After The Prophet By Lesley Hazleton:

After the Prophet Lesley Hazleton, 2009-09-15 In this gripping narrative history Lesley Hazleton tells the tragic story at the heart of the ongoing rivalry between the Sunni and Shia branches of Islam Fascinating Lively and engaging Anyone seeking to understand today's Middle East can learn from this book Seattle Times Even as Muhammad lay dying the battle over who would take control of the new Islamic nation had begun beginning a succession crisis marked by power grabs assassination political intrigue and passionate faith Soon Islam was embroiled in civil war pitting its founder's controversial wife Aisha against his son in law Ali and shattering Muhammad's ideal of unity Combining meticulous research with compelling storytelling After the Prophet explores the volatile intersection of religion and politics psychology and culture and history and current events It is an indispensable guide to the depth and power of the Shia Sunni split

The First Muslim Lesley Hazleton, 2013-01-24 The extraordinary life of the man who founded Islam and the world he inhabited and remade Lesley Hazleton's new book Agnostic A Spirited Manifesto is out now from Riverhead Books Muhammad's was a life of almost unparalleled historical importance yet for all the iconic power of his name the intensely dramatic story of the prophet of Islam is not well known In The First Muslim Lesley Hazleton brings him vibrantly to life Drawing on early eyewitness sources and on history politics religion and psychology she renders him as a man in full in all his complexity and vitality Hazleton's account follows the arc of Muhammad's rise from powerlessness to power from anonymity to renown from insignificance to lasting significance How did a child shunted to the margins end up revolutionizing his world How did a merchant come to challenge the established order with a new vision of social justice How did the pariah hounded out of Mecca turn exile into a new and victorious beginning How did the outsider become the ultimate insider Impeccably researched and thrillingly readable Hazleton's narrative creates vivid insight into a man navigating between idealism and pragmatism faith and politics nonviolence and violence rejection and acclaim The First Muslim illuminates not only an immensely significant figure but his lastingly relevant legacy

The Prophet's Heir Hassan Abbas, 2021-02-23 The life and legacy of one of Mohammad's closest confidants and Islam's patron saint Ali ibn Abi Talib Ali ibn Abi Talib is arguably the single most important spiritual and intellectual authority in Islam after prophet Mohammad Through his teachings and leadership as fourth caliph Ali nourished Islam But Muslims are divided on whether he was supposed to be Mohammad's political successor and he continues to be a polarizing figure in Islamic history Hassan Abbas provides a nuanced compelling portrait of this towering yet divisive figure and the origins of sectarian division within Islam Abbas reveals how after Mohammad Ali assumed the spiritual mantle of Islam to spearhead the movement that the prophet had led While Ali's teachings about wisdom justice and selflessness continue to be cherished by both Shia and Sunni Muslims his pluralist ideas have been buried under sectarian agendas and power politics Today Abbas argues Ali's legacy and message stands against that of ISIS Al Qaeda and Taliban

Land Between the Rivers Bartle Bull, 2024-09-10 The epic five millennia history of the region between the Tigris and

Euphrates Rivers that was the birthplace of civilization and remains today the essential crossroads between East and West At the start of the fourth millennium BC at the edge of historical time civilization first arrived with the advent of cities and the invention of writing that began to replace legend with history This occurred on the floodplains of southern Iraq where the great rivers Tigris and Euphrates meet the Persian Gulf By 3000 BC a city called Uruk from which Iraq is derived had 80 000 residents Indeed as Bartle Bull reveals in his magisterial history if one divides the 5 000 years of human civilization into ten periods of five centuries each during the first nine of these the world s leading city was in one of the three regions of current day Iraq or to use its Greek name Mesopotamia Inspired by extensive reporting from the region to spend a decade delving deep into its history Bull chronicles the story of Iraq from the exploits of Gilgamesh almost certainly an historical figure to the fall of the Iraqi monarchy in 1958 that ushered in its familiar modern era The land between the rivers has been the melting pot and battleground of countless outsiders from the Akkadians of Hammurabi and the Greeks of Alexander to the Ottomans of Suleiman the Magnificent Here by the waters of Babylon Judaism was born and the Sunni Shia schism took its bloody shape Central themes play out over the millennia humanity s need for freedom versus the co eternal urge of tyranny the ever present conflict and cross fertilization of East and West with Iraq so often the hinge We tend to view today s tensions in the Middle East through the prism of the last hundred years since the Treaty of Versailles imposed a controversial realignment of its borders Bartle Bull s remarkable sweeping achievement reminds us that the region defined by the land between the rivers has for five millennia played a uniquely central role on the global stage

