War,2021-01-28 The book is an anthology of seven critical essays on the work of Mirza Ghalib and considers a number of
 issues such as comparisons between him and Muhammad Iqbal William Shakespeare and John Donne It also foregrounds the
 most distinguishing features in his poetry including his art of dialectical poetics the obsession with the theme of death
 throughout his poetry and the representation of Karbala and Ahle Bayt in his work The book thus highlights the different
 shades of meaning in both his poetry and letters These myriad shades are embedded in Ghalib s vision of life Like
 Shakespeare and Sophocles Ghalib details the colourfulness of life in all its horror and glory Just as life itself is colourful in
 its myriad shades Ghalib s poetry offers us a vision of life which is pluralistic multifarious and universal at the same time

Studies in Pakistani Culture M. Siddiq Kalim,2001 Why I Supported the Emergency Khushwant Singh,2015-08-15
 The Emergency has become a synonym for obscenity Even men and women who were pillars of Emergency rule and misused
 their positions to harass innocent people against whom they had personal grudges try to distance themselves from their past
 in the hope that it will fade out of public memory forever We must not allow them to get away with it says Khuswant Singh
 while fearlessly stating his own reasons for championing the Emergency This bold and thought provoking collection includes
 essays on Indira Gandhi s government the Nanavati Commission s report on the 1984 riots and the riots themselves as well
 as captivating pieces on the art of kissing and the importance of bathing Alongside these are portraits of historical figures
 such as Bahadur Shah Zafar General Dyer Ghalib and Maharaja Ranjit Singh as well as candid profiles of the famous
 personalities he has known over the years revealing intimate details about their lives and characters From his reflections on
 Amrita Sher Gil s alleged promiscuity to the experience of watching a pornographic film with a stoic R K Narayan this is

Interculturality Fred Dervin,Hamza R'boul,Ning Chen,2025-03-31 This groundbreaking encyclopaedia presents 74
 innovative concepts selected and elaborated by multilingual scholars enriching critical discussions of the notion of
 interculturality in global scholarship Many scholars are currently attempting to un re think and decolonize interculturality in
 different fields of research Although ideas are critiqued and revised this is happening in very similar linguistic terms as

before These potential attempts to decentre and decolonize could then be put into question This book argues that knowledge production and negotiation should be exercised through alternative linguistic strategies not for the sake of sounding different but to advance new ways of defining knowing and problematizing The need to develop concepts in English and other languages is thus promoted in this encyclopaedia Students scholars and teachers with a sound background in intercultural studies will benefit most from the book It will also appeal to anyone wishing to explore new ways of thinking researching speaking and writing about interculturality
