Marbles Ellen Forney, 2012-11-06 Cartoonist Ellen Forney explores the relationship between crazy and creative in this graphic memoir of her bipolar disorder woven with stories of famous bipolar artists and writers Shortly before her thirtieth birthday Forney was diagnosed with bipolar disorder Flagrantly manic and terrified that medications would cause her to lose creativity she began a years long struggle to find mental stability while retaining her passions and creativity Searching to make sense of the popular concept of the crazy artist she finds inspiration from the lives and work of other artists and writers who suffered from mood disorders including Vincent van Gogh Georgia O Keeffe William Styron and Sylvia Plath She also researches the clinical aspects of bipolar disorder including the strengths and limitations of various treatments and medications and what studies tell us about the conundrum of attempting to cure an otherwise brilliant mind Darkly funny and intensely personal Forney's memoir provides a visceral glimpse into the effects of a mood disorder on an artist's work as she shares her own story through bold black and white images and evocative prose

Performativity, Cultural Construction, and the Graphic Narrative Leigh Anne

Howard, Susanna Hoeness-Krupsaw, 2019-09-11 *Performativity Cultural Construction and the Graphic Narrative* draws on performance studies scholarship to understand the social impact of graphic novels and their sociopolitical function. Addressing issues of race, gender, ethnicity, race war, mental illness, and the environment, the volume encompasses the diversity and variety inherent in the graphic narrative medium. Informed by the scholarship of Dwight Conquergood and his model for performance praxis, this collection of essays makes links between these seemingly disparate areas of study to open new avenues of research for comics and graphic narratives. An international team of authors offer a detailed analysis of new and classical graphic texts from Britain, Iran, India, and Canada, as well as the United States. *Performance Social Construction and the Graphic Narrative* draws on performance studies scholarship to understand the social impact of graphic novels and their sociopolitical function. Addressing issues of race, gender, ethnicity, race war, mental illness, and the environment, the volume encompasses the diversity and variety inherent in the graphic narrative medium. This book will be of interest to students and scholars in the areas of communication, literature, comics studies, performance studies, sociology, languages, English, and gender studies, and anyone with an interest in deepening their acquaintance with and understanding of the potential of graphic narratives. [The Cambridge Companion to Literature and the Posthuman](#) Bruce Clarke, Manuela Rossini, 2017 This book gathers diverse critical treatments from fifteen scholars of the posthuman and posthumanism together in a single volume. **Reading the Contemporary Author** Aliso Gibbons, 2023 *Female Cartoonists in the United States* Hélène Tison, 2021-11-29 This book provides an introduction to women cartoonists in the US, reading their work from a feminist literary and stylistic perspective which shines a light on their innovative and unique narratives and graphic languages. From rabid feminists to blundering teenagers to dyke avengers and pregnant butches, from political satire to memoirs to troubling sexual tales, from caricature to the clear line, from realism to minimalism and abstraction, they have done it all. This book looks at the work of over thirty authors who have challenged the boys' club of comics in the US and whose stories shed a revealing light on contemporary society through countercultural ripostes to the patriarchy, raw or humorous confessions, deconstruction of femininity, stories of vulnerability that offer powerful counterpoints to the super bodies of mainstream comics, non-white and queer cartoonists drawing back and more. This is a key title for students and scholars in the fields of Comics Studies, Literature, and Women and Gender Studies. *The Adventures of You!* Ellen Forney, 2025-08-12 For storytellers and artists of all levels, no experience necessary, here is a colorful interactive how-to book that teaches kids to express themselves through comics. Hey, are you an artist? Writer? Creator? All of the above? None of the above? Grab a pencil and this book to begin expressing your life in comics.
