Human-Animal Relations in Tourism, Leisure and Development Carlos Monterrubio, Xavier López-Medellín, Katherine Dashper, Helen Wadham, 2025-04-17 Humans and animals have developed multiple and complex interactions in the fields of tourism leisure and development However much of the existing research on how humans and animals interact in these fields has emerged from within the context of developed countries As a result little has been documented about human animal interactions in the socioeconomic cultural and environmental contexts of countries in the Global South Specifically the diversity and complexity of interspecies relationships in tourism leisure and local development in Latin America have been largely ignored in Anglo Saxon literature This has resulted in a limited partial and hegemonic understanding and debate about human animal relationships globally dominated by certain regions of the world This book addresses this gap by documenting multiple and complex relationships between humans and animals in the fields of tourism leisure and local development in countries in Latin America

Animals as Experiencing Entities Michael J. Glover, Les Mitchell, 2024-03-04 This volume explores the experiences of those with little or no power usually although not exclusively animals The theme of animals as experiencing entities is what links the chapters and characterises the volume Broadly each

author in this volume contributes in one of two ways The first group in Section 1 theoretically engages animal subjectivity animal experiences and ways in which these are to some extent accessible and knowable to humans The second group of authors in Section 2 offer narrative accounts about specific animals or groups of animals and explore to some extent their subjective historical experiences In summary the first section diversely theorises about animal experiences while the second section s authors assume animals subjective experiences and construct narratives that take into account how animals might have subjectively experienced historical phenomena

The Archaeology of Human-Environment Interactions Daniel Contreras,2016-08-25 The impacts of climate change on human societies and the roles those societies themselves play in altering their environments appear in headlines more and more as concern over modern global climate change intensifies Increasingly archaeologists and paleoenvironmental scientists are looking to evidence from the human past to shed light on the processes which link environmental and cultural change Establishing clear contemporaneity and correlation and then moving beyond correlation to causation remains as much a theoretical task as a methodological one This book addresses this challenge by exploring new approaches to human environment dynamics and confronting the key task of constructing arguments that can link the two in concrete and detailed ways The contributors include researchers working in a wide variety of regions and time periods including Mesoamerica Mongolia East Africa the Amazon Basin and the Island Pacific among others Using methodological vignettes from their own research the contributors explore diverse approaches to human environment dynamics illustrating the manifold nature of the subject and suggesting a wide variety of strategies for approaching it This book will be of interest to researchers and scholars in Archaeology Paleoenvironmental Science Ecology and Geology

Hoofprints on the Land

Ilse Köhler-Rollefson, 2023-01-05 Perfect for fans of English Pastoral and Wilding Hoofprints on the Land shows that herding cultures are not a thing of the past but a regenerative model for our future Hoofprints on the Land is a fascinating and lyrical book exploring the deep and ancient working partnerships between people and animals UN advocate and camel conservationist Ilse Köhler-Rollefson writes a passionate rallying cry for those invisible and forgotten herding cultures that exist all over the world and how by embracing these traditional nomadic practises we can help restore and regenerate the Earth Ilse has spent the last 30 years living with and studying the Raika camel herders in Rajasthan India and she shows how pastoralists can address many of the problems humanity faces Whether it be sheep cattle reindeer camels alpacas goats or yaks this ancient and natural means of keeping livestock challenges the myth that animal free agriculture is the only way forward for a healthy planet From the need to produce food more sustainably and equitably to the consequences of climate change land degradation and loss of biodiversity we can learn from pastoralists to help repair the human relationship with livestock to return to a model of intelligent cooperation rather than dominance As Ilse writes Herding is therapy not just for the planet but also for our souls

Contradiction

Linda Jaivin, Esther Sunkyung Klein, Sharon Strange, 2022-05-10 In the second year of the COVID 19 pandemic the many facets of crisis the theme of last year's China Story Yearbook fractured into pictures of contradiction throughout Chinese society and the Chinese sphere of influence Contradiction the ancient Chinese word for the concept holds within it the image of an unstoppable spear meeting an impenetrable shield It describes a wide range of phenomena that English might express with words like conflict clash paradox incongruity disagreement rebuttal opposition and negation This year's Yearbook presents stories of action and reaction of motion and resistance The theme of contradiction plays out in different ways across the different realms of society culture environment labour politics and international relations Great powers do not necessarily succeed in dominating smaller ones The seemingly irresistible forces of authoritarianism patriarchy and technological control come up against energised and surprisingly resilient means of resistance or cooptation Efforts by various authorities to establish monolithic narrative control over the past and present meet a powerful insistence on telling the story from an opposite angle The China Story Yearbook Contradiction offers an accessible take on this complex and contradictory moment in the history of China and of the world
