An American Answer to Intolerance Council Against Intolerance in America,1940 **Radio Script Catalog** United States. Office of Education. Educational Radio Script Exchange, Gertrude Golden Broderick,1946 **Generational Key to History** Michael A. Susko,2025-01-17 Generational Key to History Tracing Phases From Ancient Egypt to America This work reveals how generations form the hidden rhythm of history By charting time in 15 year generational intervals an approach first used by the medieval historian Bede and later championed by the twentieth century philosopher Jos Ortega y Gasset the author uncovers distinct phases that recur across civilizations Rather than relying solely on yearly dating which can fragment historical awareness this generational lens exposes history s deeper coherence The phases found are 1 Beginnings and testing 0 15 generations 2 Establishment and unifying image beginning at 15 20 generations 3 Consolidation and opening up 30 generations 4 Crisis and creativity 40 generations 5 Universalization and inclusion 50 generations and 6 Renewal or rigidification 60 generations Through detailed case studies Egypt Israel Judah Rome the Medieval Modern era and the United States the author shows how each culture moves through these generational arcs revealing a pattern that mirrors the human life cycle The 30th generation often neglected by historians emerges as a pivotal phase of openness justice and illumination In sum A Rosetta Key for History does not merely present a new way to measure time it reveals the living architecture of history itself Across continents and centuries generations become the Rosetta key for understanding time s unfolding design

A Rosetta Key for U.S. History Michael A. Susko,2023-12-21 This work explores a generational history from America s Colonial period to the United States of contemporary times A novel historical approach will rely on generational markers every 15th year rather than yearly astronomical dates This method will make history more accessible and its patterns more apparent Identified from cultures presented in an earlier volume the phasings are 1 Invisible Beginnings 2 Establishment and Testing 3 Novel Consolidation and Opening Up 4 Crisis and Creativity 5 Empire and Inclusion and 6 Rigidification or Renewal This history does not seek to hide or obscure the shadow side of America nor does it fail to present beauty and light especially during the 30s generational phase One discovery prompted by this generational time chart was to more fully consider the importance of New Spain in understanding U S history A second and related theme is inclusion of the Indigenous whose influence extends to all phases of American history Come journey with us and experience historical events

and people's lives generation by generation and see how they fit into historical phases Such an awareness the author contends will help us to make the generational choice of our times *Catalog of Copyright Entries. Third Series* Library of Congress. Copyright Office, 1968

Difficult Diasporas Samantha Pinto, 2013-09-06 Winner of the 2013 Modern Language Association's William Sanders Scarborough Prize for Outstanding Scholarly Study of Black American Literature In this comparative study of contemporary Black Atlantic women writers Samantha Pinto demonstrates the crucial role of aesthetics in defining the relationship between race gender and location Thinking beyond national identity to include African American Afro Caribbean and Black British literature *Difficult Diasporas* brings together an innovative archive of twentieth century texts marked by their break with conventional literary structures These understudied resources mix genres as in the memoir ethnography travel narrative *Tell My Horse* by Zora Neale Hurston and eschew linear narratives as illustrated in the book length non narrative poem by M Nourbese Philip *She Tries Her Tongue Her Silence Softly Breaks* Such an aesthetics

which protests against stable categories and fixed divisions both reveals and obscures that which it seeks to represent the experiences of Black women writers in the African Diaspora Drawing on postcolonial and feminist scholarship in her study of authors such as Jackie Kay Elizabeth Alexander Erna Brodber Ama Ata Aidoo among others Pinto argues for the critical importance of cultural form and demands that we resist the impulse to prioritize traditional notions of geographic boundaries Locating correspondences between seemingly disparate times and places and across genres Pinto fully engages the unique possibilities of literature and culture to redefine race and gender studies *The Cumulative Book Index*, 1907 A world list of books in the English language **The Monthly Cumulative Book Index**, 1907 **Unifying the Nation** Joseph F. Zimmerman, 2015-01-27 In depth examination of a rarely studied article of the United States Constitution While there is a vast amount of scholarship on the US Constitution very little of it addresses Article IV The article's first section the Full Faith and Credit Clause requires that individual states must respect the public acts, records and judicial proceedings of every other state and the second section the Privileges and Immunity Clause prevents one state from treating the citizens of another state in a discriminatory manner In *Unifying the Nation* Joseph F. Zimmerman provides a unique and comprehensive examination of court cases pertaining to both sections Article IV he argues is central to the political and economic union of the individual states that comprise the nation Many of the court cases cited in the text have tremendous day to day relevance and implications for the practice of government such as same sex marriage child adoption child support public welfare health care and telecommunications **Our Frontier Is the World** Mischa Honeck, 2018-05-15 Mischa Honeck's *Our Frontier Is the World* is a provocative account of how the Boy Scouts echoed and enabled American global expansion in the twentieth century The Boy Scouts of America (BSA) has long been a standard bearer for national identity The core values of the organization have since its founding in 1910 shaped what it means to be an American boy and man As Honeck shows those masculine values had implications that extended far beyond the borders of the United States Writing the global back into the history of one of the country's largest youth organizations *Our Frontier Is the World* details how the BSA operated as a vehicle of empire from the Progressive Era up to the countercultural moment of the 1960s American boys and men wearing the Scout uniform never simply hiked local trails to citizenship they forged ties with their international peers camped in foreign lands and started troops on overseas military bases Scouts traveled to Africa and even sailed to icy Antarctica hoisting the American flag and standing as models of loyalty obedience and bravery Through scouting America's complex engagements with the world were presented as honorable and playful masculine adventures abroad Innocent fun and earnest commitment to doing a good turn of course were not the whole story Honeck argues that the good natured Boy Scout was a ready means for soft power abroad and gentle influence where American values and democratic capitalism were at stake In other instances the BSA provided a pleasant cover for imperial interventions that required coercion and violence At Scouting's global frontiers the stern expression of empire often lurked behind the smile of a boy **The United States and West**
