The Life and Adventures of Eli Wiggill Jay H. Buckley, Hunter T. Hallows, 2024-04-09 The autobiography of Eli Wiggill offers a captivating narrative of one family's journey from Gloucester England to South Africa and eventually to Salt Lake City during the mid nineteenth century Eli and

Susannah Wiggill's conversion to The Church of Jesus Christ of Latter-day Saints in South Africa serves as a focal point in their remarkable story. Eli's retelling vividly portrays their steadfast faith, missionary efforts, and the challenges they faced as pioneers in establishing communities of South African Saints. From their immigration to South Africa to their eventual migration to Zion, the Wiggills' experiences offer valuable insights into the early history of the Church and the global gathering of its members. With meticulous attention to detail, *The Life and Adventures of Eli Wiggill, South African, 1820 Settler, Wesleyan Missionary and Latter-day Saint* presents Wiggill's original manuscript enriched with extensive footnotes providing context and clarity. This publication aims to rectify previous shortcomings by preserving the integrity of Wiggill's narrative while enhancing accessibility for contemporary readers. It not only chronicles a remarkable transnational journey but also sheds light on themes of faith, perseverance, and the pioneering spirit, making it a compelling read for historians, scholars, and anyone interested in the early history of The Church of Jesus Christ of Latter-day Saints and the global migration of its members.

Africa and the First World War De-Valera NYM Botchway, Kwame Osei Kwarteng, 2018-10-26

The First World War was a widespread conflagration in world history which, despite its European origins, had enormous effects throughout the world. Fettered to European politics and diplomacy through colonialism, Africa could not claim a position of neutrality, meaning that it mobilised human and natural resources to support the imperial war effort. Fighting both within and outside Africa, colonised Africans who were compelled or coaxed by the colonial regimes of the warring European countries fought Europeans and Africans too. The soldiers fought with great dedication and contributed significantly to successes attained by the belligerent European colonialists. Similarly, African non-combatants like carriers brought zeal and enthusiasm to difficult wartime tasks. The impact of the war on Africa was immense, with far-reaching consequences in specific colonies and touching the lives of all Africans under colonial rule. Although the continent's connections to the war were immense and diverse, these experiences are not widely known among scholars and the general public. This is because, over the years, most studies and commemorative events of the war have centred on the European theatre of the war and its outcomes. This book brings together interesting essays written by scholars of African history, society, and military about African experiences of the war. It complements and problematises some key themes on Africa and the First World War and offers a stimulating historiographical excursion providing possibilities for reconsidering normative conclusions on the war. The volume will be of interest to general readers as well as students and researchers in different areas of scholarship, including African history, war studies, postcolonial studies, cultural studies, labour history, and the history of memory, among others.

Pan-Africanism in Modern Times Olayiwola Abegunrin, Sabella Ogbobode Abidde, 2016-06-15

For about one hundred years, Pan-Africanism as a social, cultural, economic, political, and philosophical idea thrived. Towards the tail end of the twentieth century, however, it waned. But in more recent times, there has been noticeable resurgence. And as we approach the second decade of the twenty-first century, there are indications of significant transformations vis-à-vis the role and place of

Pan Africanism and Pan Africanists Consequently this book offers a new further and better understanding of Pan Africanism not just from the traditional African and African American points of view but also from a global perspective It does so by offering an analysis of its early years in terms of the personalities ideas and conferences that shaped it it also examines many of the factors that brought about its decline and its eventual rebirth Contributing to this seminal work are scholars of different but complementary styles and intellect who deviate from the more traditional or obvious approaches For instance one of the chapters explores Pan Africanism from the geographic perspective while another examines the role and place of women in the Pan African movement There are also voices that advance the conversation from the regional and continental viewpoint hence chapters that investigate the status of Pan Africanism in Latin America in the Caribbean and Islam and Pan Africanism in the modern world Ethnonationalism and xenophobia are also part of the treatise because increasingly these injurious phenomena are reemerging in Africa s landscape and consciousness In an increasingly interdependent and interrelated world this book also suggests that Pan Africanism will undergo a metamorphosis problems and challenges will be seen and tackled from the globalization and global common perspective Pan Africanism in Modern Times goes beyond the historicity of Pan Africanism and examines the challenges concerns and constraints it faces and also examines it from an inclusive perspective to have a broader understanding of this phenomenon and its future trajectory

