Muslims and the New Information and Communication Technologies Thomas Hoffmann, Göran

Larsson, 2014-01-10 This volume deals with the so called new Information and Communication Technologies ICT and their interrelationship with Muslims and the interpretation of Islam This volume taps into what has been labelled Media Studies 2.0 which has been characterized by an intensified focus on everyday meanings and lay users in contrast to earlier emphases on experts or self acclaimed experts This lay adoption of ICT and the subsequent digital literacy is not least noticeable among Muslim communities According to some global estimates one in ten internet users is a Muslim This volume offers an ethnography of ICT in Muslim communities The contributors to this volume also demonstrate a new kind of moderation with regard to more sweeping and avant gardistic claims which have characterized the study of ICT previously This moderation has been combined with a keen attention to the empirical material but also deliberations on new quantitative and qualitative approaches to ICT Muslims and Islam for instance the digital challenges and changes wrought on the Qur'an Islam's sacred scripture As such this volume will also be relevant for people interested in the study of ICT and the blooming field of digital humanities Scholars of Islam and the Islamic world have always been engaged and entangled in their object of study The developments within ICT have also affected how scholars take part in and influence public Islamic and academic discussions This complicated issue provides basis for a number of meta reflexive studies in this volume It will be essential for students and scholars within Islamic studies but will also be of interest for anthropologists sociologists and others with a humanistic interest in ICT religion and Islam Reading in Professional Context Ismail, S.Pd., M.Pd., 2018-12-25 When studying

collection of essays highlights the topic of the ethics of care in times when it is difficult for human beings to ensure survival for themselves Taking care is an expression that could refer to the most varied situations of social life taking care of one's loved ones taking care of oneself taking care of the environment in which we live taking care of life itself and every nuance as well as taking care of those you meet along the way The emergency scenarios and the frenetic social changes that are before us put a strain on our motivation to take care and cause us to turn our attention to solving everyday problems However do these scenarios and changes have the power to undo the various sensitivities regarding caring for someone or something else The content of taking care concerns different ways of thinking such as critical thinking **ICONQUHAS 2018** Yusuf

how the God of the Bible differs from the Islamic Allah How does a covenant keeping God interact in the divine human relationship In what ways does a contract demanding Allah vary from biblical truth This comparative religious exploration will equip Christians to clarify the difference Searching Below the Surface A Deeper look at Covenant and Contract prepares the reader to present biblical truths by exposing Muslim ideas The book unearths the often unseen perspectives of a covenant God called Yahweh and a deity prone to contract Allah The book seeks to answer these questions How does Yahweh's Oneness promote covenant understanding How do Muslims define the Absolute Oneness of Allah How do the Creation accounts in the Bible and Quran reflect theology In what ways does Islam ignore a covenant ethos What are the implications of covenant and contract when applied to marriage Since covenant marriage patterns divine oneness in how spouses relate and share sacrificially this mode of marriage mirrors the character of the biblical God Marriage in the Bible reflects a relationship found in the divine Godhead and how he interacts with believers Nakhati Jon skillfully searches below the surface to understand the roots of the thinking of our Muslim friends and neighbors and Christians Patrick Cate Ph D In a covenant marriage the husband and wife become one which means more than physical oneness but a mystical spiritual unity that reflects the Trinity of Oneness Nakhati Jon Oneness describes the Islamic idea concerning deity but undermines the ideas of Islamic marriage Nakhati Jon Excerpt On another scorching sweltering day in Central Asia we traveled to the capital in our rented taxi As per custom my wife sat in the back with our kids while I sat in the front chatting with the driver Dust and welcome air flew in through the open windows and we talked loudly to drown out the wind Then the inevitable conversation began Driver Central Asian women are beautiful aren't they My back prickled in response to my wife's almost palpable eye roll Me My wife is beautiful Driver You should get a second wife I felt my wife rethinking pacifism Me Emphatically God is one Therefore I will have only one wife Driver Oh this is true Pause Does your wife speak the language Me Fluently And she doesn't like what you're saying Years later my wife confessed she had ignored the illogic of the One God one wife statement in return for its success as a conversation stopper But in researching I happily discovered my shot at philosophy had been logical after all In fact my bit of accidental wisdom carried foundational truths about Yahweh's nature his relationship with man and his plan for marriage
