goals and values As the Chief AI Officer at Cybraics Inc Richard Heimann knows from experience that AI specific strategies are often bad for business Doing AI is his comprehensive guide that will help readers understand AI avoid common pitfalls and identify beneficial applications for their companies This book is a must read for anyone looking for clarity and practical guidance for identifying problems and effectively solving them rather than getting sidetracked by a shiny new solution that doesn't solve anything

Encyclopedia of Environmental Analysis and Remediation, Volume 7 Robert A. Meyers,1998-03-23 With the growing concern over the environment new industries and research areas have been developed to identify monitor regulate and legislate environmental interactions as well as to determine and repair existing environmental damage For both the expert and the newcomer a quick convenient and comprehensive source is needed to answer questions on the rapidly increasing amount of environmental information The Encyclopedia of Environmental Analysis and Remediation EEAR responds to this need by providing the reader with an in depth examination of the environmental analysis and remediation fields in a single eight volume reference source
