Japan's Motorcycle Wars Jeffrey W. Alexander, 2009-01-01 For decades the crown jewels of Japan's postwar manufacturing industry motorcycles remain one of Japan's top exports Japan's Motorcycle Wars assesses the historical development and societal impact of the motorcycle industry from the influence of motor sports on vehicle sales in the early 1900s to the postwar developments that led to the massive wave of motorization sweeping the Asia Pacific region today Jeffrey Alexander brings a wealth of information to light providing English translations of transcripts industry publications and company histories that have until now been available only in Japanese By exploring the industry as a whole he reveals that Japan's motorcycle industry was characterized not by communitarian success but by misplaced loyalties technical disasters and brutal competition

Six Men Built the Modern Auto Industry Richard Alan Johnson, This is the story of six extraordinary men who each built something from nothing redefined the automotive industry after World War II and redirected its course for the future Henry Ford II visionary autocrat with an iron will Shoichiro Honda most successful automotive entrepreneur since Henry Ford I Eberhard von Kuenheim founder of the modern BMW Lee Iacocca Ferdinand Piech builder of Volkswagen Group and Robert Lutz who left retirement at 70 and is still highly influential at General Motors What made them special was the sheer volume of fundamental change they brought to the largest industry in the history of the world They not only re-shaped the auto business the six made a sizable dent in the societies they lived in To a man they were great cognitive thinkers Their minds worked with animal speed even instinct speed But more than anything these were brave and cantankerous souls who rode the waves of history Each could see the future They could just make it out sometimes imperfectly but could see it nonetheless They took a business that had begun to mature and decline by the 1930s and found ways to make it fresh and whole again The compelling story of the global car business over the past half century A lively and engaging narrative that recounts some times collaborative sometimes archly antagonistic interactions among the men Full of business revelations at the highest level written by a journalist operating at the heart of the industry Global appeal that shows how automotive groups in the USA Europe and Asia have influenced each other A business story interlaced with personal details that explains why the six were determined to be successful About the Author For two decades Richard Johnson has worked for Crain Communications publisher of the world's leading automotive business publications Founding editor of Crain's Automotive News Europe he has been a reporter and editor for the group in Detroit Tokyo Frankfurt and London He is currently a senior editor with Automotive News in Detroit and regularly talks to the most senior executives in the leading car manufacturing groups

Japan in the Age of Globalization Carin Holroyd, Ken Coates, 2012-06-12 The multiple and diverse forces of globalization have indeed affected Japan significantly over the past decades But so it must be said has Japan influenced a variety of critical global developments globalization is not a one way street particularly for a nation as economically influential and technologically advanced as Japan The chapters in this collection examine the impact

of globalization on Japan and the impact of Japan on the forces of globalization from the various disciplinary perspectives of business the economy politics technology culture and society They also explain the manner in which the nation has responded to the economic and cultural liberalization that has been such a profound force for change around the globe This comprehensive collected works brings the latest research to bear on this important subject and provides evidence of the long history of global influences on Japan and Japanese impacts on the rest of the world This book will be of interest to students and scholars of globalization Japanese Studies and Asian Studies *Comeback* Paul Ingrassia, Joseph B.
