Against The Tide Love In A Time Of Petty Dreams And Persisting Enmities:

Against the Tide Miroslav Volf, 2010 This compelling collection gathers together articles previously published in The Christian Century from 1996 to 2008 The result is a cohesive book that unerringly points away from pettiness and selfishness and toward the love Christians are called to exemplify *Sharing Wisdom* Alon Goshen-Gottstein, 2018-08-08 The essays collected here prepared by a think tank of the Elijah Interfaith Academy explore the challenges associated with sharing wisdom learning teachings messages for good living How should religions go about sharing their wisdom These chapters representing six faith tradition Jewish Christian Muslim Hindu Sikh and Buddhist explore what wisdom means in each of these traditions why and how it should be shared internally and externally and the role of love and forgiveness in sharing This book offers a theory that can enrich ongoing encounters between members of faith traditions by suggesting a tradition based practice of sharing wisdom while preserving the integrity of the teaching and respecting the identity of anyone with whom wisdom is shared Contributors Pal Ahluwalia Timothy Gianotti Alon Goshen Gottstein Sallie B King Anantanand Rambachan Meir Sender Miroslav Volf *The Message of Love* Patrick Mitchel, 2019-09-19 Love such a deceptively simple and popular little word It is universally agreed that we need love to live and flourish as human beings and yet within our contemporary culture there are numerous confusing competing and evolving ideas about what love is There are few greater subjects in Christian theology than love yet it is a surprisingly complex and challenging concept to understand let alone live out faithfully Patrick Mitchel s conviction is that Christians need to be thinking about and practising love in compelling and authentic ways Our task is not only to articulate what love is but also to show to the world what true Christian love looks like in practice The only thing that counts is faith expressing itself through love Gal 5 6 NIV Mitchel s exposition explores love in the Old Testament how the love of God is supremely revealed in the mission and death of Jesus Christ love in the life and teaching of Jesus and the church s calling to be a community of love He helps us to grasp afresh the breadth depth scope and radically counter cultural nature of the Bible s teaching on love With a fully integrated study guide suitable for both individuals and groups The Message of Love will help you to see how the Bible s unified teaching on this vital theme can impact your life today *The Role of Ethics in International Law* Donald Earl Childress, III, 2011-11-14 The purpose of this book is to explore what role ethical discourse plays in public and private international law The book seeks 1 to delineate the role of ethical investigation in creating sustaining challenging and changing international law and 2 to open up a conversation between two related disciplines public and private international law that frequently labor in different vineyards By examining the role of ethical discourse in international law s public and private dimensions this volume will hopefully open new avenues for cross disciplinary exchange in these important fields and related disciplines The chapters in this book show that there is a way to engage the ethical dimension of international law without seeking to use ethics as raw politics and the will to power **Hope for the Oppressor** Patrick Oden, 2019-07-26 The liberating work of God calls the oppressed

out of oppression and the oppressor out of oppressing The challenge in seeking a thorough liberation of oppressors is to help them understand their need for freedom and how to seek this freedom in their own contexts Patrick Oden provides a holistic biblical historical and theological analysis that diagnoses the underlying motivations and inclinations that lead to oppression Part one addresses the context of oppression in which most participants in oppression do not actively seek to harm others but are caught up in systems that tend toward the diminishment of others Part two examines the biblical and early Christian response to oppression discovering a thread that avoids condemning participation in society generally while also cautioning the people of God about being co opted by society Part three discusses how oppressors can withdraw from oppression through a constructive analysis of four contemporary theologians Wolfhart Pannenberg Jürgen Moltmann Sarah Coakley and Jean Vanier each of whom contributes to a widening vision of liberated and liberating life in which the once oppressed and former oppressor can find peace together in community

A Public Faith Miroslav Volf, 2011-08-01 Covering such timely issues as witness in a multifaith society and political engagement in a pluralistic world this compelling book highlights things Christians can do to serve the common good Now in paperback Praise for the cloth edition Named one of the Top 100 Books and one of the Top 10 Religion Books of 2011 by Publishers Weekly Accessible wise guidance for people of all faiths Publishers Weekly starred review Highly original The book deserves a wide audience and is one that will affect its readers well after they have turned the final page Christianity Today 5 star review

Speaking of Evil Matthew Boedy, 2018-10-15 Rhetoric and the Responsibility to and for Language *Speaking of Evil* relocates the problem of evil the question of why God would allow for the existence of evil and surveys it as a rhetorical problem It raises this question if we speak evil how shall we speak of evil When we communicate we are naming and evil as the corruption of language plays a central role in that naming Evil freezes our words convinces us we have the sole right to their definitions and generally stifles the dynamic gift of language By looking at how people in different eras and situations have named evil this book suggests how we can better take responsibility for our words and why we owe a responsibility to language as our ethical stance toward evil

