Maximum City Bombay Lost And Found Suketu Mehta:

Maximum City Suketu Mehta, 2009-10-21 A native of Bombay Suketu Mehta gives us an insider's view of this stunning metropolis. He approaches the city from unexpected angles, taking us into the criminal underworld of rival Muslim and Hindu gangs, following the life of a bar dancer raised amid poverty and abuse, opening the door into the inner sanctums of Bollywood, and delving into the stories of the countless villagers who come in search of a better life and end up living on the sidewalks. As each individual story unfolds, Mehta also recounts his own efforts to make a home in Bombay after more than twenty years abroad. Candid, impassioned, funny, and heartrending, *Maximum City* is a revelation of an ancient and ever-changing world.

Maximum City Suketu Mehta, 2004 Bombay's story told through the lives often desperately near the edge of some of the people who live there. The complex texture of these extraordinary tales is threaded together by Suketu Mehta's own history of growing up in Bombay and returning to live there after a 21-year absence. Hitmen, dancing girls, cops, movie stars, poets, beggars, and politicians. Suketu looked at the city through their eyes and in looking found the city within himself. **The**

Secret Life of Cities Suketu Mehta, 2021-04 The Writing of the Nation by Its Elite MK Raghavendra, 2021-07-15 This volume examines the idea of India as it emerges in the writing of its anglophone elite post 2000. Drawing on a variety of genres including fiction, histories, non-fiction, assessments, economic, political, and business travel accounts, and so on, this book maps the explosion of English language writing in India after the economic liberalization and points to the nation's sense of its growing importance as a producer of culture. From Ramachandra Guha to William Dalrymple, from Arundhati Roy to Pankaj Mishra, from Jhumpa Lahiri to Amitav Ghosh, from Amartya Sen to Gurcharan Das, from Barkha Dutt to Tarun Tejpal, this investigation takes us from aesthetic imaginings of the nation to its fractured political fault lines, the ideological predispositions of the writers often pointing to an asymmetrically constituted India. A major intervention on how postcolonial India is written about and imagined in the anglophone world, this book will be of great interest to scholars and researchers of cultural studies, literature history, and South Asian studies. It will also be of interest to general readers with an inclination towards India and Indian writing. **Representations of Precarity in South Asian Literature in English** Om Prakash

Dwivedi, 2022-10-15 This book analyzes precarious conditions and their manifestations in recent South Asian literature in English. Themes of disability, rural-urban division, caste, terrorism, poverty, gender, necropolitics, and uneven globalization are discussed in this book by established and emerging international scholars. Drawing their arguments from literary works rooted in the neoliberal period, the chapters show how the extractive ideology of neoliberalism invades the cultural, political, economic, and social spheres of postcolonial South Asia. The book explores different forms of precarity to investigate the vulnerable and insecure life conditions embodied in the everyday life of South Asia, enabling the reader to see through the rhetoric of rising Asia. The City Speaks Subashish Bhattacharjee, Goutam Karmakar, 2022-09-29 This book studies the significance and representation of the city in the writings of Indian poets, graphic novelists, and dramatists. It demonstrates

how cities give birth to social images perspectives and complexities and explores the ways in which cities and the characters in Indian literature coexist to form a larger literary framework of interpretations Drawing on the theoretical concepts of Western urban thinkers such as Henri Lefebvre Georg Simmel Walter Benjamin Edward Soja David Harvey and Diane Levy as well as South Asian thinkers such as Ashis Nandy Arjun Appadurai Vinay Lal and Ravi Sundaram the book projects against a seemingly monolithic and homogenous Western qualification of urban literatures and offers a truly unique and contentious presentation of Indian literature Unfolding the urban literary landscape of India the volume lays the groundwork for an urban studies approach to Indian literature It will be of great interest to scholars and students of literature especially Indian writing in English urban studies and South Asian studies

Cities Raymond Joshua Scannell, 2015-12-03 In Cities Raymond Joshua Scannell examines how dramatic changes in the global economy and technology during the latter half of the twentieth century have radically restructured the city as a lived environment Beginning with the impacts of globalisation on national and regional economies across the planet Scannell investigates the rapidly changing and amorphous urban environments in which most people live Cities traces how the actions of urban dwellers carving out lives for themselves are radically transforming paradigms of urban management and are overturning traditional assumptions about what constitutes urban rule and revolt This exciting book insists on a new vocabulary for human settlements one that looks centrally at the sort of behaviour that is often relegated figuratively and literally to the urban margins
