As Dr Weinberg explains this is exactly the wrong thing to do. Men have a powerful radar that tells them to run away when any strategy is being used on them. He explains why games of any kind playing hard to get making a man jealous will only push a man further from commitment. And he gives women four simple keys to understanding their man's real needs and helping them move toward relationships. It is easy to scare a man but it is also easy to capture his love without playing games. Instead, when evaluating her long term relationship potential, he places greater attention on the quality of her personal character or lack thereof, as well as those things that have a direct or indirect influence upon her character, such as the people, places, and things in her life. After a woman has passed a man's physical appearance test, he will gauge her level of chemistry with him the way she makes him feel.
