students of film and cultural history **The Cove Diary 2** Andrew Carne,2015-07-25 It has been four years since The Cove Diary was published well almost Since the enclosed pages herein describe two years this rather means it has taken an entire two years to bring this monument of literature into being Believe me that is not a long time On the face of it this time the book looks like an edifice a mighty volume an insurmountable peak unclimbable by normal common folk Ordinarily I would agree with you but let us face it we are talking about The Cove Diary here not some intellectual academic or historical masterpiece you know proper books This is a book so vacuous that I am sure it is but a featherweight in your hands and anyway it is also available through the miracle of modern electronics as an e book which weighs nothing at all It would be unfair of me to suggest that this is a great work of note or that it is a work of note or even a work Therefore I will not It is however full of words bigger than the last book thus enabling higher shelves to be reached if you stand on it and heavier lending itself to greater impact if thrown You may well ask why so big Why indeed when so many of the world s great works are slim volumes Wuthering Heights 260 pages To the Lighthouse 320 pages Barrett hard of hearing edition Noddy goes to Toyland 32 pages What they lack in volume they make up with talent in spades I had to compensate Additionally many of the copies of the first book ended up in holiday lets in The Cove Holiday makers told me that they read the book during their two week stays for free A book twice the size then should deter even the most avid reader from completing it inside an average holiday stay and therefore they would have to buy a copy to finish it Up top for dancing I say So having established why size matters in this case at least we should proceed to why you should buy it why your life would be incomplete without a copy in your possession If you have never heard of The Cove Diary before nor have you been drawn to witness the grievous stain on the Internet that is the daily witterings on of a dangerously unstable fear not I mean in literary terms only shopkeeper plying his trade in the Far West of Cornwall I heartily commend this volume to you as a toe in the water of light very light entertainment After all you know no better do you If on the other hand you are a seasoned reader of the online issues and perhaps the previous book there is no more wool to be pulled over your eyes Should you purchase a copy of this lump and are thereafter disappointed you should surely have know better False Cargo L. Ron Hubbard,2012-06-21 Insurance investigator Brent Calloway may be too hard boiled to crack a smile but he ll go to any length to crack a case As tough terse and tireless as insurance man Edward G Robinson in Double Indemnity Calloway s about to go to extremes to see to it that one ship makes it safely from Hawaii to the mainland Going undercover and posing as ruthless killer Spike O Brien Calloway quickly discovers that on this ship nothing is what it seems and no one can be trusted With so much insurance money at stake and the whole crew apparently in on the scam this could end up being a voyage to the bottom of the sea And when the real Spike O Brien shows up it s Calloway who ll need a good insurance policy Because life is cheap when the stakes are so high on a ship of lies bearing a False Cargo A veteran sailor who had voyaged long and far L Ron Hubbard knew well the life at sea He once wrote in his journal There is something magnificently terrible about a savage sea in the unwholesome green

of half dawn The ship is an unreal fragile thing full of strange groans and engine and sails are dwarfed in their puny power when matched to all the countless horsepower in wave and wind and current The whole world is an awesome threat Alone wet hungry hand cramped upon a tiller a sailor knows more truth in those hours than all mankind in his millions of years Also includes the sea adventure Grounded in which a Royal Air Force lieutenant loses a friend and tarnishes his reputation and sets out in search of redemption no matter the price

Sharon Tate Ed Sanders,2016-01-05 Ed Sanders gave readers their clearest insight yet into the disturbing world of Charles Manson and his followers when he published The Family in 1971 Continuing that journalistic tradition Sanders presents the most thorough look ever into the heartbreaking story of Sharon Tate the iconic actress who found love fame and ultimately tragedy during her all too brief life Sharon Tate A Life traces Sharon s path from beauty queen to budding young actress her early love affairs her romance with and marriage to director Roman Polanski and the excitement of the glamorous life she had always sought all set against the background of the turbulent 1960s This sympathetic account tells the powerful story of her determined rise through the ranks of Hollywood and to the brink of stardom before her name became forever linked with the shocking murder spree that took her life In 1969 the Polanski house was targeted by the followers of cultist Charles Manson Why the Manson clan focused its gaze on Sharon remains unclear but the world was soon shocked to its core as it learned of the brutal murders of a pregnant Sharon Tate and her friends at her idyllic home in Los Angeles Sanders once again examines this horrific crime and its aftermath expounding on what may have led the killers to that particular house on that particular evening Sharon Tate takes readers on a sometimes joyous yet inevitably heart wrenching tour of the 60s as seen through the eyes of someone who lived it survived it and remembers it all too well Brilliant illustrations by noted artist Rick Veitch lend character to this riveting narrative of the life and times of a beloved actress whose image and whose fate still haunt us to this day
