

A black and white illustration of two hands reaching towards each other, one from the left and one from the right, set against a green background with diagonal lines. The hands are rendered in a detailed, almost sculptural style, with fingers slightly curled as if grasping or releasing something.

Stories of Nation Christopher Hebert, Martin Griffin, 2024-01-12 Throughout American history there has been an oddly close relationship between the seductive appeals of narrative fiction and those of political rhetoric and advocacy The aim of *Stories of Nation: Fictions, Politics and the American Experience* is to explore what political narratives and the cultural poetics behind them reveal about the way our personal and intimate lives are deeply connected with the public arena and the political process The first section of the book *The Politics of Fictions* contains essays focused on works of fiction consciously dramatizing the political realm The second group of contributions *The Fictions of Politics* explores structures and motifs from the narrative arts in discourses of American political life and the interactions of public institutions and policy with forms of fictional representation from novels to popular music and TV drama The essays presented here broaden the conversation in American literary studies about what constitutes the political in literature and culture by reintroducing the dimension of institutional or representative politics Likewise *Stories of Nation* aims to repair the lines of communication between the idea that all fiction is political and the view that political speech is a subgenre of literature all the more in need of examination in a highly polarized society The range of perspectives in *Stories of Nation* will engage students of literature popular culture and politics alike

Contemporary Australian Literature Nicholas Birns, 2015-12-01 Australia has been seen as a land of both punishment and refuge Australian literature has explored these controlling alternatives and vividly rendered the landscape on which they transpire Twentieth century writers left Australia to see the world now Australia's distance no longer provides sanctuary But today the global perspective has arrived with a vengeance In *Contemporary Australian Literature A World Not Yet Dead* Nicholas Birns tells the story of how novelists poets and critics from Patrick White to Hannah Kent from Alexis Wright to Christos Tsiolkas responded to this condition With rancour concern and idealism modern Australian literature conveys a tragic sense of the past yet an abiding vision of the way forward Birns paints a vivid picture of a rich Australian literary voice one not lost to the churning of global markets but in fact given new life by it Contrary to the despairing of the critics Australian literary identity continues to flourish And as Birns finds it is not one thing but many In this remarkable bold and fearless book Nicholas Birns contests how literary cultures are read how they are constituted and what they stand for In examining the nature of the barriers between public and private utterance and looking outside the absurdity of the rules of genre Birns has produced a redemptive analysis that leaves hope for revivifying a world not yet dead John Kinsella

Parrot and Olivier in America Peter Carey, 2010-04-20 From the two time Booker Prize winning author an irrepressible audacious trenchantly funny new novel set in the 19th century and inspired in part by the life of Alexis de Tocqueville With dazzling exuberance and all the richness of characterization story and language that we have come to expect from this superlative writer Peter Carey explores the birth of democracy the limits of friendship and whether people really can remake themselves in a New World The two men at the heart of the novel couldn't be any more different Olivier is the son of French aristocrats who barely survived the French Revolution Parrot is the motherless son of an itinerant English printer But when young Parrot is separated from his father after a stupendous conflagration at a house of forgery he runs into the powerful embrace of a one armed marquis who will be his conduit like it or not into a life as closely misallied with Olivier's as if they were connected by blood And when Olivier sets sail for America ostensibly to make a study of the American penal system but more precisely to save his neck from the latest guillotineurs Parrot unable to loosen the Marquis's grip is there too as spy scribe comptroller protector foe and foil As the narrative unfurls shifting between the perspectives of Olivier and Parrot between their picaresque adventures apart and together in love and politics prisons and finance homelands and brave new lands a most unlikely friendship begins to take hold

Illywhacker Peter Carey, 2010-09-01 In

Australian slang an illywhacker is a country fair con man an unprincipled seller of fake diamonds and dubious tonics And Herbert Badgery the 139 year old narrator of Peter Carey s uproarious novel may be the king of them all Vagabond and charlatan aviator and car salesman seducer and patriarch Badgery is a walking embodiment of the Australian national character especially of its proclivity for tall stories and barefaced lies As Carey follows this charming scoundrel across a continent and a century he creates a crazy quilt of outlandish encounters with characters that include a genteel dowager who fends off madness with an electric belt and a ravishing young girl with a dangerous fondness for rooftop trysts Boldly inventive irresistibly odd Illywhacker is further proof that Peter Carey is one of the most enchanting writers at work in any hemisphere

Amnesia Peter Carey,2015-01-13 The two time Booker Prize winner now gives us an exceedingly timely exhilarating novel at once dark suspenseful and seriously funny that journeys to the place where the cyber underworld collides with international power politics When Gaby Baillieux releases the Angel Worm into Australia s prison computer system hundreds of asylum seekers walk free And because the Americans run the prisons let s be honest as they do in so many parts of her country the doors of some five thousand jails in the United States also open Is this a mistake or a declaration of cyber war And does it have anything to do with the largely forgotten Battle of Brisbane between American and Australian forces in 1942 Or with the CIA influenced coup in Australia in 1975 Felix Moore known to himself as our sole remaining left wing journalist is determined to write Gaby s biography in order to find the answers to save her his own career and perhaps his country But how to get Gaby on the run scared confused and angry to cooperate Bringing together the world of hackers and radicals with the special relationship between the United States and Australia and Australia and the CIA Amnesia is a novel that speaks powerfully about the often hidden past but most urgently about the more and more hidden present
