INTRODUCTION

Managers are continuously challenged as managers a workforce to do new things. The first challenge is to motivate employees to work toward helping the organization achieve its goals. The second is to motivate employees to work toward achieving their own personal goals.

Motivating the minds and achieving the goals of both the employee and the employer is often difficult for managers in all types of organizations. In health care, however, this is often more difficult as part as a result of the complexity of health care organizations, but also as a function of the wide array of employees who are employed by or work collaboratively with
