Al Hidayah Hanafi Fiqh:

Al - Hidayah (The Guidance) Burhan Ad-Din Al-Farghani Al-Marghinani, 2020-10-19 The Hidayah has dominated the field of Islamic jurisprudence since the day it was written over 800 years ago. It has been the primary text used by Muslim jurists to issue authentic and reliable rulings on Islamic law according to the school of Imam Abu Hanifa d 150H 767CE. The Hidayah commands such an authoritative position amongst the doctors of law that the knowledge of a scholar who has not read it is not considered reliable. It has been a standard text in the curricula of Islamic law schools since the 12th century. It was first translated into English by Charles Hamilton in 1791. Around 70 huge commentaries, some spread over more than a dozen volumes, have been written on it. The number of explanatory glosses is in thousands. Comprehensive in content and conveniently organized, with the publication of this, all previous works that discussed Islamic jurisprudence according to the Hanafi law become outmoded and soon fell into disuse. If revealed books are not taken into account, never has a book received so much attention as the Hidayah. This landmark publication of the Hidayah not only has been translated in its entirety for the first time but has been done so from Arabic, the language in which it was written. The author Shaykh Al Islam Burhan Al Din Marghanani d 593 AH 1197 CE was considered to be the leading jurist of the Muslim world in his times. The Hidayah is justly celebrated as the most practical and useful summary compilation of Hanafi jurisprudence. It has been a standard text in the curricula of Islamic law schools since the 12th century. It was first translated by Charles Hamilton in 1791. A new translation into modern English has been long overdue. This translation by Imran Ahsan Khan Nyazee is both precise and straightforward. With his knowledge of Islamic law and jurisprudence combined with his command of both the Arabic and English languages, he has conveyed the meaning of the original with great clarity. The Hidayah is a dense work intended for use in teaching Hanafi fiqh; it is a work that needs explication if its arguments are to be understood fully. This, the translator has provided through these valuable notes. Dr Mohammad Akram Nadwi, research fellow, Oxford Centre for Islamic Studies, Oxford.

analysis of al Damanih's own intellectual autobiography. As such, the book provides an important window into a period that remains deeply understudied and a topic that continues to cause debates and controversies. This study therefore will be of keen interest to scholars working on the post-Classical Islamic world as well as historians of religion, science, and medicine looking beyond Europe in the Early Modern period.

Sexuality Education from an Islamic Perspective G. Hussein Rassool, Muhammad Aftab Khan, Shaikh Abdul Mabud, Muhammad Ahsan, 2020-02-13. We live in an over-sexualised culture where sex and sexuality have become part of the public domain. This sexual revolution challenges Judeo-Christian and Islamic norms and boundaries. As such, sexuality education is a sensitive and extremely important issue, and its current implementation in schools has raised public concerns. This book explores the subject contextualising it within the matrix of Islamic beliefs and practices. Islam binds sexuality and sexual education to a moral grid with rights and obligations, justice and equity. There is a dominant discourse and stereotype around Islamic sexuality which presents sex and sexuality as the biggest taboo, fraught with fear and seldom discussed. This book dispels such myths and misconceptions, providing an overview of sexuality education in the modern world and the need for such education.

Studies in Islamic Legal Theory Bernard G. Weiss, 2002. This volume contains groundbreaking studies on such matters as the early development of legal theory in Islam, the emergence of usul al-fiqh theory, *vis a vis* practice, various controversies among Muslim theorists, the construction of juristic authority, reformist concepts, and the role of *qaw'id*.

The Islamic Secular Sherman A. Jackson, 2024. This book argues that the meaning of secular in the West and in Islam differ fundamentally. Though the Islamic secular is a liberation from Islam's sacred law (*shari'ah*), it is neither outside religion nor a rival to it; it seeks neither to discipline nor displace religion nor expand its own jurisdiction at religion's expense. The Islamic Secular is, in Sherman Jackson's view, a complement to religion in effect a religious secular. In this book, Jackson makes the case for the Islamic Secular on the basis of Islam's own pre-modern juristic tradition and shows how the Islamic Secular impacts the relationship between Islam and the modern state, including the Islamic State.
