Bernardo de la Mora,2013-09 El libro EL SALÓN DE LOS ESPEJOS es una emocionante novela que combinando fantasía con realidad lleva tanto a los lectores como al protagonista Héctor a viajar a través del tiempo para conocer las partes de la condición humana los valores que se han trasgredido violado y todo aquello que con el paso del tiempo hemos perdido como seres humanos seres racionales **Seeds in a Time Capsule** Lane Carnes,2025-03-25 Seeds in a Time Capsule is an enchanting compilation of short stories and poems seamlessly blending the worlds of English and Spanish Join the author on a captivating journey that spans four decades beginning in the fall of 1981 when he immersed himself in the rich tapestry of Spanish literature at Southwest Texas State University With heartfelt introspection these pages reveal the author's profound connection to his upbringing in Puerto Rico the vibrant cadence of life in San Antonio Texas and the transformative encounters across Mexico and other parts of the world Through the lens of poetry and prose the author delves into the intimate emotional spiritual philosophical and recreational nuances of reflection Revisiting and reliving these past experiences through his work serves as a springboard enabling him to recognize and cherish the intrinsic power of remembrance thus preserving these ideas and memories With utmost affection he aims to share this transformative voyage with readers encouraging them to contemplate their lives as a vessel for empowering and invigorating their personal and existential journeys Rediscovering numerous short stories and essays from his college years dormant within aged folders tucked away in file cabinets has nostalgically transported him back to those formative years where the seeds of intellectual curiosity and creativity were sown As a writer his intention is to persistently stir that creative pot utilizing its original ingredients in his pursuit of growth and carving a unique path not by merely following the road less travelled but by forging the only narrative that holds significance within his individual and empirical timeline The author writes I found myself alone self absorbed sinking in that receptacle of ink connected to humanity that link between all grains of sand filtering through God's hands Embark on a transcendent literary experience to uncover and embrace the depth and beauty of humanity's soul Unlock the secrets held within this time capsule and be forever changed Semillas en una cápsula del tiempo es una encantadora recopilación de cuentos y poemas que fusiona de manera ejemplar los mundos del inglés y el español Acompaña al autor en un cautivante viaje que abarca cuatro décadas comenzando en el otoño de 1981 cuando se sumergió en los ricos tapices de la literatura española en la Universidad de Southwest Texas State Con una introspección conmovedora estas páginas revelan el profundo vínculo del autor con su crianza en Puerto Rico el vibrante ritmo de la vida en San Antonio Texas y los encuentros transformadores a lo largo de México y otras partes del mundo A través del lente de la poesía y la prosa el autor se adentra en los matices emocionales espirituales filosóficos y recreativos de la reflexión La reexaminación y

rememoración de estas experiencias pasadas le han servido como plataforma de lanzamiento para valorar y apreciar la capacidad de recordar y mantener vivas estas ideas y memorias. Con un evocativo afecto el autor desea compartir este viaje de manera conmovedora con sus lectores para que ellos también se abstraigan en sus propias travesías de empoderamiento y estmulos en sus trayectorias personales y existenciales. El redescubrimiento de este conjunto de trabajos de sus años universitarios que ha permanecido latente en viejos archivadores le ha permitido regresar de forma nostálgica a ese pasado seminal donde las semillas de curiosidad intelectual y creativa brotaron. Como escritor su intención es continuar removiendo esa mezcla con todos sus ingredientes originales en su empeño de evolucionar y trazar su propio recorrido. No se trata necesariamente de elegir el camino menos transitado sino de generar la única senda narrativa que puede trazar de manera trascendente en su propia escala de tiempo y experiencia individual. El autor escribe: Me encontré solo ensimismado hundido en ese receptáculo de la tinta conectado a la humanidad ese eslabón entre todos los granitos de arena filtrándose por las manos de Dios. Embarca en esta trascendente experiencia literaria para destapar y acoger la profundidad del espíritu humano. Desata los secretos guardados en esta cápsula del tiempo y se transformará para siempre.

El Club de los Suicidas

Alejo Magno, 2025-02-21. La vida nunca es fácil. Es una lección que varios jóvenes aprenden al decidir e intentar tomarse su vida. Por medio de un acto insólito estos jóvenes logran ver que la vida trae consigo muchas cosas tal como personas que no solo se encuentran en su misma situación o similar sino que también les abre los ojos y los ayuda a ver lo hermosa y variada que es la vida.

Otherness in Hispanic Culture Teresa Fernandez Ulloa, 2014-06-26. This book addresses contemporary discourses on a wide variety of topics related to the ideological and epistemological changes of the 19th, 20th and 21st centuries and the ways in which they have shaped the Spanish language and cultural manifestations in both Spain and Hispanic America. The majority of the chapters are concerned with otherness in its various dimensions: the alien, the Other, foreign immigrant, ethnically different, disempowered, female or minor, as well as the Other of different sexual orientation and ideology. Following Octavio Paz, otherness is expressed as the attempt to find the lost object of desire, the frustrating endeavour of the androgynous Plato wishing to embrace the other half of Zeus who in his wrath tore off from him. Otherness compels human beings to search for the complement from which they were severed. Thus a male joins a female, his other half, the only half that not only fills him but which allows him to return to the unity and reconciliation which is restored in its own perfection, formerly altered by divine will. As a result of this transformation one can annul the distance that keeps us away from that which not being our own turns into a source of anguish. The clashing diversity of all things requires the human predisposition to accept that which is different. Such a predisposition is an expression of epistemological, ethical and political aperture. The disposition to co-exist with the different is imagined in the de-anthropocentrization of the bonds with all living realms. And otherness is in some way the reflection of sameness, *mismidad*. The other is closely related to the self because the vision of the other implies a reflection about the self; it implies consciously or not a relationship with the self. These topics are

Without History Jose Rabasa, 2010-06-27 On December 22 1997 forty five unarmed members of the indigenous
organization Las Abejas The Bees were massacred during a prayer meeting in the village of Acteal Mexico The members of
Las Abejas who are pacifists pledged their support to the Zapatista Army of National Liberation a primarily indigenous group
that has declared war on the state of Mexico The massacre has been attributed to a paramilitary group composed of ordinary
citizens acting on their own although eyewitnesses claim the attack was planned ahead of time and that the Mexican
government was complicit In Without History Jose Rabasa contrasts indigenous accounts of the Acteal massacre and other
events with state attempts to frame the past control subaltern populations and legitimize its own authority Rabasa offers
new interpretations of the meaning of history from indigenous perspectives and develops the concept of a communal
temporality that is not limited by time but rather exists within the individual community and culture as a living knowledge
that links both past and present Due to a disconnection between indigenous and state accounts as well as the lack of archival
materials many of which were destroyed by missionaries the indigenous remain outside of or without history according to
most of Western discourse The continued practice of redefining native history perpetuates the subalternization of that history
and maintains the specter of fabrication over reality Rabasa recalls the works of Marx Lenin and Gramsci as well as
contemporary south Asian subalternists Ranajit Guha and Dipesh Chakrabarty among others He incorporates their
conceptions of communality insurgency resistance to hegemonic governments and the creation of autonomous spaces as
strategies employed by indigenous groups around the globe but goes further in defining these strategies as millennial and
deeply rooted in Mesoamerican antiquity For Rabasa these methods and the continuum of ancient indigenous consciousness
are evidenced in present day events such as the Zapatista insurrection *THE QUIET POWER OF BEING A WOMAN*
