History Alive Chapter 9 The Constitution A More Perfect:

From Parchment to Dust Louis Michael Seidman, 2021-11-02 The prominent constitutional law scholar's fascinating and yes mind boggling argument that we don't need the Constitution after all For some to oppose the Constitution is to oppose the American experiment itself But leading constitutional scholar Louis Michael Seidman argues that our founding document has long passed its sell by date It might sound crazy but Seidman's arguments are both powerful and well convincing As Seidman shows constitutional skepticism and disobedience have been present from the beginning of American history even worming their way into the Federalist Papers And as Seidman also points out no one alive today has agreed to be bound by these rules In *From Parchment to Dust* Seidman offers a brief history of the phenomenon of constitutional skepticism and then proceeds to a masterful takedown of our most cherished constitutionally enshrined institutions and beliefs from the Supreme Court an arrogant elite in robes to the very concepts of civil rights due process and equal protection all of which he argues are just pretenses for preserving a fundamentally rigged and inequitable status quo Rather than rely on the specific wording of a flawed and outdated document rife with Madison's mistakes Seidman proposes instead a version that better reflects our shared values and leaves it to people currently alive to determine how these values will play out in contemporary society *From Parchment to Dust* is a short sharp and iconoclastic book questioning the value and ultimately the hypocrisy of embracing the Constitution which after all was written more than 230 years ago as our moral and political lodestar

nation If you like this book write a review on google books John F. Kennedy, Barack Obama, and the Politics of Ethnic Incorporation and Avoidance Robert C. Smith, 2013-02-19 Political analysts and journalists often draw analogies between John F Kennedy the first Catholic Irish president and Barack Obama the first African American president Their election to the nation s highest office was historic but for reasons not fully appreciated In John F Kennedy Barack Obama and the Politics of Ethnic Incorporation and Avoidance Robert C Smith provides a fascinating comparison of the challenges both men faced in their bid for the presidency while at the same time providing comparative histories of the Catholic Irish and African American struggles to overcome racial and religious subordination in America Kennedy s Catholicism was an explicit issue in the 1960 election and once elected he was extremely careful to avoid appearing either too Irish or too Catholic While Obama s race was not an explicit issue in the 2008 election he was just as careful to avoid appearing too black Paradoxically religion thanks to rumors and lies about whether Obama was a Muslim became a substitute for race allowing Republican strategists to otherize Obama by raising the issue of religion in the context of national security and terrorism A Common-school History of the United States Benson John Lossing, 1866 **A School History of the United States** Benson John Lossing, 1885 **If Black Is a Color, What Is Melanin?** Marian Olivia Heath Griffin, 2022-07-13 ABOUT THE BOOK Our nation has taken great pains to cover up the history of the Black man Africans and the significance of Melanin in humans Even our White forefathers politically ran this country from before the Declaration of Independence to this very day the twenty first century When Thomas Jefferson constructed the Declaration of Independence other persons such as John Adams and Benjamin Franklin made several changes Ben Franklin even denoted in his writings the no more Africans should be brought from Africa because Whites were already out numbered in this country All men created equal included only White people since African slaves were brought to this country America only for the labor the slaves could produce as well as their knowledge talents and expertise in building this nation All people are given air to breathe as a gift from God and must value themselves and all others It appears that we will struggle for justice and equality for a lifetime and let a moral voice be heard for generations to come Black Lives Matter and All Lives Matter are a starting point There are many changes coming no situation is perfect but with our faith and willingness to accept each other s talents as gifts from our Creator we will prevail as a whole nation God has his finger print on us He s not pleased with us but He has the power and love to rebrand us in His own image *We the People* , 1992 The Self-interpreting Bible , 1896 History of the American Way Harold Underwood Faulkner, Tyler Kepner, Edward Hackett Merrill, 1950 **Army JROTC Leadership Education & Training: Citizenship and American history** , 2002 Cana of Galilee, Damascus, Ephesus, Corinth, Thessalonica, Athens, Rome, Etc.
