Heaven Is For Real Chapter 1 Summary:

Searching for Heaven in the Real World Kathryn Ann Kraft, 2013-02-24 Searching for Heaven in the Real World A Sociological Discussion of Conversion in the Arab World While adjusting to a new identity is akin to adjusting to a new set of skin even more difficult is realising that this new skin may not be as comfortable or as pleasant as the old one In Searching for Heaven in the Real World Kathryn Kraft explores the breadth of psychological and societal issues faced by Arab Muslims after making a decision to adopt a faith in Christ or Christianity investigating some of the most surprising and significant challenges new believers face Arab Muslims arrive at a point of new faith with great expectations With such high hopes for what they will experience in their new identity they are bound to encounter a reality that is different They need to invest a great deal of emotional energy in addressing their expectations and what they actually encounter Even so those who stay the course of faith usually hold on to their dreams believing that heaven is not only for the afterlife but it is for the real world as well

Apostle John the Beloved **The Real Deal: Making the Case for the One True God** Rev. Peter Hendriks Okello,2018-08-08 This book explains differences between the content of the Bible and the Qur an and between the God of the Bible and Allah of the Quran The resulting identity of Allah serves as a wake up call for many Christians especially for those who think that the God of the Bible and Islam s Allah are identical Despite growing militant Muslim behavior throughout the world especially against Christians and Jews many Christian leaders in churches and politics seem to be ignorant of the growing threat of Islam to their communities Many examples of explicit Muslim s inhuman behavior substantiate the global Muslim threat to completely destroy Jewish and Christian communities throughout the world This book helps readers understand that there is a significant and most strenuous spiritual battle going on in the heavenly spheres between demons fallen angels and angels as ministers of God This spiritual battle is reflected in the hearts and minds of men and women today This book suggests how Christians need to be united in a biblical response to the growing threat of militant Islam to bring the entire world under the rule of Sharia law and worship of Islam s Allah Life in Christ William Robert West,2015-09-29 What do you believe about souls There are many very different doctrines taught in the world today concerning souls that are believed to be in all humans By most a soul is believed to be something that is wholly apart from the person a soul is in that a soul is something that is that is believed to be complete in its self without the person it will live after the person it is in is dead it is believed that a soul will exist forever without the person it will never be dead therefore a soul cannot be resurrected from the dead It is believed that a soul must live someplace forever and it will live either in Heaven or Hell even if there is no resurrection The doctrine of unconditional immortality of a deathless soul being in a person and that soul leaving that person at the death of the person makes it impossible for Christ to have give His life to save that soul from death if a soul had immortality it would already have life and could never not have life all Christ could do is give it a reward or punish it **A Pillar in the Temple of the Lord-The Real History of Reincarnation in the Christian Church and How it Affects You** Larry O'Connor,2013-11-21 Reincarnation was taught in the Christian Church up till about 500 AD and was subsequently taken from church doctrine People were condemned and killed for believing it even though it was originally a church teaching This book goes into the Bible teaches this and is supported by Church history and by many church fathers who supported this doctrine and taught it until they were ordered not to Some taught it after that as well even though they were ultimately killed for continuing their teachings **Heavenly Space in Hebrews and Its Jewish and Christian Environment** Stephen C. Wunrow,2025-06-12 Stephen Wunrow addresses the pressing question of what the author of Hebrews meant by his descriptions of heaven arguing that the author intended his references to heavenly space to be interpreted as realistic descriptions of a real place Wunrow posits that language about heaven is neither metaphor nor a description of a place outside the creation by examining other early Jewish and Christian texts that narrate or describe humans ascending into heaven Given the nature and the function of heavenly space as described in these texts

Wunrow suggests it is most probable that the authors of the texts intended their descriptions of heavenly space to be understood as realistic Wunrow thus explores 1 and 2 Enoch 4 Ezra 2 and 3 Baruch the Apocalypse of Abraham the Testament of Levi the Testament of Abraham the Ascension of Isaiah and Revelation investigating how other roughly contemporary authors described heavenly space and considering that the rhetorical aims of most of these authors fail unless their readers understand their descriptions of heavenly space in realistic ways Turning then to examine Hebrews Wunrow suggests that while the letter does contain unique features and rhetorical aims it also fits comfortably with other early Jewish and Christian texts that describe humans ascending into heaven in a realistic manner He concludes with reflections on how this conclusion helps to clarify other topics in Hebrews including atonement and eschatology **A Guide to Bible Study**

Harry E. Richards,1914 **The Moral Wisdom of the Catholic Church** Robert Spitzer,2022-11-01 Jesus said The truth will set you free Father Spitzer lays bare the theological and philosophical roots of Catholic morality and also uses secular statistical studies to demonstrate that these teachings even from a scientific standpoint help human beings to flourish Gathering data from universities general psychiatry medical institutes and general survey organizations such as Pew Research Gallup Research and Harris Poll this book shows that going against foundational Christian doctrines from marriage to the sanctity of unborn life leads to significant increases in depression anxiety substance abuse familial tensions suicidal contemplation The numbers speak for themselves Many people today particularly the young are embarrassed by the Church's moral teaching For them it is only an outdated expression of hatred or disgust Yet nothing could be further from the truth Sin is what degrades man and kills his joy and a moral life is a life of love If we tell the truth about destructive lifestyles we can rescue our loved ones from a life of darkness helping to bring about a shift in our culture With scientific clarity this work provides readers everything they need to know to speak credibly effectively and persuasively about the most controversial moral issues Imprimatur The Most Reverend Kevin J Vann J C D O D Bishop Diocese of Orange February 28 2021
