Sullivan, 2024-10-01 My real goal in writing this book is for you the reader especially if you are experiencing difficulties in your relationship to come away knowing that you are not crazy and that there is hope The tools are available in today s world to have the relationship of your dreams What are those tools Your playbook explains the four key pieces for unlocking the combination to a successful relationship Your relationship has to be safe Your old reptilian brain has a 500 million year history you are not going to change it If you don t feel safe you will defend yourself You must eliminate any negativity in the Space Between Think of your relationship as the two of you plus the Space Between you It is a real energy field and you can tell when there is tension in the Space Between It is either tension free or it is not There is no middle ground Negativity in the Space Between causes disconnect and what you want is connection You want to refill the Space Between with positives If your old brain hears affirmations and appreciations on a daily basis it can relax You feel connected This is not the enemy over there it is my ally my friend we are on the same team You must learn to talk to your partner in a safe way There will always be things to discuss in your relationship The Safe Conversation process gives you a system and structure to do just that To love well is a skill but like any skill it needs practice You now have the playbook to create the relationship you want It is up to you to put these ideas into practice **Relationship Roulette** Carol Diamond, 2010-02-26 A psychotherapist reveals the illusions people bring to relationships helping readers better understand whether the person they are considering is good for them or not Incorporating crucial psychological insights and case studies Relationship Roulette Improve Your Odds at Lasting Love shows how psychodynamics of which we may not be aware are often the culprit in failed quests to find lasting

love Psychotherapist Carol Diamond shows how longstanding personality patterns can interfere with getting what we really want She teaches readers to decode repetitive behavior and describes how to initiate change so we are more likely to find lasting love Diamond s book focuses on understanding your own past and your partner s as she spells out ways in which various issues emerge and can affect couples The book explains what fuels the chemistry that repeatedly attracts us to partners who later prove a bad choice and it discusses the variety of reasons for choosing a partner listing basic relationship styles so the reader can identify his or her own style and how it fits with a particular partner The final chapter offers a step by step blueprint to help readers change their minds and their actions and stop playing relationship roulette