A Primer for Teaching African History Trevor R. Getz, 2018-03-15 A Primer for Teaching African History is a guide for college and high school teachers who are teaching African history for the first time for experienced teachers who want to reinvigorate their courses for those who are training future teachers to prepare their own syllabi and for teachers who want to incorporate African history into their world history courses Trevor R Getz offers design principles aimed at facilitating a classroom experience that will help students navigate new knowledge historical skills ethical development and worldviews He foregrounds the importance of acknowledging and addressing student preconceptions about Africa challenging chronological approaches to history exploring identity and geography as ways to access historical African perspectives and investigating the potential to engage in questions of ethics that studying African history provides In his discussions of setting goals pedagogy assessment and syllabus design Getz draws readers into the process of thinking consciously and strategically about designing courses on African history that will challenge students to think critically about Africa and the discipline of history

Chocolate Islands Catherine Higgs, 2012-05-21 In Chocolate Islands Cocoa Slavery and Colonial Africa Catherine Higgs traces the early twentieth century journey of the Englishman Joseph Burt to the Portuguese colony of S o Tom and Pr ncipe the chocolate islands through Angola and Mozambique and finally to British Southern Africa Burt had been hired by the chocolate firm Cadbury Brothers Limited to determine if the cocoa it was buying from the islands had been harvested by slave laborers forcibly recruited from Angola an allegation that became one of the grand scandals of the early colonial era Burt spent six months on S o Tom and Pr ncipe and a year in Angola His five month march across Angola in 1906 took him from innocence

and credulity to outrage and activism and ultimately helped change labor recruiting practices in colonial Africa This beautifully written and engaging travel narrative draws on collections in Portugal the United Kingdom and Africa to explore British and Portuguese attitudes toward work slavery race and imperialism In a story still familiar a century after Burt's sojourn *Chocolate Islands* reveals the idealism naivety and racism that shaped attitudes toward Africa even among those who sought to improve the conditions of its workers *Travel and the Pan African Imagination* Tracy Keith Flemming, 2021-09-02 *Travel and the Pan African Imagination* explores the African Atlantic world as a productive theater or space where modernity racialized dominance and racialized resistance took form The book stresses the importance of placing three Atlantic figures the Charleston South Carolina based armed resistance leader Denmark Vesey the West African emigration advocate Edward Wilmot Blyden and the Christian missionary and teacher in Liberia as well as the United States Alexander Crummell within an Atlantic context and as African world community figures between the late eighteenth and early twentieth centuries The book also examines the religious origins of Black Power ideology and modern Pan Africanism as products of the intense dialogue within the African world community about concepts of modernity progress and civilization Tracy Keith Flemming identifies how travel and social mobility led to the generation of an ever more complex and dynamic Atlantic world and of a fluid and adaptive African world community imagination for those figures who were forced to operate within and against a racially framed universe The vexing social position and symbolic figure of the African was central to the dilemmas facing the racialized imagination of African world community figures and the discipline of Africology *Slaves from the North* Jukka Jari Korpela, 2018-10-22 In this book Jukka Korpela offers an analysis of the trade in kidnapped Finns and Karelians into slavery in Eastern Europe Blond slaves from the north of Europe were rare luxury items in Black Sea and Caspian markets and the high prices they commanded stimulated and sustained a long distance trade based on kidnapping in special robbery missions and war expeditions Captives were sold into the Volga slave trade and transported through market webs further south This business differed and was separate from the large scale raids carried out on Crimeans for enslavement in Eastern Europe or the mass kidnappings characteristic of Mediterranean slavery The trade in Finns and Karelians provides new perspectives on the formation of the Russian state as well as the economic networks of official and unofficial markets in Eastern Europe *Tuscany in the Age of Empire* Brian Brege, 2021-07-13 A new history explores how one of Renaissance Italy's leading cities maintained its influence in an era of global exploration trade and empire The Grand Duchy of Tuscany was not an imperial power but it did harbor global ambitions After abortive attempts at overseas colonization and direct commercial expansion as Brian Brege shows Tuscany followed a different path one that allowed it to participate in Europe's new age of empire without establishing an empire of its own The first history of its kind *Tuscany in the Age of Empire* offers a fresh appraisal of one of the foremost cities of the Italian Renaissance as it sought knowledge fortune and power throughout Asia the Americas and beyond How did Tuscany which could not compete directly with the growing empires of other

