**Fiction, Invention and Hyper-reality** Carole M. Cusack, Pavol Kosnáč, 2016-11-18 The twentieth century was a period of rapid change for religion. Secularisation resulted in a dramatic fall in church attendance in the West, and the 1950s and 1960s saw the introduction of new religions, including the International Society for Krishna Consciousness (ISKCON), the Church of Scientology, and the Children of God. New religions were regarded with suspicion by society in general and Religious Studies scholars alike until the 1990s, when the emergence of a second generation of new religions based on popular cultural forms, including films, novels, computer games, and comic books, and highly individualistic spiritualities, confirmed the utter transformation of the religious spiritual landscape. Indeed, Scientology and ISKCON appeared almost traditional and conservative when compared to the radically de

institutionalised eclectic parodic fun loving and experimental fiction based invented and hyper real religions In this book scholarly treatments of cutting edge religious and spiritual trends are brought into conversation with contributions by representatives of Dudeism the Church of All Worlds the Temple of the Jedi Order and Tolkien spirituality groups This book will simultaneously entertain shock challenge and delight scholars of religious studies as well as those with a wider interest in new religious movements

The Silver Elves, 2017-12-14

THE MAGICAL REALMS OF ELFIN contains questions and answers about being elven that many people who are exploring the Elven Way have posed to The Silver Elves throughout the 40 years that they have been living and sharing the Elven Way. The Silver Elves have put them all in this one book for all those who need a convenient yet thorough and easy to read resource to explore their questions about who the modern elves are and about the Elven Way or elven spiritual path past, present, and future. Most often a person has questions as one tries to decide if one is one's elf, an elf, or is some otherkin to understand what it means to be an elf and how one might know of one's elfin nature to understand one's experience of having an Elven Awakening to determine how elven magic is alike or different from that performed by other spiritual groups to understand the keys to elven magic and enchantment to explore more about being an elf in a human body and how this is possible and to learn about how elves live and relate to mankind and otherkin. Once an awakened elf are you always an awakened elf? What's the difference between elves and witches? Is Christianity incompatible with being elves? Are elves related to Devas? How far back in history do elves and the original Elven Faith go? Are elves the people of the future? Recently the Silver Elves have noticed these inquiries and questions to them about the Elven Way have greatly increased because it seems that more and more people are becoming interested in knowing about elves and the elven community. Many in the elven movement today like to think that there is a spiritual Awakening of elven kin beginning to occur worldwide and this may certainly be the reason for all the recent curiosity about elves and the Elven Way.