After Doubt A. J. Swoboda, 2021-03-02 Is there a way to walk faithfully through doubt and come out the other side with a deeper love for Jesus the church and its tradition Can we question our faith without losing it Award winning author pastor and professor A J Swoboda has witnessed many young people wrestle with their core Christian beliefs Too often what begins as a set of critical and important questions turns to resentment and faith abandonment Unfortunately the church has largely ignored its task of serving people along their journey of questioning The local church must walk alongside those who are deconstructing their faith and show them how to reconstruct it Drawing on his own experience of deconstruction Swoboda offers tools to help emerging adults navigate their faith in a hostile landscape Doubt is a part of our natural spiritual journey says Swoboda and deconstruction is a legitimate space to encounter the living God After Doubt offers a hopeful practical vision of spiritual formation for those in the process of faith deconstruction and those who serve them Foreword by pastor

and author John Mark Comer **God in the Whirlwind** David F. Wells, 2014-01-31 Building on years of research and teaching experienced author and theologian David Wells offers a remedy for evangelicalism's superficial theology and weightless conception of God a journey to discover the paradoxical nature of his holiness and love We all struggle at times to hold that paradox together commonly resulting in problems such as liberalism or legalism Yet understanding how God's holiness is inextricably bound to his love is what enables us to live between the two extremes and defines our life of service in this world In the vein of classics such as Packer's *Knowing God* Wells's biblical theology is written at an accessible level so that all readers can cultivate a balanced vision of the God who belongs in the center of it all **Witness to Life Worth Living** Aleksandar S. Santrac, 2016-05-03 This book is an exposition of the basic themes of the work of Miroslav Volf the Yale ecumenical theologian who has written much about the ethics of embrace life worth living and human flourishing and my personal reflections on these themes The volume is the first of its kind So far there has been no attempt to systematize Volf's theology and ethics However the book is not just a simple description of Volf's work It tries to merge into one single theological reflection Volf's two basic paradigms the ethics of embrace and the concept of life worth living It also demonstrates a unique approach from the perspective of the personal and spiritual reflections of the author who shares a worldview similar to Miroslav Volf's The book is strengthened by many references to personal interviews and conversations with Miroslav Volf **Taking Up Preaching** Blayne A. Banting, 2023-07-21 As the complexity of our world increases exponentially there is need for preachers to understand their identities and roles in this new reality and to navigate the landscape of the new challenges facing the contemporary church Blayne Banting offers seasoned reflections on how contemporary preachers can build upon what cannot change in ways that frees them to practice their ministries creatively in ways which must change Eccentricity David Arthur Auten, 2014-04-22 The church has been inundated in recent years with literature emphasizing the relational and the value of community David Auten provides an alternative perspective and counterbalance bringing our attention back to the other indispensable side to the communal the individual and the sacredness of the self *Eccentricity* is a sustained meditation on this strange and fundamental fact there has never been nor will there ever be another you You are inescapably and irrevocably different But what does your difference mean And who are you really Weaving together insights from Calvin Caussade Jung Derrida Wolterstorff and others Auten guides the reader through a spiritual exploration of the difference implicit in being a self the divine calling to make a difference and the interconnectedness of the two The result is an arresting bricolage reminding us of the wonderfully eccentric nature of human existence *Sharing God's Blessing* Robin Greenwood, 2016-01-21 A tried and tested resource for the renewal of the local church Faced with the unsustainability of many inherited patterns of church the temptation may be to fall into despondency rather than seeking to regenerate patterns of mission and ministry This book is the result of a two year research project aimed at enabling local churches to regain a sense of confidence through exploring God's blessing and how that might be

shared with the communities they serve In Part One Robin Greenwood explores the meaning of blessing and the power of face to face group conversations to transform church congregations Part Two of the book contains outlines for five guided conversations for change on the theme of blessing Part Three contains case study material of how this material has been used in different contexts including for Mission Action Planning MAP

Biblical Truths Dale B. Martin, 2017-02-21 A leading biblical scholar's landmark work challenges the historical realism that has dominated the discipline for more than two centuries How can a modern person informed by science and history continue to recite the traditional creeds and confessions of the Christian church What does the Bible mean and how do we verify biblical truths In this groundbreaking book a leading biblical scholar urges readers to be more creative interpreters of biblical texts mapping out an alternative way of reading that is not first and foremost about understanding what those texts would have meant for the original authors and readers Limiting our study to the ancient meaning of the text he argues has produced either bad history or bad theology or both One cannot derive robustly orthodox Christian doctrine or theology from a mere historical interpretation of the Bible Martin offers instead theological readings of the New Testament that are faithful to Christian orthodoxy as generally understood but without attempting a foundationalist understanding of the meaning of the text His provocative and ambitious book demonstrates how theology and scripture can remain vital in the twenty first century