European states establish a global presence First Brege shows Tuscany partnered with larger European powers The duchy sought to obtain trade rights within their empires and even manage portions of other states overseas territories Second Tuscans invested in cultural intellectual and commercial institutions at home which attracted the knowledge and wealth generated by Europe s imperial expansions Finally Tuscans built effective coalitions with other regional powers in the Mediterranean and the Islamic world which secured the duchy s access to global products and empowered the Tuscan monarchy in foreign affairs These strategies allowed Tuscany to punch well above its weight in a world where power was equated with the sort of imperial possessions it lacked By finding areas of common interest with stronger neighbors and forming alliances with other marginal polities a small state was able to protect its own security while carving out a space as a diplomatic and intellectual hub in a globalizing Europe

Africa Toyin Falola, Daniel Jean-Jacques, 2015-12-14 These volumes offer a one stop resource for researching the lives customs and cultures of Africa s nations and peoples Unparalleled in its coverage of contemporary customs in all of Africa this multivolume set is perfect for both high school and public library shelves The three volume encyclopedia will provide readers with an overview of contemporary customs and life in North Africa and sub Saharan Africa through discussions of key concepts and topics that touch everyday life among the nations peoples While this encyclopedia places emphasis on the customs and cultural practices of each state history politics and economics are also addressed Because entries average 14 000 to 15 000 words each contributors are able to expound more extensively on each country than in similar encyclopedic works with shorter entries As a result readers will gain a more complete understanding of what life is like in Africa s 54 nations and territories and will be better able to draw cross cultural comparisons based on their reading

Colonial Latin America Mark A. Burkholder, Lyman L. Johnson, 2019 This text is a concise study of the history of the Iberian colonies in the New World from their pre conquest background to the wave of independence in the early nineteenth century This new tenth edition includes improved and expanded discussions of daily life in colonial Latin America helping students gain a deeper understanding of the facinating rich and often tragic history of the cultures the people and the struggles that have played a part in shaping contemporary Latin America

Ancient Africa — Fully Explained: Geography, Prehistory, Early History and the Rise of Its Civilizations Adam Muksawa, 2021-09-25 The Ancient history of Africa can be thought of as a history of beginnings for it is in Africa that the human story first begins In telling this story of Africa s past a variety of images and maps are included which means that you ll never get lost in a sea of text And like the cover says everything is fully explained without becoming tedious boring dull etc The end result of all this is a truly engaging book suitable for all that will likely change how you think about Africa forever

King Leopold's Congo and the "Scramble for Africa" Michael A. Rutz, 2018-03-01 King Leopold of Belgium s exploits up the Congo River in the 1880s were central to the European partitioning of the African continent The Congo Free State Leopold s private colony was a unique political construct that opened the door to the savage exploitation of the Congo s natural and human resources by

international corporations The resulting red rubber scandal which laid bare a fundamental contradiction between the European propagation of free labor and civilization and colonial governments acceptance of violence and coercion for productivity s sake haunted all imperial powers in Africa Featuring a clever introduction and judicious collection of documents Michael Rutz s book neatly captures the drama of one king s quest to build an empire in Central Africa a quest that began in the name of anti slavery and free trade and ended in the brutal exploitation of human lives This volume is an excellent starting point for anyone interested in the history of colonial rule in Africa Jelmer Vos University of Glasgow

