History of the occult T. Wynne Griffon, 1991 *The History of the Occult Tarot* Ronald Decker, Michael Dummett, 2013-07-18 An essential volume for the libraries of all serious students of the Tarot When the Tarot was invented in Italy during the early fifteenth century it was simply a pack of cards used for playing games Esoteric interpretations of the pack date from late eighteenth century France and were confined to that country for a hundred years But today the cards are used throughout the world and not only for fortune telling for true believers they are the key to secret knowledge and the meaning of life A History of the Occult Tarot is the classic work on the history of the Tarot deck and its use in occult circles Starting with the late nineteenth century the Decker and Dummett examine how the Tarot became the favoured divination tool of occultists a bridge to the spirit world and a map of the unconscious From Theosophical to Aleister Crowley to the Order of the Golden Dawn and P D Ouspensky this compelling survey of the Tarot s history describes the many fascinating decks imagined over time as well as the secret histories of mystics

The Occult Colin Wilson, 2015-05-17 The acclaimed author of *The Outsider* explores occult ideas practices and figures from Kabbalah to Aleister Crowley in this fascinating history of magic The Washington Post Colin Wilson is widely regarded as one of the world s foremost experts on occultism His classic historical study on the subject is an essential guide to the mind expanding experiences and discoveries made by occultists through the centuries from Heinrich Cornelius Agrippa to Giacomo Casanova Helena Blavatsky Grigori Rasputin and many others More than a chronicle of people and events however Wilson has produced a synthesis of the available material presenting the occult in the light of reason and reason in the light of the mystical and paranormal The result is a wide ranging survey of the subject that provides a comprehensive history of magic an insightful exploration of our latent powers and a revelatory journey of enlightenment This most interesting informative and thought provoking book on the subject I have read Arthur Calder Marshall The Sunday Telegraph

The Dark History of the Occult Paul Roland, 2022-07-01 What evidence is there that evil entities can possess human beings and force them to commit horrific murders Black magic murders Satanic sex cults and demonic possession are the diabolical practices that grab the tabloid headlines and reinforce the myth that evil and an unhealthy obsession with the occult are to blame for our increasingly violent society But is the truth even darker and more disturbing From tribal magic and shamanism through the work of WB Yeats and Aleister Crowley to black magic rituals and New Age Nihilists The Dark History of the Occult asks whether Satanic forces are simply the emergence of the dark side of human nature or whether we really have something to fear namely evil

Modern Occult Rhetoric Joshua Gunn,2011-01-28 A broadly interdisciplinary study of the

pervasive secrecy in America cultural political and religious discourse The occult has traditionally been understood as the study of secrets of the practice of mysticism or magic This book broadens our understanding of the occult by treating it as a rhetorical phenomenon tied to language and symbols and more central to American culture than is commonly assumed Joshua Gunn approaches the occult as an idiom examining the ways in which acts of textual criticism and interpretation are occultic in nature as evident in practices as diverse as academic scholarship Freemasonry and television production Gunn probes for instance the ways in which jargon employed by various social and professional groups creates barriers and fosters secrecy From the theory wars of cultural studies to the Satanic Panic that swept the national mass media in the late 1980s and early 1990s Gunn shows how the paradox of a hidden buried or secret meaning that cannot be expressed in language appears time and time again in Western culture These recurrent patterns Gunn argues arise from a generalized popular anxiety about language and its limitations Ultimately Modern Occult Rhetoric demonstrates the indissoluble relationship between language secrecy and publicity and the centrality of suspicion in our daily lives [Tarocchi](#) Philebus,2009-06-13 It might surprise you to learn that tarot cards were created for playing card games and not fortune telling Indeed contrary to popular myths there is nothing occult in their origins The family of tarot games has been played since the 15th century and continues to be played throughout continental Europe to this day Sadly English speakers have usually only heard of tarot in the context of magic and divination This little book sets out to correct that starting with chapters about the real history of the cards and continuing with the rules to more than 40 games from across Europe To help you get started many of the terms and conventions have been standardised and Anglicised and there is a guide on buying cards suitable for modern game play Tarot includes some of the most sophisticated and challenging card games ever devised discover what you've been missing and you may never pick up a 52 card pack again **Unholy Alliance** Peter Levenda,2019-11-15 In June of 1979 Peter Levenda flew to Chile then under martial law to investigate claims that a mysterious colony and torture center in the Andes Mountains held a key to the relationship between Nazi ideology and its post war survival on the one hand and occult ideas and practices on the other He was detained there briefly and released with a warning You are not welcome in this country The people who warned him were not Chileans but Germans not government officials but agents of the assassination network Operation Condor They were also Nazis providing a sanctuary for men like Josef Mengele Hans Ulrich Rudel and Otto Skorzeny In other words ODESSA Published in 1995 Unholy Alliance was the first book in English on the subject of Nazi occultism to be based on the captured Nazi archives themselves as well as on the author's personal investigations and interviews often conducted under dangerous conditions The book attracted the attention of historians and journalists the world over and has been translated into six languages A later edition boasts the famous foreword by Norman Mailer How did occultism come to play such an important role in the development of Nazi political ideology What influence did such German and Austrian occult leaders as Lanz von Liebenfels and Guido von List have over the fledgling Nazi party What was the Thule

Gesellschaft and who was its creator Baron von Sebottendorf Did the Nazi high command really believe in occultism In astrology In magic and reincarnation This is a new and expanded edition of the original text with much additional information on the rise of extremist groups in Europe Latin America Asia and the United States and the esoteric beliefs that are at their foundations It is the first book in a trilogy that includes Ratline and The Hitler Legacy This is where it all began