Generous Justice Timothy Keller, 2012-08-07 Keller explores a life of justice empowered by an experience of grace

Sacred Rhetoric David M. Barbee, Brent C. Sleasman, 2024-03-06 There have always been historical and philosophical connections between the study of religion and rhetoric and yet the phrase sacred rhetoric is rarely found within scholarly conferences presentations and publications The editors of this collection intend to fill this void by presenting a collection of essays which define in the broadest terms possible sacred rhetoric as necessary discourse of on religion The contributors represent multiple perspectives and disparate academic fields such as philosophy biblical studies rhetoric and communication and each essay is united by a common concern for public discourse that examines the intersection between religion rhetoric culture and identity Collectively these essays dissect the manner in which religious actors or religious themes inform various layers of cultural discourse The goal is to foster discussion based upon a greater awareness of the issues at stake and contribute to ongoing discourse about identity and meaning

Religious Identity and Cultural Negotiation Jenny McGill, 2016-07-22 Given increasing global migration and the importance of positive cross cultural relations across national borders this book offers an interdisciplinary and intercultural exploration of identity formation It uniquely draws from theology psychology and sociology engaging narrative and identity theories migration and identity studies and the theologies of identity and migration and builds on them in an unprecedented study of international migrants to construct an initial theology of Christian identity in migration New sociological research describes the social construction of religious ethnic and national identities among non North American evangelical graduates who entered the United States to pursue advanced academic studies from 1983 to

2013 It provides an intercultural account of Christian identity formation in the context of migration transnationalism and globalization It ultimately argues that an integral component of Christian identity making involves the concept of migration of movement toward a transformation

Joined-Up Life Andrew J. B. Cameron, 2013-01-24 Finding our best humanity in Jesus Christ is the key theme of Andrew Cameron's fresh exploration in which he seeks to understand ethics as springing from Jesus and to show how identifying with Jesus Christ brings order and clarity to human life In a world where everyone is an expert on right and wrong this book tries to show how Jesus unifies the best of what you hear He joins up messy lives Cameron's accessible coherent and innovative analysis is divided into seven parts Each part contains several self contained chapters that address some specific aspect of Christian thinking about ethics and life and each chapter is cross referenced to other key chapters The chapters may be read in sequence or dipped into in any order Part 1 considers some common ways of thinking about ethics e.g. rules rights values and results Part 2 considers some arenas we are unaware of but that have a huge impact on how we live Part 3 shows how Jesus Christ becomes a better main category than ethics for determining who we are and what we do Part 4 builds a unified field shaped in response to Jesus Christ by which we can orient ourselves to whatever is around us Part 5 examines some means by which we approach the daily details of life within this overall orientation Part 6 looks at some aspects of our life package or vocation to see how they are located within the unified field Part 7 visits some areas of discussion that cause great disagreement between Christians and others and tries to show why Cameron offers a stimulating reappraisal of our cluttered tumultuous lives and encourages us to see life through a different lens

Education and Technological Unemployment Michael A. Peters, Petar Jandrić, Alexander J. Means, 2019-04-29 This book examines the challenge of accelerating automation and argues that countering and adapting to this challenge requires new methodological philosophical scientific sociological economic ethical and political perspectives that fundamentally rethink the categories of work and education What is required is political will and social vision to respond to the question What is the role of education in a digital age characterized by potential mass technological unemployment Today's technologies are beginning to cost more jobs than they create and this trend will continue There have been many proposed solutions to this problem and they invariably involve an educational vision Yet in a world that simply doesn't offer enough work for everyone education is clearly not a panacea for technological unemployment This collection presents responses to this question from a wide spectrum of disciplines including but not limited to education studies philosophy history politics sociology psychology and economics

Mark and Literary Materialism Niall McKay, 2022-07-26 The interpretation of the Bible is intricately interwoven with the history of and rhetoric of European colonization During the modern era the traditions of biblical interpretation played a crucial framing role in the emergence of industrialized nation states the capitalist mode of production and the colonial enterprises of European powers While the Bible has been used to justify the power of ruling classes and dominating nations it has also been a source of liberative and resistant political discourse In this book Niall

McKay uses the tools of literary materialism to read the gospel of Mark and build upon the representational epistemology and patterns of interpretation of the rich Marxism of the Frankfurt school. This reading is framed against and around the liberative biblical movements of late colonial and post colonial South Africa in order to develop ways of reading which are generative of liberation. As a consequence the author makes a valuable contribution to an ongoing politics and practice of resistance that is attentive to issues of religious collaboration, liberation, colonialism and the ends of late capitalism.