Power in Contemporary Zimbabwe Erasmus Masitera, Fortune Sibanda, 2018-04-20 In recent years the Zimbabwe crisis rendered the country and its citizens to be a typical case of failed states the world over Zimbabwean society was and is still confronted with different challenges which include political economic and social problems Attempts to overcome these challenges have thrown light on the power that rests within individuals and or groups to change and even revolutionize their localities communities states and ultimately the world at large Through experience individuals and groups have promoted ideas that have aided in changing mentalities attitudes and behaviors in societies at different levels This book brings together contributors from various academic disciplines to reflect on and theorize the contours of power including the intrinsic and or extrinsic models of power which pertain to individuals communities and or groups in order to transform society Reflections are on various groups such as political movements environmental movements religious groups advocacy groups gender groups to mention but a few as they struggle against marginalization discrimination exploitation and other forms of oppression showing their agency or compliance

Understanding Leadership Robert M McManus, Gamaliel Perruci, 2015-04-10 Lao Tzu Marx the Buddha Ibsen Machiavelli these are just a few of the world s great thinkers who have weighed in on the subject of leadership over the centuries Yet the contemporary student of leadership often overlooks many of these names in favour of more recent theorists hailing from the social sciences *Understanding Leadership An Arts and Humanities Perspective* takes a different angle employing the works of the great philosophers authors and artists found in world civilization and presenting an arts and humanities perspective on the study of leadership The authors build their conceptual framework using The Five Components of Leadership Model which recognizes the leader the followers the goal the environmental context and the cultural values and norms that make up the leadership process Supporting the text are a wealth of case studies which reflect on works such as Ayn Rand s novella *Anthem* Eug ne Delacroix s painting *Liberty Leading the People* Charlie Chaplin s film *Modern Times* Athol Fugard s play *Master Harold and the Boys* Lao Tzu s poetic work *Tao Te Ching* and Anton n Dvo k s *New World Symphony* The authors also introduce studies from various world cultures to particularly illustrate the role cultural values and norms play in leadership This illuminating framework promotes the multidimensional thinking that is necessary for understanding and problem solving in a complex world *Understanding Leadership An Arts and Humanities Perspective* will be a valuable textbook for both undergraduate and postgraduate

leadership students while leadership professionals will also appreciate the book's unique liberal arts and cultural approach

The Fin-de-Siècle World Michael Saler, 2014-11-20 This comprehensive and beautifully illustrated collection of essays conveys a vivid picture of a fascinating and hugely significant period in history the Fin de Siècle Featuring contributions from over forty international scholars this book takes a thematic approach to a period of huge upheaval across all walks of life and is truly innovative in examining the Fin de Siècle from a global perspective The volume includes pathbreaking essays on how the period was experienced not only in Europe and North America but also in China Japan the Middle East Latin America Africa India and elsewhere across the globe Thematic topics covered include new concepts of time and space globalization the city and new political movements including nationalism the New Liberalism and socialism and communism The volume also looks at the development of mass media over this period and emerging trends in culture such as advertising and consumption film and publishing as well as the technological and scientific changes that shaped the world at the turn of the nineteenth century such as the invention of the telephone new transport systems eugenics and physics The Fin de Siècle World also considers issues such as selfhood through chapters looking at gender sexuality adolescence race and class and considers the importance of different religions both old and new at the turn of the century Finally the volume examines significant and emerging trends in art music and literature alongside movements such as realism and aestheticism This volume conveys a vivid picture of how politics religion popular and artistic culture social practices and scientific endeavours fitted together in an exciting world of change It will be invaluable reading for all students and scholars of the Fin de Siècle period