An American History Lesson and a Wake up Call for America Jack B. Walters,2013-07-25 These articles and book reports have been written in the hope that readers could believe as I do that the world including our country is in great danger for multiple of reasons 1 The spread of adherents to Islam threaten to engulf all persons of different faiths They are winning through violence but also just by having more babies than every other culture The leaders of Europe and America refuse to accept how evil this belief system is and how they have only one agendaand that is to have dominion over all nations 2 Our Constitution has been destroyed by the administration of President Obama and the Supreme Court He does whatever he wants regardless of the Congress The Court extended the commerce authority to allow the government to force citizens to purchase a service and allowed the corporations to spend anything they want to affect the outcome of elections 3 We are drowning in debt but continue to add costly programs making it even worse without making any attempt to reduce the strain Military adventures continue without end Government handouts to the so called needy have created a permanent underclass of people being supported while not required to put forth effort 4 The government refuses to take the steps needed to become energy efficient which could be accomplished easily thereby freeing us from OPEC For those of you who dont remember in the 50s we exported oil

Through Dust and Darkness Jeremy Kroeker,2013-09-25 Jeremy Kroeker is a Mennonite with a motorcycle He doesn t have a funny beard and he s never even driven a buggy but his family hails from the same Mennonite community that Miriam

Toews fictionalized in *A Complicated Kindness* From childhood through college Kroeker attended Christian schools where he learned to think critically back to predetermined conclusions Years later when his faith begins to unravel Kroeker stops short of tossing it all aside choosing instead to leave every unanswered question hanging there on the edge of his mind He might have gotten away with it too except for a drunken resolution that forces the issue of God back into his life In the fall of 2007 Kroeker decides to ride his motorcycle across Europe and into the theocratic nation of Iran a nation ruled by God In the end Kroeker finds himself on a forbidden visit to the holiest Muslim shrine in all of Iran Once inside invisible hands reach into Kroeker's chest and rip from his heart a sincere prayer his first in many years And God hears that prayer For before Kroeker can escape Mashhad God steals into his hotel room one night to threaten him with death At least that's one way to look at it Throughout the narrative Kroeker swings from dogmatic belief in God to overwhelming doubt before finally deciding that the key to approaching God is humility He understands that uncertainty is not only an acceptable state of mind when considering the Divine but it is necessary He will always fear God But who knows Perhaps if he keeps riding one of these days God will speak clearly And that frightens him too

Citadel of Shia Imams Mahboob Illahi, 2020-01-01 Unfairly demonized by its adversaries including the Sunni Arab countries along with the US and EU Iran is wary of the world's powers after having been preyed upon to achieve other countries political aims Iranians are Shia Muslims a minority sect comprising only 10 to 15% of the billion plus Muslims in the world Shias persecution and marginalization began in ancient times after the demise of the Prophet of Islam in 632 and has continued ever since In modern times their worldwide oppression has been spearheaded by Saudi Arabia whose religion considers Shias to be apostates who deserve to be killed and its allies a persecution that began with the 1979 Iranian Revolution which was followed by the unprovoked invasion of Iran by Iraq in 1980 and the successful defence of this invasion by Iran's revolutionary forces Building upon this history Iran the Citadel of Shia Imams details the alarming aggression of the Sunni countries of the Middle East against the Shia led regimes of Iraq Syria and Yemen a relentless persecution of Shia Muslims and extreme injustice and aggression towards them the details of which need to be brought to light The unfortunate and reckless support of Saudi Arabia and its allies by the US and many

other Western nations has perpetuated a blatant infringement upon the human rights of Iranians and Shia Muslims elsewhere The oppression of Iranians continues in the form of toughened US sanctions contrary to international law
