House Of Bush House Of Saud The Secret Relationship Between The Worlds Two Most Powerful Dynasties:

House of Bush, House of Saud Craig Unger, 2005 A controversial 30 year analysis of the ties between the Bush Saudi families and terrorism House of Bush, House of Saud Craig Unger, 2004-10-05 Newsbreaking and controversial an award winning investigative journalist uncovers the thirty year relationship between the Bush family and the House of Saud and explains its impact on American foreign policy business and national security House of Bush House of Saud begins with a politically explosive question How is it that two days after 9 11 when U S air traffic was tightly restricted 140 Saudis many immediate kin to Osama Bin Laden were permitted to leave the country without being questioned by U S intelligence The answer lies in a hidden relationship that began in the 1970s when the oil rich House of Saud began courting American politicians in a bid for military protection influence and investment opportunity With the Bush family the Saudis hit a gusher direct access to presidents Reagan George H W Bush and George W Bush To trace the amazing weave of Saud Bush connections Unger interviewed three former directors of the CIA top Saudi and Israeli intelligence officials and more than one hundred other sources His access to major players is unparalleled and often exclusive including executives at the Carlyle Group the giant investment firm where the House of Bush and the House of Saud each has a major stake Like Bob Woodward s *The Veil* Unger s *House of Bush House of Saud* features unprecedented reportage like Michael Moore s *Dude Where s My Country* Unger s book offers a political counter narrative to official explanations this deeply sourced account has already been cited by Senators Hillary Rodham Clinton and Charles Schumer and sets 9 11 the two Gulf Wars and the ongoing Middle East crisis in a new context What really happened when America s most powerful political family became seduced by its Saudi counterparts **Noble Cause Corruption, the Banality of Evil, and the Threat to American Democracy, 1950-2008** John DiJoseph, 2010-04-12 Noble Cause Corruption the Banality of Evil and the Threat to American Democracy 1950 2008 is a probe of the mindset of American government officials from presidents of the United States on down who decided that necessity required that the American democracy had to be defended by actions and policies that were contrary to the traditional ideals of the democracy The emphasis is on the activities of the U S military and intelligence agencies The probe relies for its historical data on well recognized previously published reports and histories The probe is unique in that it focuses on the mindset of the individuals involved The analysis of the mindset ranges from Aristotle the latest research of mental health professionals to the insights of thinkers Edmund Burke Reinhold Niebuhr Friedrich Meinecke and George Kennan The conclusions reached are disturbing the defense of the democracy has been a failure and the mindset of the officials has continued to the present day and does not bode well for the future of the democracy The American Deep State Peter Dale Scott, 2017-05-02 Now in a new edition updated through the unprecedented 2016 presidential election this provocative book makes a compelling case for a hidden deep state that influences and often opposes official U S policies Prominent political analyst Peter Dale Scott begins by tracing America s increasing militarization restrictions on

constitutional rights and income disparity since World War II With the start of the Cold War he argues the U S government changed immensely in both function and scope from protecting and nurturing a relatively isolated country to assuming ever greater responsibility for controlling world politics in the name of freedom and democracy This has resulted in both secretive new institutions and a slow but radical change in the American state itself He argues that central to this historic reversal were seismic national events ranging from the assassination of President Kennedy to 9 11 Scott marshals compelling evidence that the deep state is now partly institutionalized in non accountable intelligence agencies like the CIA and NSA but it also extends its reach to private corporations like Booz Allen Hamilton and SAIC to which 70 percent of intelligence budgets are outsourced Behind these public and private institutions is the influence of Wall Street bankers and lawyers allied with international oil companies beyond the reach of domestic law Undoubtedly the political consensus about America s global role has evolved but if we want to restore the country s traditional constitutional framework it is important to see the role of particular cabals such as the Project for the New American Century and how they have repeatedly used the secret powers and network of Continuity of Government COG planning to implement change Yet the author sees the deep state polarized between an establishment and a counter establishment in a chaotic situation that may actually prove more hopeful for U S democracy

Prophets and Princes Mark Weston,2008-07-28 Saudi Arabia oil rich devoutly Muslim and a vital ally To many in the West Saudi Arabia is easy to criticize It is the birthplace of Osama bin Laden and fifteen of the nineteen 9 11 hijackers Saudi women are not permitted to drive work with men or travel without a man s permission Prior to 9 11 the Saudis sent millions of dollars abroad to schools that taught Muslim extremism and to charities that turned out to be fronts for al Qaeda In **Prophets and Princes** a highly respected scholar who has lived in Saudi Arabia contends that despite these serious shortcomings the kingdom is still America s most important ally in the Middle East a voice for moderation toward Israel and a nation with a surprising ability to make many of the economic and cultural changes necessary to adjust to modern realities Author Mark Weston offers an objective and balanced history of the only nation on earth named after its ruling family Drawing on interviews with many Saudi men and women Weston portrays a complex society in which sixty percent of Saudi Arabia s university students are women and citizens who seek a constitutional monarchy can petition the king without fear of reprisal Filled with new and underreported information about the most controversial aspects of life in Saudi Arabia **Prophets and Princes** is a must read for anyone interested in the Middle East oil Islam or the war on terror

