Managing Business Ethics 5th Edition Download:

Managing Business Ethics Linda K. Trevino, Katherine A. Nelson, 2010-08-23 While most business ethics texts focus exclusively on individual decision making what should an individual do this resource presents the whole business ethics story Highly realistic readable and down to earth it moves from the individual to the managerial to the organizational level focusing on business ethics in an organizational context to promote an understanding of complex influences on behavior The new Fifth Edition is the perfect text for students entering the workplace those seeking to become professionals in training communications compliance in addition to chief ethics officers corporate counsel heads of human resources and senior executives

Corporate Risks and Leadership Eduardo E. Mariscotti, 2020-05-13 The context of business has been changing for companies in recent years and following numerous corporate and accounting scandals many countries have increased the number of national and international regulations designed to ensure transparency and compliance with the law Because of the existence of these new regulations the level of control the severity of sanctions by governments and the amount of the fines for noncompliance have increased dramatically In parallel with the technological revolution in communications business management has become more transparent and any negative event is uploaded to social networks and shared with an indeterminate number of people This change in the regulatory sanctioning and technological context has forced large companies to rethink risks investments and budgets to deal in this more complex environment To transition to this change some companies have included ethics and compliance programs in their corporate agenda along with marketing and sales plans strategies growth targets investment plans and or talent acquisition While each industry has its particular risks in this book the author describes the essential elements that any effective ethics and compliance program should contain This book is a source of information that connects yesterday with today The author shares observations and lessons of the past to suggest corporate leaders implement effective ethics and compliance programs to protect their organizations and themselves The book covers theories of ethics but with an eye focused on practical application Risks ethics and compliance are analyzed with an overall vision connected to the reality of business life without getting bogged down in abstract thinking or in technical and regulatory details Ethics and compliance are disciplines that have increasingly achieved greater recognition in organizations Thus due to the importance of risk management in the business world and the necessary involvement of the CEO and the board of directors it seems appropriate that executives get access to a book about risks ethics compliance and human resources directed not only to compliance experts but also to any organizational leader This book is a wake up call that allows business leaders to understand the benefits of implementing an effective ethics and compliance program that will help members of organizations to make the right decisions and act within the law If they do they can better prevent and react to the difficult obstacle course of risks dangers and threats that organizations face and that may jeopardize the sustainability resilience and survival of companies

What do Managers do? , Understanding Organisations: Part I ,

Understanding Organisations: Part II , Current Global Practices of Corporate Social Responsibility Samuel O. Idowu, 2021-07-07 This book addresses the status quo of Corporate Social Responsibility practices and their development since 2008 How have things changed in the practice of CSR What new opportunities and challenges have arisen The book reports on an international set of cases and case studies on how CSR is practiced at business and organizations in various countries It analyzes country specific and industry specific issues as well as general global issues in connection with the United Nations Sustainable Development Goals The contributions gathered here provide comprehensive information on CSR for both practitioners and researchers around the globe What else do Managers do? , **What do Organisations look like?** , *Seven Moralities of Human Resource Management* T. Klikauer, 2014-10-28 Seven Moralities of Human Resource Management analyses morality of HRM from the perspective of American psychologist Laurence Kohlberg This book examines and makes value judgements on whether or not HRM is moral from the viewpoint of Kohlberg's seven stages of morality as a follow up study of the author's 2012 book *Seven Management Moralities* **Managing Business Ethics** Trevino, 2013-07-09 **Managing Business Ethics** Alfred A. Marcus, Timothy J. Hargrave, 2019-12-19 Managing Business Ethics Making Ethical Decisions teaches students how to navigate ethical issues they will encounter using the weight of reasons approach applied throughout the book This decision making framework's goal is not to faithfully apply particular philosophical perspectives on what is right but rather to solve ethical problems The authors underscore the need for employees at all levels to carefully consider the ethical implications of their actions using this approach and it can be applied at the individual organizational and stakeholder levels Chapters provide a case to walk through application of the framework and mini cases allow students to practice applying this framework on their own A wide range of real world case studies are presented featuring companies such as Facebook Google Wells Fargo Volkswagen and Amazon This practical down to earth text also delves into topics not covered extensively by other books such as slow and fast thinking the inherent conflict between the individual and organization conformity and the difficulties of speaking truth to power Students are offered ample opportunity to engage in thoughtful reflection discussion and application as they grapple with ethical issues big and small Included with this title The password protected Instructor Resource Site formally known as SAGE Edge offers access to all text specific resources including a test bank and editable chapter specific PowerPoint slides **Managing Business Ethics** Linda K.
