The Self-Help Compulsion Beth Blum, 2020-01-28 Samuel Beckett as a guru for business executives James Joyce as a guide to living a good life The notion of notoriously experimental authors sharing a shelf with self help books might seem far fetched yet a hidden history of rivalry influence and imitation links these two worlds In *The Self Help Compulsion* Beth Blum reveals the profound entanglement of modern literature and commercial advice from the late nineteenth century to the present day Blum explores popular reading practices in which people turn to literature in search of practical advice alongside modern writers rebukes of such instrumental purposes As literary authors positioned themselves in opposition to people like Samuel Smiles and Dale Carnegie readers turned to self help for the promises of mobility agency and practical use that serious literature was reluctant to supply Blum unearths a series of unlikely cases of the love hate relationship between serious fiction and commercial advice from Gustave Flaubert s mockery of early DIY culture to Dear Abby s cutting diagnoses of Nathanael West and from Virginia Woolf s ambivalent polemics against self improvement to the ways that contemporary global authors such as Mohsin Hamid and Tash Aw explicitly draw on the self help genre She also traces the self help industry s tendency to popularize quote and adapt literary wisdom and considers what it might have to teach today s university Offering a new history of self help s origins appeal and cultural and literary import around the world this book reveals that self help s most valuable secrets are not about getting rich or winning friends but about how and why people read

Final Grains of Sand David Harder, 2018-07-01 When James Kreider receives the devastating news his life is being cut short with cancer he is immediately filled with shock and disbelief At 60 years Jim is too young to die and believes he has a whole life ahead of him When the reality of his impending demise sinks in Jim methodically prepares for his final days including trying to heal old wounds With a dash of life s regrets and unfinished business Jim s hours are spent pondering the legacy he will leave for his friends and children In preparing for the end Jim selects five individuals to represent his life at the funeral service This group includes Jim s boss his personal physician a neighbor the pastor of his church and a woman whom Jim was involved with in a long term affair None of the individuals know each other or why they were chosen Summoned to the office of Jim s attorney the representatives disclose emotions and information few individuals want to hear Reluctantly they agree to share every facet of their friend Jim s story not only transforms the five representatives but alters the lives of the funeral guests They realize the value of one s life is less about the length of time but rather how we touched other people through our actions and words
