Mihnea Tănăsescu

Manuale Per Una Potatura Semplificata Ed Agevolata:

The Olive Andrea Fabbri, Luciana Baldoni, Tiziano Caruso, Franco Famiani, 2023-11-23 The European or Mediterranean cultivated olive *Olea europaea* L subsp *europaea* var *europaea* is an ancient crop notable for its early domestication Today hundreds of olive varieties are grown to produce high quality fruit for oil and table olives for human consumption Over the last 30 years the olive industry has undergone profound innovation due to scientific and technical advances particularly in genomics breeding orchard management mechanization and agro ecology Not all these developments are currently available to smaller producers Outside the Mediterranean Basin where it has been present for over 6 000 years olive cultivation has spread to many other countries These new olive growing areas are helping further the expansion of the industry due to increased awareness of the nutritional and health properties of extra virgin olive oil The Olive Botany and Production is an invaluable resource for researchers and students in horticulture and agriculture in addition to producers involved in olive orchard management

Ecocene Politics Mihnea Tănăsescu ,2022-04-25 Anchored in the diverse ecological practices of communities in southern Italy and Aotearoa New Zealand this book devises a unique and considered theoretical response to the shortcomings of global politics in the Ecocene a new temporal epoch characterised by the increasingly frequent intrusion of ecological processes into political life Dismantling the use of the term Anthropocene as a descriptor for our current ecological and political paradigm this bold and resolutely original contribution proposes a restorative ethics of mutualism An emancipatory theory intended to re invigorate human agency in the face of contemporary ecological challenges it posits an effective means to combat the environmental destruction engendered by modernity Using ecology alongside European moral and Mori philosophies to re conceptualise the ecological remit of politics this book s granular approach questions the role played by contemporary political ontologies in the separation of humans and environments offering an in depth view of their renewed interrelation under mutualism Ecocene Politics will be essential to researchers and students in the fields of politics philosophy sociology anthropology and geography It will be of further interest to those working in the fields of political ecology environmental humanities and Anthropocene studies as well as to general readers seeking a theoretical approach to the political issues posed by current ecological crises
