

The background of the cover is a dynamic, abstract composition of thick, flowing, organic shapes in black and white. These shapes overlap and curve, creating a sense of movement and depth. The white areas are irregular and organic, while the black areas fill the remaining space, creating a high-contrast, minimalist aesthetic.

Frankl and Modern American Design** Christopher Long,2007-01-01 A comprehensive view of the life work and ideas of one of the creative giants of modern American design Arriving in the United States in 1914 Viennese born Paul T Frankl 1886 1958 brought with him an outsider s fresh perspective and an enthusiasm for forging a uniquely American design aesthetic In the years between the two world wars he more than any other designer helped shape the distinctive look of American modernism

This authoritative book draws on an extensive collection of unpublished documents and family papers and photographs to provide the first full account of Frankl's life and ideas. The book also explores the history of modern American design and the extent of Frankl's influence on its trajectory. In the early 1920s Frankl opened a New York City shop that became an epicenter of American modernism. Over the next decades his work encompassed everything from individual pieces of furniture and decorative accessories to entire interiors and his style continuously evolved from early Skyscraper furniture to relaxed and casual designs favored by the Hollywood elite in the 1930s to manufactured pieces for the mass market in the 1950s. The book charts the impact of Frankl's ideas on merchants and consumers, on his fellow designers, and on the changing look of American homes and workplaces. With close to 170 illustrations, *Paul T. Frankl and Modern American Design* is an essential reference on 20th-century design.

A History of Design from the Victorian Era to the Present Ann Ferebee, 1970
An abundantly illustrated overview of modern design across continents and cultures highlighting key movements and design traditions. A unique cross-disciplinary survey of design history. *A History of Design from the Victorian Era to the Present* offers a concise overview of the modern milestones of architecture, interior design, graphic design, product design, and photography from the Crystal Palace of 1851 to the iPhone at the turn of the twenty-first century. This abundantly illustrated volume traces modern design across continents and cultures highlighting the key movements and design traditions that have shaped the world around us.

Design History Dennis P. Doordan, 1996-03-06
his anthology compiled from volumes 3-10 of *Design Issues* includes material from areas seldom discussed in existing surveys and will facilitate the general discourse within the design community on a wide range of conceptual and methodological issues of contemporary design history. Design history has emerged in recent years as a significant field of scholarly research and critical reflection. With their interest in the conceptualization, production, and consumption of objects, large and small, unique or multiple, anonymous or signed, and environments, ephemeral or enduring, public or private, design historians investigate the multiple ways in which intentionally produced objects, environments, and experiences both shape and reflect their historical moments. This anthology compiled from volumes 3-10 of *Design Issues* includes material from areas seldom discussed in existing surveys and will facilitate the general discourse within the design community on a wide range of conceptual and methodological issues of contemporary design history. Individual essays investigate various aspects of design in the modern era. They provide fresh insights on familiar figures such as Harley Earl and Norman Bel Geddes and shed new light on neglected aspects of design history such as the history of women in early American graphic design or the history of modern design in China. The essays are grouped in three broad categories: Graphic Design, Design in the American Corporate Milieu, and Design in the Context of National Experiences. Contributors: David Brett, Bradford R. Collins, Dennis P. Doordan, David Gartman, Gyorgy Haiman, Larry D. Luchmansingh, Roland Marchand, Enric Satu, Mitchell Schwarzer, Paul Shaw, Svetlana Sylvestrova, Ellen Mazur, Thomson, Matthew Turner, John Turpin, Shou Zhi Wang. *A Design Issues Reader*
