Hamlet's Castle Gordon Mills, 1976-08-01 Hamlet's Castle is both a theoretical and a practical examination of the interactions that take place in a literary classroom The book traces the source of literature's power to the relationship between its illusional quality and its abstract meaning and relates these elements to the process by which a group typically an academic class forms a judgment about a literary work In focusing on the importance of the exchange of ideas by readers Gordon Mills reveals a new way of looking at literature as well as a different concept of the social function of the literary classroom and the possible application of this model to other human activities The three fundamental elements that constitute Mills's schema are the relationship between a reader and the illusional quality of literature the relationship between a reader and the meaning of a text and the concept of social experience within the environment of a text The roles of illusion and meaning in a text are explored in detail and are associated with areas outside literature including science and jurisprudence There is an examination of the way in which decisions are forced by peers upon one another during discussion of a literary work an exchange of opinion which is

commonly a source of pleasure and insight sought for its own sake In the course of his study Mills shows that the act of apprehending a literary structure resembles that of apprehending a social structure From this relationship he derives the social function of the literary classroom In combining a theoretical analysis with the practical objective of determining what value can be found in the study of literature by groups of people Mills has produced a critical study of great significance Hamlet's Castle will change concepts about the purpose of teaching literature affect the way in which literature is taught and become involved in the continuing discussion of the relationship of literary studies to other disciplines Surfacing Coles Notes Staff, Margaret Atwood, 1998-09 2024-25 DSSSB TGT/PGT English Solved Papers 240 495 E This book contains TGT previous years solved questions from 2014 to 2021 shift-I, II and III and PGT previous years solved papers from 2014 to February 2024 shift-I and II YCT Expert Team , 2024 25 DSSSB TGT PGT English Solved Papers 240 495 E This book contains TGT previous years solved questions from 2014 to 2021 shift I II and III and PGT previous years solved papers from 2014 to February 2024 shift I and II *AP English Literature & Composition For Dummies®* Geraldine Woods, 2008-02-13 Yes you can pass the AP English Literature and Composition exam with ease Just brush the dust off your thinking cap and get a little help from AP English Literature and Composition For Dummies It gets you up to speed on all the topics and themes of the AP exam in a focused step by step manner Beginning with an exam overview and ways to get the most out of an AP English class this book has it all long and short range planning advice detailed chapters that discuss the four main literary genres and two full length practice exams complete with detailed answer explanations and scoring guides It helps you perfect the skills you need to get your best possible score Two bonus appendixes provide a full list of teacher recommended titles to choose from for the open ended essay as well as a quick grammar review to address the fundamentals of superior essay writing Discover how to Get familiar with the exam format and the types of questions you'll face Figure out what the questions are really asking Maximize your score on multiple choice questions Write effectively and eloquently about poetry prose and drama Prepare for paired passages and craft a clever open ended essay Annotate poetry and prose like an expert Passing the AP English Literature and Composition exam doesn't have to be torture Get AP English Literature and Composition For Dummies and find out how easy it can be Cracking the AP English Literature & Composition Exam Princeton Review, 2009-09-01 Provides techniques for achieving high scores on the AP English literature exam and includes two full length practice tests *The Return of Theory in Early Modern English Studies* E.
