Africa Property Construction Cost Guide 2016:

Data-Driven Modeling for Sustainable Engineering Kondo H. Adjallah, Babiga Birregah, Henry Fonbeyin Abanda, 2019-06-21 This book gathers the proceedings of the 1st International Conference on Engineering Applied Sciences and System Modeling ICEASSM a four day event 18th 21st April 2017 held in Accra Ghana It focuses on research work promoting a better understanding of engineering problems through applied sciences and modeling and on solutions generated in an African setting but with relevance to the world as a whole The book provides a holistic overview of challenges facing Africa and addresses various areas from research and development perspectives Presenting contributions by scientists engineers and experts hailing from a host of international institutions the book offers original approaches and technological solutions to help solve real world problems through research and knowledge sharing Further it explores promising opportunities for collaborative research on issues of scientific economic and social development making it of interest to researchers scientists and practitioners looking to conduct research in disciplines such as water supply control civil engineering statistical modeling renewable energy and sustainable urban development **Handbook of Planning Support Science** Stan Geertman, John Stillwell, 2020-02-28 Encompassing a broad range of innovative studies on planning support science this timely Handbook examines how the consequences of pressing societal challenges can be addressed using computer based systems Chapters explore the use of new streams of big and open data as well as data from traditional sources offering significant critical insights into the field *Mining for Change* John Page, Finn Tarp, 2020-02-13 For a growing number of countries in Africa the discovery and exploitation of natural resources is a great opportunity but one accompanied by considerable risks Countries dependent on oil gas and mining have tended to have weaker long run growth higher rates of poverty and greater income inequality than less resource abundant economies For these resource producing economies relative prices make it more difficult to diversify into activities outside of the resource sector limiting structural change Mining for Change Natural Resources and Industry in Africa presents research undertaken to understand how better management of the revenues and opportunities associated with natural resources can accelerate diversification and structural change in Africa It begins with essays on managing the boom the construction sector and linking industry to the major issues that frame the question of how to use natural resources for structural change It reports the main research results for five countries Ghana Mozambique Uganda Tanzania and Zambia Each country study covers managing the boom the construction sector and linking industry to the resource Mining for Change argues that good policy can make a difference and sets out ideas for policy change and widening the options for structural change An open access title available under the terms of a CC BY NC SA 3 0 IGO licence **Politics of Change in Middle East and North Africa since Arab Spring** Md. Muddassir Quamar, 2022-12-29 A decade since the eruption of Arab Spring protests in the Middle East and North Africa the region continues to confront the primary causes of the popular disenchantment including economic deprivation bad

governance corruption and limited avenues for political expression Democratisation the buzzword in 2011 has given way to debates around conflict management and resolution Simultaneously there are mounting economic challenges throughout the region that have been aggravated by the COVID 19 pandemic But there are some silver linings such as a focus on reforms greater scrutiny against corruption demand for better governance and awareness regarding women empowerment and rights of minorities The volume *Politics of Change in the Middle East and North Africa since Arab Spring A Lost Decade* commemorates the ten years of the eruption of Arab Spring protests It captures some of the prevailing political economic strategic and social issues in MENA through thematic or country specific essays that explore the ongoing transformations and underline how despite the hopelessness the MENA societies have made progress on various fronts Print edition not for sale in South Asia India Sri Lanka Nepal Bangladesh Pakistan and Bhutan *The Report: Ghana 2016* Oxford Business Group,2015-11-24 The country has played a leading role in African affairs for decades having been one of the first states to gain independence on the continent and serving as one of the key centres of pan Africanism in the post independence era That role has continued in recent years with Ghana playing a central part in regional organisations like ECOWAS and the African Union Reliance on raw material exports combined with an income sensitive population and stubborn poverty levels in the northern regions of the country have created complications but Ghana has made significant progress in recent years and has begun to build the necessary foundations for long term growth *Value Management Implementation in Construction* Ayodeji E. Oke,Seyi S. Stephen,Clinton Ohis Aigbavboa,2022-02-24 *Value Management Implementation in Construction* addresses various factors that can enhance the application of the discipline as well as its adoption among concerned stakeholders and discusses the practice of value management in various developed and developing countries

