six months in a rolling fog In *Even If You Were Told* she shares her story about the three major life altering events that she experienced Thompson faced the unthinkable a destructive tornado cardiac medical issues and a divorce with no choice but to walk through six months of brutal torment that completely shattered the life she loved Instead of going it alone she chose to lace up her boots and walk through the fire with God by her side In this testimony she tells how the outcome was nothing short of miraculous If you had warned her of these events she would have never believed you much less predicted how they would unfold But this is a story of survival and of defeating darkness through hope of overcoming life when it doesn't play fair all by the grace and love of God
