 lost sight of the power and value of questions Debates over globalization climate change health care and poverty will not be
 solved with simple answers but that s what Americans are being trained to expect Andrea Batista Schlesinger argues that we
 re besieged by cultural forces that urge us to avoid critical thinking and independent analysis The media reduces politics to a
 spectator sport standardized tests teach students to fill in the dots instead of opening their minds and even the Internet
 promotes habits that discourage looking deeper But the situation isn t hopeless Schlesinger profiles individuals and
