Oromo Indigenous Religion and Oromo Christianity Ujulu Tesso Benti, 2018-05-31 The early non Oromo writers have distorted the history of the Oromo Without scientific research they were speaking of the so called Oromo migration of the 16th century Against the unscientific thesis of the early scholars this work confirmed the Oromo to be not only the indigenous African peoples but also belong to the Cushitic Africans who invented the first world civilization Their egalitarian and holistic culture the gadaa system is part of the ancient Cushitic civilization It is the base for modern democratic system of governance The root word of gadaa is originated from Ka the creator God of the ancient religion of the Cushitic Africans From this very name Ka originated the Oromo word Waaqa which also means creator of everything This shows that the Oromo are among the first nations who came up with the idea of monotheism Therefore this work disqualifies the missionary assumptions describing the Oromo Indigenous Religion OIR as Satanism and its religious experts the Qaalluus as witchdoctors or sorcerers This dissertation discovered many identical similar partial similar and few differing elements between the Oromo Indigenous Religion OIR and Oromo Christianity OC Also the study identified many Oromo cultural elements that are compatible to Christianity therefore must be adopted by the Oromo Christianity According modern scholarship God revealed himself in every human culture and religion is part of human culture Therefore no religion can claim to be the only true religion Based on this principle this dissertation calls all leaders of religious institutions in Oromia to change their attitude develop culture of tolerance conduct constructive religious dialogue create the atmosphere of peaceful coexistence of all religions and establish sustainable peace that serves humanity **Baro Tumsa: The Principal Architect of the Oromo Liberation Front** Asafa Jalata, 2024-09-16 This book identifies and examines the role of Baro Tumsa in clandestinely bringing together a few Oromo nationalists of diverse backgrounds from all over Oromia the Oromo country to establish the Oromo Liberation Front OLF between the late 1960s and the mid 1970s in Oromia and Ethiopia The Haile Selassie government s destruction of Oromo movements mainly the Macha Tulama Self Help Association MTA was an immediate reason for the birth of the front While most Oromos have supported and sympathized with this liberation organization the colonizers and their agents have vilified and attacked it to make the Oromo society leaderless For almost a half century the OLF has been struggling to uproot Ethiopian Amhara Tigray settler colonialism and its institutions from Oromia to end the domination and exploitation of the Oromo The book also examines the roles of leaders and social movements in organizing oppressed peoples for collective actions by creating organizations that have visions and missions to liberate themselves It is a case study of global social movements and leadership studies The Palgrave Handbook of Islam in Africa Fallou Ngom, Mustapha H. Kurfi, Toyin Falola, 2020-09-26 This handbook generates new insights that enrich our understanding of the history of Islam in Africa and the diverse experiences and expressions of the faith on the continent The chapters in the volume cover key themes that reflect the preoccupations and realities of many African Muslims They provide
