Historical Dictionary Of Medieval Russia:

Historical Dictionary of Medieval Russia Lawrence N. Langer, 2002 History is full of surprises but rarely has there been a turnaround as unexpected and momentous as what occurred to a formative Russia during the medieval period. Attacked and invaded from all sides it hardly looked as if the small Slavic principalities would survive. But they did and were eventually absorbed into Kiev Rus and then Muscovy which gradually expanded and laid the foundation for a huge empire. The author uncovers this extraordinary period from the founding of the Kievan state to the accession of Peter the Great in 1682 describing both the times of danger and defeat and those of expansion and revitalization. Entries cover o Tsars o Princes and khans o Pretenders and rebels o Patriarchs and priests o Russians o Mongols and others **Historical Dictionary of Medieval Russia** Lawrence N. Langer, 2021-09-15 The emergence of Russia or Rus as it was known from a group of scattered Slavic tribes into one of the most powerful states of medieval and modern European history is an extraordinary story. It is a story filled with much struggle as there were historical periods when Russia almost ceased to exist as it underwent invasion and conquest. **Historical Dictionary of Medieval Russia** Second Edition contains a chronology, an introduction, and an extensive bibliography. The dictionary section has more than 300 cross-referenced entries on important personalities as well as aspects of the country's politics, economy, foreign relations, religion, and culture. This book is an excellent resource for students, researchers, and anyone wanting to know more about medieval Russia. **Historical Dictionary of Medieval Russia** Lawrence N. This book is an excellent resource for students, researchers, and anyone wanting to know more about medieval Russia. Historical Dictionary of Russia Boris Raymond, Paul Duffy, 1998-08-06 A detailed introduction and chronology puts the country's history in perspective while maps, a selected bibliography of Russian history, and several lists of the American Divisions of the Russian Republic as well as a listing of the principle bodies of water and mountain ranges help complete the geographical and political picture of the country. *Representing Russia's Orient* Adalyat Issiyeva, 2021 Building on long forgotten archives and detailed case studies, *Representing Russia's Orient* reveals how complex representations of oriental subjects in nineteenth-century Russian art and music, which often merged elements of East and West, contributed to the formation of Russia's national identity. Historical Dictionary of the Vikings Katherine Holman, 2003-09-29 The **Historical Dictionary of the Vikings** traces Viking activity in Europe, North America, and Asia for over three centuries. During this period, people from

Scandinavia used their longships to launch lightning raids upon their European neighbors to colonize new lands in the east and west and to exchange Scandinavian furs for eastern wine and spices and Arab silver The Viking age also saw significant changes at home in Scandinavia kings extended their power Norse paganism lost ground to christianity and new towns and ports thrived as a result of increased contact with the wider world This book provides a comprehensive work of reference for people interested in the Vikings including entries on the main historical figures involved in this dramatic period important battles and treaties significant archaeological finds and key works and sources of information on the period It also summarizes the impact the Vikings had on the areas where they traveled and settled There is a chronological table detailed and annotated bibliographies for different themes and geographical locations and an introduction discussing the major events and developments of the Viking age

Historical Dictionary of the Renaissance Charles G. Nauert, 2004 The Historical Dictionary of the Renaissance covers the history of Western and Central Europe from about 1350 to the early 17th century It emphasizes those persons movements and places that are especially important in the growth of the humanistic culture and the new artistic and musical styles that are the most important aspects of European history in this period The heart of the book is the alphabetically organized dictionary

Historical Dictionary of Ancient Israel Niels Peter Lemche, 2004 Of the many ancient civilizations we are aware of few are smaller than the ancient Kingdom of Israel Small both in geographical area and population it was barely noticed by the major civilizations of the time in Egypt Mesopotamia and elsewhere which either ignored or crushed it Yet several millennia later Israel is the civilization we remember most acutely which we know or think we know the most about and which has even been revised after a manner Alas what we know or think we know about Israel comes partly from the Old Testament and partly from fragmentary and sometimes distorted bits of historical evidence For these very reasons because Ancient Israel means so much to us and because we actually know so little for sure this Dictionary is particularly important It examines the usual sources in the Old Testament and surveys the findings of more recent archaeological research to help us determine just what happened and when a far from simple task It includes entries on most of the persons places and events which are generally considered and shows more broadly what the Kingdoms of Israel and Judah were like and what role they played in the ancient world but it also defines them as closely as possible according to the latest data While the results may differ from traditional views they are essential correctives

Historical Dictionary of United States-Russian/Soviet Relations Norman E. Saul, 2009 For more than 200 years the United States and Russia have shared a multi faceted relationship Because of the rise of power the two countries enjoyed in the late 19th and through the 20th century Russian American relations have dominated much of recent world history Prior to World War II the two countries had relatively friendly contacts in culture commerce and diplomacy however as they contested for supremacy during the Cold War relations turned hostile and competitive With the apparent end of the Cold War with the collapse of the Soviet Union and of communism in 1991 the relationship continues to evolve and the future looks uncertain

but promising The Historical Dictionary of United States Russian Soviet Relations identifies the key issues individuals and events in the history of U S Russian Soviet relations and places them in the context of the complex and dynamic regional strategic political and economic processes that have fashioned the American relationship with Russia This is done through a chronology a bibliography an introductory essay and several hundred cross referenced dictionary entries on key persons places events institutions and organizations

Historical Dictionary of Ancient Southeast Asia John N. Miksic, 2007 Anyone who has seen the stunning ruins at Angkor Bagan and Barabudur will readily understand why Southeast Asia is the host of so many United Nations Educational Scientific and Cultural Organization World Heritage Sites As beautiful as the spiraling towers intricate carvings and delicate bas reliefs adorning these monuments are however they just barely scratch the surface of the immense historical and cultural heritage of the region Covering the countries of Brunei Cambodia Indonesia Laos Malaysia Myanmar the Philippines Singapore Thailand and Vietnam during the period from the first to the fifteenth century the Historical Dictionary of Ancient Southeast Asia helps us comprehend the vast and complex history of the region through a chronology a glossary a bibliography an introduction appendixes maps photographs diagrams and hundreds of cross referenced dictionary entries on the major and many minor sites the more significant historical figures the kingdoms they ruled over the economic and social relations between them and the artistic cultural and religious context

Historical Dictionary of Belarus Jan Zaprudnik, 1998-07-16 Over four hundred dictionary entries provide quick and easy access to basic facts and personalities from Belarus including important historical figures as well as contemporary political players

Encyclopedia of Historians and Historical Writing Kelly Boyd, 2019-10-09 The Encyclopedia of Historians and Historical Writing contains over 800 entries ranging from Lord Acton and Anna Comnena to Howard Zinn and from Herodotus to Simon Schama Over 300 contributors from around the world have composed critical assessments of historians from the beginning of historical writing to the present day including individuals from related disciplines like Jürgen Habermas and Clifford Geertz whose theoretical contributions have informed historical debate Additionally the Encyclopedia includes some 200 essays treating the development of national regional and topical historiographies from the Ancient Near East to the history of sexuality In addition to the Western tradition it includes substantial assessments of African Asian and Latin American historians and debates on gender and subaltern studies