Construction in 5D: Deconstruction, Digitalization, Disruption, Disaster, Development Theo C. Haupt,Mariam Akinlolu,Fredrick Simpeh,Christopher Amoah,Zakheeya Armoed,2022-06-21 This book gathers the latest advances innovations and applications in built environment as presented by international researchers at the 15th Built Environment Conference held in Durban South Africa on September 27 28 2021 and organized by the Association of Schools of Construction of Southern Africa ASOCSA The overarching theme of the conference was Construction in 5D Deconstruction Digitalization Disruption Disaster Development with contributions focusing on current trends innovations opportunities and challenges policies and procedures legislation and regulations practices and case studies in both the public and private sectors The volume will contribute to the existing body of knowledge relative to the science and practice of construction not only in South Africa but wherever the products of construction are produced even in these new challenging times of fear and uncertainty *Tourism, Change and the Global South* Jarkko Saarinen,Jayne M. Rogerson,2021-06-16 This significant volume is the first to focus on both the changing nature of tourism and the capacity of tourism to effect change especially in the Global South Geographically this changing nature of tourism is based on the transforming relationships between demand

supply and location While this is nothing new in tourism recent decades have intensified the changing characteristics of global tourism From another perspective tourism represents a change and nowadays many localities and regions aim to use tourism as a tool for positive change i e development However this has turned out to be a challenging task in practice especially in the Global South context where the relationship between tourism growth and local development has often been controversial This book looks at a host of critical concepts in one volume such as growth and development adaptation and resilience sustainability and responsibility governance and planning and heritage and destination management strategies By understanding the drivers of change this book sheds new insight into the promise and role of sustainability and responsibility in tourism development This book will be of great interest to all upper level students academics and researchers in the fields of Tourism Geography and Cultural and Heritage studies

A Maintenance Management Framework for Municipal Buildings in Developing Economies Babatunde Fatai Ogunbayo, Clinton Aigbavboa, Wellington Thwala, 2023-02-03 The central aim of this book is to investigate and develop frameworks to aid effective maintenance management of municipal buildings in the education sector of developing economies Using the South African education sector as a case study this book provides readers with two major practical insights Firstly it focuses on the theoretical underpinnings of maintenance management research and introduces a maintenance management model through the development of a conceptual framework This framework aids in explaining the factors underpinning the maintenance of municipal buildings but can also be used in the assessment and management of other public buildings Secondly the book highlights and addresses theoretical gaps in existing studies essential for the maintenance management of buildings in developing economies providing a stimulus for future research The book will be of interest to researchers in construction management building technology estate management civil engineering architecture and urban and regional planning It is an essential manual for policymakers in the education sector built environment construction industry facility maintenance facility management and consultants at government ministries departments and agencies MDAs charged with maintenance management of public infrastructures and assets

Towards a Sustainable Construction Industry: The Role of Innovation and Digitalisation Clinton Aigbavboa, Wellington Thwala, Douglas Aghimien, 2023-04-23 This book gathers papers from the 12th Construction Industry Development Board CIDB Postgraduate Research Conference which was held at the International Convention Centre East London Eastern Cape South Africa from July 10 to 12 2022 The conference directly addresses the objectives of SDG9 Building resilient infrastructure promoting inclusive and sustainable industrialization and fostering innovation Moreover the conference is designed to promote capacity development and transformation within the built environment space by providing an all inclusive platform to established and emerging researchers to discuss the recent advancements needed to move the industry forward

Biomimicry and Sustainable Building Performance Olusegun Aanuoluwapo Oguntola, Clinton Ohis Aigbavboa, 2024-02-01 This book on biomimicry assessment tools studies the concepts of sustainability sustainable

construction practices and the evaluation categories that constitute a sustainability assessment tool By exploring and drawing lessons from biomimicry principles the book provides a nature inspired assessment tool to aid and guide the sustainable transformation of the built environment The book encapsulates the attributes of the conceptualised biomimicry assessment tool which is aimed at helping practitioners regulatory bodies and governmental and non governmental agencies in greening the built environment Owing to the dire need for country specific and tailor made tools that address developing countries needs this book serves as a practical reference and theoretical springboard for the development of sustainability assessment tools for the built environment Furthermore the book serves as a guide in navigating the path towards achieving the greening agendas of the built environment and other sectors and seeks to align the new biomimicry assessment tool with the UN Sustainable Development Goals SDGs It is important reading for academics professionals and advanced students in the built environment engineering and sustainable development

