American Betrayal:

American Betrayal Diana West,2013-05-28 Uncover the shocking truth about America s hidden history during World War II and the Cold War in Diana West s groundbreaking book American Betrayal In this real life thriller and national tragedy West digs deep to expose a body of lies that Americans have been led to regard as the near sacred history of World War II and its Cold War aftermath American Betrayal illuminates the massive Moscow directed penetration of America s most hallowed halls of power revealing not just the familiar struggle between Communism and the Free World but the hidden war between those wishing to conceal the truth and those trying to expose the increasingly official web of lies American Betrayal is America s lost history chronicling the battle between American icons like Franklin Delano Roosevelt Harry Truman and Dwight David Eisenhower who shielded overlapping Communist conspiracies and the investigators politicians and defectors including Senator Joseph McCarthy who tried to tell the American people the truth West argues that America s moral surrender to deception and self deception during this era sent us down the long road to moral relativism political correctness and other cultural ills that have left us unable to ask the hard questions American Betrayal shatters the approved histories of an era bringing down a new understanding of our past our present and how we have become a nation unable to know truth from lies

The Rebuttal Diana West,2013-10-02 Author Diana West and a host of others including authors M Stanton Evans and Vladimir Bukovsky defend her new book American Betrayal against a wave of calumnious charges and vicious personal attacks

Traitor David Rothkopf,2020-10-27 Rothkopf does a brilliant job defining precisely how Trump has been aiding and abetting the enemy compelling Financial Times Political historian and commentator David Rothkopf shows how Trump will be judged by history Spoiler alert not well in Traitor Donald Trump is unfit in almost every respect for the high office he holds But what distinguishes him from every other bad leader the U S has had is that he has repeatedly egregiously betrayed his country Regardless of how Senate Republicans have let him off the hook the facts available to the public show that Trump has met every necessary standard to define his behavior as traitorous He has clearly broken faith with the people of the country he was chosen to lead starting long before he took office then throughout his time in the White House And we may not yet have seen the last of his crimes But the story we know so far is so outrageous and disturbing that it raises a question that has never before been presented in American history is the president of the United States the greatest threat this country faces in the world We also need to understand how the country has historically viewed such crimes and how it has treated them in the past to place what has happened in perspective After his examination of traitors including Benedict Arnold Aaron Burr and leaders of the Confederacy David Rothkopf concludes that Donald Trump and his many abettors have committed the highest level greatest most damaging betrayal in the history of the country

V. Leon Josephson (Majority and Dissenting Opinions) United States. Court of Appeals (2nd Circuit),1947 **The Sino-American Alliance** John W. Garver,2015-06-03 This study provides an analysis of the role the United States alliance with Nationalist China played in US strategy to contain first the Sino Soviet alliance and then China during the 1950s and 1960s American Turkish Encounters Bilge Nur Criss,Selcuk Esenbel,Tony Greenwood,2011-07-12 Turkey and the United States have been critically important to each other since the beginning of the Cold War The history of Turkish American relations includes not only strategic but also political social cultural and intellectual dimensions While critical to understanding Turkish American relations these dimensions rarely surface in today s discourse which reduces bilateral relations to issues currently being contested In reality the encounter between East and West embodied in Turkish American interactions ranges from the official and diplomatic to unofficial and informal exchanges at the social and individual level while often compatible and friendly such interactions occasionally have been less so Authors from both countries developed a variety of perspectives on their interactions through original research that will enable both specialists and general readers to appreciate its many facets Most scholarly works on the two nations have been limited to the analysis of US Turkish relations in the context of Cold War politics The editors intend that this volume will begin to fill a serious gap and encourage others to study American Turkish relations from as many aspects as possible This book shows that when seen in a historical framework the American Turkish encounter took place beyond the level of formal political and military ties during the Cold War period and has enduringly interacted at the level of educational social and cultural realms The Metamorphosis of U.S.-Korea Relations Jongwoo Han,2022-04-04 This book contends that the long history of America s interaction with Korea started with the signing of the Treaty of Peace Amity Commerce and Navigation in 1882 and with the establishment of the Seward Shufeldt Line William Seward and Robert Shufeldt shared the same vision of achieving their American goal by opening Korea and extending the Seward Shufeldt Line from Alaska to link it with the Philippines and the Samoan Islands thus completing a perfect perimeter for the American era of the Pacific and for its dominance in the Asian market Initiating diplomatic and trading relations with Korea was Commodore Shufeldt s finishing touch on the plan for achieving American hegemony in the coming 20th century In turn the decline of Chinese sphere of influence over the Korean Peninsula and the fall of Russian power in the region with the consequential rise of Japanese power there which led to a change from the SS Line to the Roosevelts Theodore Franklin Line the colonization of Korea the division of Korea the Korean War and has brought America back nearly full circle to that first encounter in Pyeongyang the regrettable General Sherman Incident in 1866 This book argues that the United States must uphold its early commitment to peace and amity by now normalizing relations with North Korea in order to bring closure to the Korean Question The Nationalist Dilemma Marvin Suesse,2023-05-11 Nationalists think about the economy Marvin Suesse argues and this thinking matters once nationalists hold political power Many nationalists seek to limit global exchange but others prioritise economic development The potential conflict between these

two goals shapes nationalist policy making Drawing on historical case studies from thirty countries from the American Revolution to the rise of China this book paints a broad panorama of economic nationalism over the past 250 years It explains why such thinking has become influential despite the internal contradictions and chequered record of many nationalist policy makers At the root of economic nationalism s appeal is its ability to capitalise upon economic inequality both domestic and international These inequalities are reinforced by political factors such as empire building ethnic conflicts and financial crises This has given rise to powerful nationalist movements that have decisively shaped the global exchange of goods people and capital

Amir Sjarifoeddin Rudolf Mrázek,2024-10-15 Amir Sjarifoeddin explores the experiences of a central figure in the Indonesian revolution whose life mirrored the idealism and contradictions of the anti colonial and post war world of twentieth century Indonesia Amir was born at the edge of an empire in a time of change Imprisoned by the Dutch for anti colonialism he was sentenced to death by the Japanese for anti fascism He survived to become the prime minister of the new Indonesian republic Disappointed by the direction the Indonesian elites were taking Amir turned increasingly to the left In 1948 he joined the armed uprising against both the Indonesian government and the corruption of the national revolution and was captured and executed as a traitor In Amir Sjarifoeddin Rudolf Mr zek unveils the human dimensions of a figure who is widely mythologized but often poorly understood Through Sjarifoeddin s life it is possible to study the moral ambiguity and complexities of the political revolutions of the twentieth century [The American Greek Review](#) ,1923 [Staging the World](#) Rebecca E. George R. Lamplugh, 2015-06-24 George R Lamplugh a historian of Georgia and the South explores some of his home states most fascinating historical events beginning with the American Revolution and continuing through the 1850s in this well researched collection of essays He covers political factionalism during the American Revolution the development of political parties in Georgia which was different from the process in other states and the impact of the Yazoo Land Fraud on Georgias political development Some of the most fascinating essays focus on the maneuverings of individual politicians such as William Few who was determined to exert local influence after the American Revolution by having the Richmond County courthouse and jail and hence the county polling place constructed in the settlement of Brownsborough rather than in Augusta More complex issues get equal treatment such as how after the War of 1812 political parties in Georgia began to slowly adopt policies that were popular in other states even though that meant hurting Creeks Cherokees and slaves While Georgia didnt always live up to democratic ideals its political history teaches us a lot about our past and possible future