Oil, Power, and War Matthieu Auzanneau,2018-11-06 Catholic Herald Book Awards 2019 Finalist Current Affairs Auzanneau has created a towering telling of a dark and dangerous addiction Nature The story of oil is one of hubris fortune betrayal and destruction It is the story of a resource that has been undeniably central to the creation of our modern culture and ever present during the darkest exploits of empire the world over For the past 150 years oil has become the most essential ingredient for economic military and political power And it has brought us to our present moment in which political

leaders and the fossil fuel industry consider extraordinary and extraordinarily dangerous policy on a world stage marked by shifting power bases Upending the conventional wisdom by crafting a people s history award winning journalist Matthieu Auzanneau deftly traces how oil became a national and then global addiction outlines the enormous consequences of that addiction sheds new light on major historical and contemporary figures and raises new questions about stories we thought we knew well What really sparked the oil crises in the 1970s the shift away from the gold standard at Bretton Woods or even the financial crash of 2008 How has oil shaped the events that have defined our times two world wars the Cold War the Great Depression ongoing wars in the Middle East the advent of neoliberalism and the Great Recession among them With brutal clarity *Oil Power and War* exposes the heavy hand oil has had in all of our lives and illustrates how much heavier that hand could get during the increasingly desperate race to control the last of the world s easily and cheaply extractable reserves

Michael Moore's Fahrenheit 9/11 Robert Brent Toplin,2006 Examines the development of Michael Moore s ideas and the evolution of his filmmaking then dissects Fahrenheit 9 11 and explores the many claims and disagreements about the movie s truthfulness This study shows that Michael Moore s film did more than shake up a nation *Attempt to Uproot Sunni-Arab Influence* Nabil Khalifé,2017-01-24 In the aftermath of popular uprisings that unleashed the quest for freedom Arab governments scrambled to limit sectarian divisions though much of these efforts came to naught Regrettably weak governments fell into carefully laid traps aimed to divide and rule Protracted wars further destroyed Arab wealth and cohesiveness and Sunni communities saw their power bases marginalised On cue and predicted by some commentators extremist movements like the so called Islamic State emerged targeting Sunnis with extreme violence In 2014 Nabil Khalife an established Lebanese thinker published a widely praised thesis that identified the root causes of renewed sectarian tensions at a time when confrontations polarised awakened Arab societies Based on an extensive discussion of the 1979 Iranian Revolution that toppled the Shah Khalife advanced the notion that the revolution was not Islamic but an Iranian Shiah rebellion that ended the Pahlavi military monarchy and that the post 2011 Sunni Shiah struggle was planned by leading Western powers including Russia to preserve Israel and impose the latters acceptance in the Middle East as a natural element In this translation of *Istihdaf Ahl al Sunna Targeting Sunnis* Joseph A Kechichian analyses the fundamental questions raised by the author to better place the current sectarian collision in a geo strategic global perspective Based on the books avowals of how the worlds three monotheistic religions perceive each other and Political Sunnism Kechichian assesses Henry Kissinger s famous appellation of the Middle World that houses significant and indispensable oil resources and why that allegedly makes it Political Sunnism dangerous In a comprehensive introduction to the translation he describes various initiatives that led global powers to check the undeniable force of Political Sunnism *The Secrets of the Kingdom* Hugh B. Urban,2007-03-09 The presidency of George W Bush contains at its very heart a fundamental paradox and apparent contradiction On the one hand this is the most outspokenly religious president in U S history a man who claims to be called

by God to lead our country Yet at the same time this is also the most secretive administration in U S history displaying an intense preoccupation with information control an obsession with secrecy more extreme than the Nixon White House The Secrets of the Kingdom is the first book to critically examine the complex relationship between faith and concealment in the Bush White House The apparent contradiction between religion and secrecy in this administration the book argues is really only that an apparent one In fact religion and secrecy not only co existent in this White House they are intimately intertwined For both are ultimately about power namely the power that comes from the appeal to a divine authority and the power that comes from the calculated control of valuable information The result of this mix of religious fervor and obsessive secrecy has been an unprecedented assertion of executive power and defiance of public or congressional oversight Ultimately such a blending of religious faith and government secrecy has little in common with the model of democracy outlined in our Constitution on the contrary this is its very undoing America, History and Life ,2005 Article abstracts and citations of reviews and dissertations covering the United States and Canada

Narrowly Elected Presidents Vickie L. Harley,2008
The American Spectator ,2004 **Family of Secrets** Russ Baker,2009 After eight disastrous years George W Bush leaves office as one of the most unpopular presidents in American history Baker goes deep behind the scenes to deliver an arresting new look at the Bush legacy and the network of figures in intelligence military finance and oil who enabled the Bush family's rise to power The New York Times Index ,2005 Books Out Loud ,2007 **IPI Global Journalist** ,2004