Handbook of Governance in Small States Lino

Briguglio, Jessica Byron, Stefano Moncada, Wouter Veenendaal, 2020-12-17 This volume covers a wide spectrum of governance issues relating to small states in a global context While different definitions of governance are given in the chapters most authors associate governance with the setting and implementation of policies aimed at managing a country or territory and with the related institutional structures and interventions by political actors Generally good governance is associated with concepts such as policy effectiveness accountability transparency control of corruption encouragement of citizens voice and gender equality factors which are in turn linked with democracy What emerges from the book is that the societies of small states are being re shaped by various forces outside their control including the globalization process and climate change rendering their governance ever more complex These problems are not solely faced by small states but small country size tends to lead to a higher degree of exposure to external factors The chapters are grouped into four sections broadly covering political environmental social and economic governance Governance is influenced by many often intertwined factors the division of the book into four parts therefore does not detract from the fact that governance is multifaceted and such division was based on the primary focus of each particular study and its main disciplinary background The expert authors have moreover used a variety of approaches in the studies the subject of small states being well suited to scholarly work from different disciplines using qualitative quantitative and mixed approaches to arrive at useful conclusions

Concrete Cities

Rob Imrie, 2021-10-26 This accessible critique of urban construction reimagines city development and life in an era of unprecedented building Exploring the proliferation of building and construction Imrie sets out its many degrading impacts on both people and the environment Using examples from around

the world he illustrates how construction is motivated by economic and political ideologies rather than actual need and calls for a more sensitive humane and nature focused culture of construction This compelling book calls for radical changes to city living and environments by building less but better

Governance Feminism Janet Halley, Prabha Kotiswaran, Rachel Rebouché, Hila Shamir, 2019-03-26 An interdisciplinary multifaceted look at feminist engagements with governance across the global North and global South Governance Feminism Notes from the Field brings together nineteen chapters from leading feminist scholars and activists to critically describe and assess contemporary feminist engagements with state and state like power Gathering examples from North America South America Europe Asia and the Middle East it complements and expands on the companion volume Governance Feminism An Introduction Its chapters argue that governance feminism GF is institutionally diverse and globally distributed emerging from traditional sites of state power as well as from various forms of governance and operating at the grassroots level in the private sector in civil society and in international relations The book begins by confronting the key role that crime and punishment play in GFeminist projects Here contributors explore the ideological and political conditions under which this branch of GF became so robust and rethink the carceral turn Other chapters speak to another face of GFeminism feminists finding in mundane and seemingly unspectacular bureaucratic tools leverage to bring about change in policy and governance practices Several contributions highlight the political strategic and ethical challenges that feminists and LGBT activists must negotiate to play on the governmental field The book concludes with a focus on feminist interventions in postcolonial legal and political orders looking at new policy spaces opened up by conflict postconflict and occupation Providing a clear cross cutting critical lens through which to map developments in feminist governance around the world Governance Feminism Notes from the Field makes sense of the costs and benefits of current feminist realities to reimagine feminist futures Contributors Libby Adler Northeastern U Aziza Ahmed Northeastern U Elizabeth Bernstein Barnard College Amy J Cohen Ohio State U Karen Engle U of Texas at Austin Jacob Gersen Harvard U Leigh Goodmark U of Maryland Aeyal Gross Tel Aviv U Aya Gruber U of Colorado Boulder Janet Halley Harvard U Rema Hammami Birzeit U Palestine Vanja Hamzi U of London Isabel Cristina Jaramillo Sierra Prabha Kotiswaran King s College London Maleiha Malik King s College London Vasuki Nesiah New York U Dianne Otto Melbourne Law School Helen Reece Darren Rosenblum Pace U Jeannie Suk Gersen Harvard U Mariana Valverde U of Toronto

