The Liberty Incident Revealed A. Jay Cristol,2013-09-15 The Liberty Incident Revealed is the complete and final story about the Israeli Air Force and Navy attack on the USS Liberty during the Six Day War in June 1967 Cutting through all of the controversy and conspiracy theories about Israel s deadly attack Cristol revises his well regarded book about the event with an expanded and in depth analysis of all of the sources including the released tapes of the National Security Agency NSA intercepts When Cristol s first book on the subject The Liberty Incident was published in 2002 there remained many unanswered questions about Israeli Air Force audio tapes The NSA intercepts tapes had not yet been released in 2002 Some conspiracy theorists alleged the NSA tapes would prove that the Israeli attack was premeditated Cristol s successful Freedom of Information Act lawsuit against the NSA while resulting in the release of those tapes has been greeted by anti Israel sources insisting that the NSA tapes are fraudulent and are part of a larger conspiracy to deceive the American public After a quarter of a century of intensive research in both Israel and the U S researching all relevant archives from NSA CIA and the State Department reviewing both formerly classified and open source documents and interviewing all then living individuals directly involved in the incident the factual and documentary record is clear Cristol maintains that despite the fact that all of the official records and transcripts are now available for review the truth has proven to be of no interest to those individuals and organizations who are motivated by hidden agendas wish to keep conspiracy theories alive or are trying to feed sensational stories to the media Documenting his findings in six new chapters Cristol establishes definitively that the Israeli attack was a tragic mistake and presents a convincing argument that will be regarded as the final chapter in the long simmering debate about this incident

American Silent Horror, Science Fiction and Fantasy Feature Films, 1913-1929 John T. Soister, Henry Nicolella, Steve

Joyce,2014-01-10 During the Silent Era when most films dealt with dramatic or comedic takes on the boy meets girl boy loses girl theme other motion pictures dared to tackle such topics as rejuvenation revivication mesmerism the supernatural and the grotesque A Daughter of the Gods 1916 The Phantom of the Opera 1925 The Magician 1926 and Seven Footprints to Satan 1929 were among the unusual and startling films containing story elements that went far beyond the realm of highly unlikely Using surviving documentation and their combined expertise the authors catalog and discuss these departures from the norm in this encyclopedic guide to American horror science fiction and fantasy in the years from 1913 through 1929 Persistent Legacy Erin Heather McGlothlin,Jennifer M. H. Buckley,2024-09-10 This spirited book traces the roots of liberalism through the noblest traditions virtues institutions and longings embedded in Western culture Are conservatives the only liberals left F H Buckley s intriguing and intelligent book demystifies the confusion surrounding the real meaning of liberalism His is a compelling argument and a great book that conservatives and genuine liberals should read Frank Furedi author of The War Against The Past Why The West Must Fight For Its History Liberalism is under attack from both left and right but anti liberals have failed to understand how the tradition defines our idea of civic virtue Liberalism is not an ideology that stands above our practices and judges them but a practice itself an inheritance of virtues institutions customs and longings embedded in our culture and passed on through our memories and stories of moral heroes In this book Buckley explains how we learned magnanimity from the Code

of Chivalry and to avoid brutishness from the Code of the Gentleman how through the stories of Hans Christian Andersen and the novels of Charles Dickens kindness became a liberal virtue how the republican virtue of the Founders can be traced back to fourteenth century Sienese merchants From the stories that comprise the Western Tradition of liberalism we learned the civic virtues that are the efficient secret of American constitutional government The anti liberal cult of wokeness has attempted to cancel this tradition but it will not long survive It offers a creed of sin without absolution of guilt without soul easing joys of frowns without laughter It rejects the West s high culture and offers nothing in its place Without learning art industry or anything that might attract a person its emptiness will soon be seen by all and liberalism will continue to inspire the civic virtues of our culture
