the Dice and crapping out Then she finally realized that the way to win in life is with God A lot of people believe in luck there is no such thing Faith and Gods Love is all you need We have to believe and trust him every day It is a lifestyle not something short term This book is for teens but Im sure adults will gain from it as well All of us can relate to something in it You will read about love hurt dating rejection from a parent having a child as a teenager and matrimony at an early age You will find out about courage self motivation achieving goals and having faith as small as a mustard seed believing that a child after being diagnosed with cancer would survive You will read testimonies about different people lives and prayers that they have for teens to encourage them to follow God Embracing the Hurting Heart Joy Yeager,2006-08 The Youth Of Excellence OKEZIE OMENAKA,2016-10-22 The youths occupy a crucial and essential sector of any society No development takes place in a nation today without the cooperation of the youths They are endowed with the potential ability and capacity to change any society Nation building therefore involves active collaboration and vibrancy of the youths at all levels However it is sad that most of our youths are yet to fully realize the humongous task placed on them in nation building by God society government and the church Many of them involve in vices that are detrimental to the growth of the country Among these are hard drugs immorality armed robbery frauds corruption Thus the leaders of the future are wasting away because they are yet to take their rightful place in destiny **Overcoming the Seven Deadly Emotions** Michelle Borquez,2008-09-01 Speaker and writer Michelle Borquez knows how it feels to be controlled by your emotions As a young woman she struggled with the same issues many other women face being overwhelmed with fear driven by jealousy or shamed by guilt Strong emotions the ones we all deal with can lead to deadly results when they are not controlled by the Holy Spirit But Michelle also learned how God can use the emotions He gave us to help us live the way He intended in peace joy and freedom With extensive research biblical study and personal interviews Borquez shares with readers how to Surrender their emotions to God and allow Him to redeem them Embrace God s plan for positive emotional living Find new and healthy ways to deal with previously damaged relationships Here is a practical and biblical guide to handling emotions and discovering God s power and help to live victoriously Christian Churches and Nigeria's Political Economy of Oil and Conflict Nkem Emerald Osuigwe,2014-09-18 The received account on African evangelical Christianity regarding social witness in a section of Western scholarship is that it is anti development and a political Such an account heavily draws from an instrumentalist and functionalist assessment of such Christianity without recourse to its emic perspective Using the case study method this book presents an ethnographic examination of this functionalist reading by investigating describing and analysing evangelical Christian theological and socio political consciousness within the context of oil and conflict in Nigeria s Niger Delta region Adopting approaches from practical theology congregational studies and anthropology of religion the author challenges such a reading using data gathered from three congregations in the region His discourse revolves around answers to the following four critical questions What are the underlying theological issues and beliefs of Nigerian evangelical Christians within the context of oil

and conflict What is their prevalent praxis within the context of Nigeria's political economy of oil and conflict How accurate is the received account that African evangelical and fundamentalist Christianity lacks social responsibility and is a political and anti development What would a contextual political theology for Nigeria's political economy of oil look like The theological issues are varied and the prevalent praxis nuanced which then serves as a veritable critique of the claim that African evangelical Christianity lacks social responsibility due to its preoccupation with soul winning Whereas such Christianity places much emphasis on the winning of souls as an expression of its spirituality it is neither oblivious nor indifferent to its socio political milieu Rather it sees such spirituality as a form of political praxis Some of the trajectories of the spirituality include a theology of conversion a theology of prayer and an ethics of crude oil with Total Freedom as the nomenclature for the specific theological perspective offered for Nigeria's political economy of oil While locating this theological perspective within the taxonomy of Liberation Theology the affinity and dissonance between the two are identified