Econometric Analyses of International Housing Markets Rita Yi Man Li, Kwong Chau, 2016-03-31 This book explores how econometric modelling can be used to provide valuable insight into international housing markets Initially describing the role of econometrics modelling in real estate market research and how it has developed in recent years the book goes on to compare and contrast the impact of various macroeconomic factors on developed and developing housing markets Explaining the similarities and differences in the impact of financial crises on housing markets around the world the author s econometric analysis of housing markets across the world provides a broad and nuanced perspective on the impact of both international financial

markets and local macro economy on housing markets With discussion of countries such as China Germany UK US and South Africa the lessons learned will be of interest to scholars of Real Estate economics around the world Municipal Journal, Public Works Engineer Contractor's Guide ,1950-05 *Proceedings of the 20th International Symposium on Advancement of Construction Management and Real Estate* Yuzhe Wu, Sheng Zheng, Jiaojiao Luo, Wei Wang, Zhibin Mo, Liping Shan, 2016-05-27 These conference proceedings offer an outstanding resource for academics and professionals sharing essential findings on the latest developments in real estate and construction management The subject is Advancement of Construction Management and Real Estate in the context of new type urbanization The Chinese Research Institute of Construction Management CRIOCM working in close collaboration with Zhejiang University organized CRIOCM2015 the 20th International Symposium Written by academics and professionals from all over the world these proceedings discuss the latest achievements research outputs and advances between frontier disciplines in the field of construction management and real estate They cover a wide range of topics including new type urbanization land development and land use urban development and management the real estate market and housing policies The discussions will provide an important reference source on the implementation of new type urbanization in China and abroad **Building the Future: Innovation, Sustainability, and Collaboration in Construction** Ramabodu Molusiwa Stephan, Clinton Aigbavboa, Samuel Herald Chikafalimani, 2025-09-26 This conference proceedings present cutting edge research that is shaping the future of the construction industry It has a strong emphasis on sustainability digital transformation and emerging technologies It contains contributions from experts in academia industry and policy who engage in critical discussions on how artificial intelligence digitalisation and innovation can drive efficiency enhance project outcomes and modernise the sector The proceedings address key challenges including skills shortages infrastructure limitations and adoption barriers to help foster industry wide transformation The cidb conference attracted researchers industry professionals policymakers and stakeholders from across the construction sector and its proceedings offer valuable insights into emerging trends and best practices The conference proceedings are designed for those seeking to explore the intersection of technology sustainability and construction management in an evolving global landscape

The Captivating World of Kindle Books: A Detailed Guide Unveiling the Benefits of E-book Books: A World of Ease and Flexibility Kindle books, with their inherent portability and ease of access, have liberated readers from the limitations of physical books. Gone are the days of lugging bulky novels or meticulously searching for particular titles in bookstores. Kindle devices, sleek and portable, seamlessly store an wide library of books, allowing readers to indulge in their preferred reads anytime, anywhere. Whether traveling on a busy train, lounging on a sunny beach, or simply cozying up in bed, E-book books provide an unparalleled level of ease. A Literary World Unfolded: Discovering the Wide Array of Kindle Africa Property Construction Cost Guide 2016 Africa Property Construction Cost Guide 2016 The E-book Store, a virtual treasure trove of bookish gems, boasts an extensive collection of books spanning diverse genres, catering to every readers taste and preference. From captivating fiction and thought-provoking non-fiction to classic classics and modern bestsellers, the Kindle Shop offers an unparalleled variety of titles to explore. Whether seeking escape through immersive tales of imagination and adventure, diving into the depths of historical narratives, or expanding ones knowledge with insightful works of science and philosophical, the E-book Shop provides a gateway to a bookish world brimming with limitless possibilities. A Transformative Factor in the Literary Landscape: The Enduring Influence of E-book Books Africa Property Construction Cost Guide 2016 The advent of E-book books has certainly reshaped the literary landscape, introducing a paradigm shift in the way books are published, disseminated, and consumed. Traditional publishing houses have embraced the digital revolution, adapting their approaches to accommodate the growing need for e-books. This has led to a surge in the availability of Kindle titles, ensuring that readers have access to a wide array of literary works at their fingertips. Moreover, E-book books have equalized access to literature, breaking down geographical barriers and offering readers worldwide with similar opportunities to engage with the written word. Irrespective of their location or socioeconomic background, individuals can now immerse themselves in the intriguing world of literature, fostering a global community of readers. Conclusion: Embracing the Kindle Experience Africa Property Construction Cost Guide 2016 Kindle books Africa Property Construction Cost Guide 2016, with their inherent convenience, flexibility, and wide array of titles, have certainly transformed the way we encounter literature. They offer readers the freedom to discover the limitless realm of written expression, whenever, everywhere. As we continue to travel the ever-evolving online landscape, E-book books stand as testament to the persistent power of storytelling, ensuring that the joy of reading remains accessible to all.
