Hello Bastar The Untold Story Of Indias Maoist Movement Rahul Pandita:

Hello Bastar Rahul Pandita, 2022-10-24 With direct access to the top Maoist leadership Rahul Pandita provides an authoritative account of how a handful of men and women who believed in the idea of revolution entered Bastar in Central India in 1980 and created a powerful movement that New Delhi now terms as India's biggest internal security threat. It traces the circumstances due to which the Maoist movement entrenched itself in about 10 states of India carrying out deadly attacks against the Indian establishment in the name of the poor and the marginalised. It offers rare insight into the lives of Maoist guerillas and also of the Adivasi tribals living in the Red zone. Based on extensive on ground reportage and exhaustive interviews with Maoist leaders including their supreme commander Ganapathi Kobad Ghandy and others who are jailed or have been killed in police encounters, this book is a combination of firsthand storytelling and intrepid analysis. Dhar, 2023-09-29 Today Indian writing in English is a field of study that cannot be overlooked. Whereas at the turn of the 20th century writers from India who chose to write in English were either unheeded or underrated, with time the literary world has been forced to recognize and accept their contribution to the corpus of world literatures in English. Showcasing the burgeoning field of Indian English writing, this encyclopedia documents the poets, novelists, essayists, and dramatists of Indian origin since the pre-independence era and their dedicated works. Written by internationally recognized scholars, this comprehensive reference book explores the history and development of Indian writers, their major contributions, and the critical reception accorded to them. *The Routledge Encyclopedia of Indian Writing in English* will be a valuable resource to students, teachers, and academics navigating the vast area of contemporary world literature. *The Routledge Handbook of Indian Defence Policy* Harsh V. This edition of the handbook canvasses over 60 years of Indian defence policy, its relation to India's rising global economic profile, as well as foreign policy shifts. It discusses several key debates that have shaped defence strategies through the years: military doctrine and policy, internal and external security challenges, terrorism, and insurgencies. It explores the origins of the modern armed forces in India, the evolution of the army, navy, and air forces, investments in professional military education, intelligence, and net-centric warfare, reforms in paramilitary forces, and the Indian police. Comments on India's contemporary strategic interests, focusing on the rise of China, nuclearisation of India, and Pakistan's security establishments, and developments in space security and missile defence. Taking stock of India's defence planning architecture over the past decade, this accessibly written handbook will be an indispensable resource for scholars and researchers of security and defence studies, international relations, and political science, as well as for

Bhattacharya, 2020-05-27 This book argues that modernity in postcolonial India has been synonymous with catastrophe and crisis. Focusing on the literary works of the 1943 Bengal Famine, the 1967-72 Naxalbari Movement and the 1975-77 Indian Emergency, it shows that there is a long term colonially engineered agrarian crisis enabling these catastrophic events. Novelists such as Bhabani Bhattacharya, Mahasweta Devi, Salman Rushdie, Rohinton Mistry, Nabarun Bhattacharya and Nayantara Sahgal among others have captured the relationship between the long term crisis and the catastrophic aspects of the events through different aesthetic modalities within realism, ranging from analytical affective critical realist quest modes to apparently non realist ones such as metafictional, urban fantastic, magical realist and others. These realist modalities are together read here as postcolonial catastrophic realism *Women, Gender and Everyday Social Transformation in India*

Kenneth Bo Nielsen, Anne Waldrop, 2014-08-01 The pace of socioeconomic transformation in India over the past two and a half decades has been formidable. This volume sheds light on how these transformations have played out at the level of everyday life to influence the lives of Indian women and gender relations more broadly. Through ethnographically grounded case studies, the authors portray the contradictory and contested co-existence of discrepant gendered norms, values and visions in a society caught up in wider processes of sociopolitical change. *Women, Gender and Everyday Social Transformation in India* moves the debate on gender and social transformation into the domain of everyday life to arrive at locally embedded and detailed ethnographically informed analyses of gender relations in real life contexts that foreground both subtle and not so subtle negotiations and contestations **Key Concepts in Modern Indian Studies** Rachel Dwyer, 2016-03-18 Modern

China's India War Bertil Lintner, 2018-01-25 The Sino Indian War of 1962 delivered a crushing defeat to India not only did the country suffer a loss of lives and a heavy blow to its pride the world began to see India as the provocateur of the war with China merely defending its territory This perception that China was largely the innocent victim of Nehru's hostile policies was put forth by journalist Neville Maxwell in his book India's China War which found readers in many opinion makers including Henry Kissinger and Richard Nixon For far too long Maxwell's narrative which sees India as the aggressor and China as the victim has held court Nearly 50 years after Maxwell's book Bertil Lintner's China's India War puts the border dispute into its rightful perspective Lintner argues that China began planning the war as early as 1959 and proposes that it was merely a small move in the larger strategic game that China was playing to become a world player one that it continues to play even today

Masquerades of War Christine Sylvester, 2015-05-22 This collection explores the concepts and practices of masquerade as they apply to concepts and practices of war The contributors insist that masquerades are everyday aspects of the politics praxis and experiences of war while also discovering that finding masquerades and tracing how they work with war is hardly simple With a range of theories innovative methodologies and contextual binoculars masquerade emerges as a layered and complex phenomenon It can appear as state deception lie or camouflage as in the population centric American warfare in Iraq that was sold as good for the local people or the hidden violence Russian military forces used on each other and on local men in Chechnya Masquerade can also be part of a people s war logic as exemplified by the Maoist movement in India Yet masquerade can also be understood as a normal social mask that people don to foreground an identity or belief from one s cluttered repertoire in order to gain agency Elements of masquerade can appear in texts that proclaim seemingly unequivocal positions while simultaneously yet subtly suggesting opposing positions Masquerades of all kinds also seem ubiquitous in fieldwork research and in resistance movements in war zones Perhaps masquerade though is ultimately the denial of death lurking behind the clarion call of security a call that bolsters war by making militarized policing normal to secure populations from terrorists These interpretations and others comprise Masquerades of War This book will be of much interest to students of critical war studies critical security conflict studies and IR in general
