing on existing theoretical frameworks empirical research and personal stories By navigating the complexities of care at various levels the book aims to provide a profound understanding of the current state of affairs Moreover it does not stop at diagnosis it seeks to propel the conversation forward by delving into ethical intersectional and life sustaining approaches to enhance the very fabric of caregiving As we confront the pressing issues surrounding who receives care who is expected to care and the seemingly off limits aspects of societal concern the book becomes a vital resource for academics higher education professionals and students eager to grasp the intricate dynamics of care in the contemporary United States **When Rape was Legal** Rachel A. Feinstein, 2018-09-03 *When Rape was Legal* is the first book to solely focus on the widespread rape perpetrated against enslaved black women by white men in the United States The routine practice of sexual violence against enslaved black women by white men the motivations for this rape and the legal context that enabled this violence are all explored and scrutinized Enlightening analysis found that rape was not merely a result of sexual desire and opportunity or simply a form of punishment and racial domination but instead encompassed all of these dimensions as part of the identity of white masculinity This provocative text highlights the significant role that white women played in enabling sexual violence against enslaved black women through a variety of responses and at times through their lack of response to the actions of the white men in their lives Significantly this book finds that sexual violence against enslaved black women was a widespread form of oppression used to perform white masculinity and reinforce an intersectional hierarchy Additionally white women played a vital role by enabling this sexual violence and perpetuating the subordination of themselves and those subordinate to them *Gendered Lives* Nadine T. Fernandez, Katie Nelson, 2022-01-01 *Gendered Lives* takes a regional approach to examine gender issues from an anthropological perspective with a focus on globalization and intersectionality Chapters present contributors ethnographic research contextualizing their findings within four geographic regions Latin America the Caribbean South Asia and the Global North Each regional section begins with an overview of the broader historical social and gendered contexts which

situate the regions within larger global linkages These introductions also feature short project people profiles that highlight the work of community leaders or non governmental organizations active in gender related issues Each research based chapter begins with a chapter overview and learning objectives and closes with discussion questions and resources for further exploration This modular regional approach allows instructors to select the regions and cases they want to use in their courses While they can be used separately the chapters are connected through the book s central themes of globalization and intersectionality An OER version of this course is freely available thanks to the generous support of SUNY OER Services Access the book online at <https://milneopentextbooks.org/gendered-lives-global-issues>

The Spectrum of Sex Hida Viloria, Maria Nieto, 2020-02-21 This transformative guide completely breaks down our current understanding of biological sex and gender diversity Introducing readers to seven variations of human sex commonly considered intersex the book challenges the myth that sex and gender are exclusively binary and explores the inherent diversity of biological sex and its relationship to gender identity and expression and the impact this has on society Examining historical linguistic and socio cultural understandings of sex and gender as well as genetic and scientific definitions the book is an important resource for dismantling gender and sexuality based discrimination and promoting understanding and inclusivity Co written by one of the world s leading intersex activists and a highly respected scholar in biological sciences and accompanied with detailed anatomical illustrations throughout this pioneering text is the essential introduction to gender and sex diversity for gender studies women s studies biology and genetics courses as well as professionals working with intersex and trans communities

Hate Speech against Women Online Louise Richardson-Self, 2021-10-01 Why are women so frequently targeted with hate speech online and what can we do about it Psychological explanations for the problem of woman hating overlook important features of our social world that encourage latent feelings of hostility toward women even despite our consciously held ideals of equality Louise Richardson Self investigates the woman hostile norms of the English speaking internet the rules of engagement in these social spaces and the narratives we tell ourselves about who gets to inhabit such spaces It examines the dominant imaginings images impressions stereotypes and ideas of women that are shared in acts of hate speech highlighting their emotional stickiness But offering strategies through which we may reimagine our norms of online engagement the stories that justify those norms and the logic that makes sense of it all this book shows how we can create alternative visions of what it means to take up online space as a woman and to ensure that women are seen as entitled to be there By exploring aspects of social imaginaries theory and applying it to the problem of hate speech against women online this book illuminates why woman hating has become such a prominent feature of this environment and how we can make these spaces safer for women

Expanding the Rainbow Brandy L. Simula, J.E. Sumerau, Andrea Miller, 2020-03-09 Expanding the Rainbow is the first comprehensive collection of research on the relationships of people who identify as bi poly kinky asexual intersex and or trans that is written to be accessible to an undergraduate audience The volume highlights a diverse range of identities

relationship structures and understandings of bodies sexualities and interpersonal relationships Contributions to the volume include original empirical research personal narratives and reflections and theoretical pieces that center the experiences of members of these communities as well as teaching resources Collectively the chapters present a diverse nuanced and empirically rich picture of the variety of relationships and identities that individuals are creating in the twenty first century
