LaChance, 2017-02-08 For Steven A LaChance the possession case that inspired The Exorcist has always felt incomplete In this book he shows how the official account crumbles under scrutiny revealing instead a story of familial horror and spiritual corruption that implicates the highest levels of the Catholic Church Known as the 1949 St Louis Exorcism the harrowing story of a possessed child and his terrified family was immortalized in The Exorcist While theories and rumors about the case abound none of them explain how a young child could have been possessed to the degree described in Father Raymond Bishop's infamous diary Join Steven A LaChance author investigator and himself the survivor of a long term demonic attack as he shares shocking evidence for how seemingly benign events progressed into a full blown demonic possession While the conventional story is that the boy brought the infestation upon himself this book presents an alternative interpretation and provides new insights into the nature of possession itself As

Laycock,2015-05-26 This book provides a fascinating historical and cultural overview of traditional beliefs about spirit possession and exorcism around the world from Europe to Asia and the Middle East to the Americas Possession and exorcism are elements that occur in nearly every culture Why is belief in spiritual possession so universal This accessible reference volume offers a broad sample of the traditions and cultures involving possession and exorcism presenting thoughts on this widely popular topic by experts from the fields of anthropology sociology religious studies history neuroscience forensics and theology The entries cover the subject of possession and exorcism across all inhabited continents from the Bronze Age to the 21st century providing information that is accessible and intriguing as well as scholarly and authoritative Beyond addressing the Christian tradition of possession and exorcism Pentecostalism and New Age and less widely known Western concepts about possession and exorcism this work examines ideas about possession and exorcism from other world religions and the indigenous cultures of Asia Africa and the Americas It also covers historic cases of possession and presents biographies of famous theologians exorcists and possessed individuals High school and undergraduate readers will learn about world history religious and spiritual traditions and world cultures through a topic that figures prominently in popular culture and modern entertainment Bibliographies that accompany each entry as well as a selected general bibliography serve to help students locate print and electronic sources of additional information *Prophet of Evil: Aleister Crowley, 9/11 and the New World Order* William Ramsey,2010-07-24 Do the numbers suffusing the day of September 11th have occult significance Why are the numbers 11 77 93 and 175 extremely significant in understanding the event How did Aleister Crowley influence the events of 9 11 considering the fact that he died in 1947 How did Aleister Crowley inspire the doctrines of the New World Order The answers to these questions is contained in the riveting book Prophet of Evil Aleister Crowley 9 11 and the New World Order **Ouija** Katherine Schmidt,2025-09-05 Tapping into a growing interest in American culture with the occult and new spiritualism this book is the first scholarly work devoted entirely to the unique place of Ouija in American culture On the one hand Ouija has at different moments in history pointed to a deep fascination and openness with the supernatural in the American psyche On the other hand Ouija resides squarely outside of orthodox religious belief and as we shall see garners suspicion and even outright rejection from various Christian traditions especially Thus this cardboard doorway to the supernatural continues to reflect some of the most interesting paradoxes in American life Bringing together an international team of scholars this book shows that what qualifies as religious remains an open question and how Americans continue to grapple with what practices lie within and without the traditions they inherit and pass on **The Encyclopedia of Demons and Demonology** Rosemary Guiley,2009 Explores this dark aspect of folklore and religion and the role that demons play in the modern world Includes numerous entries documenting beliefs about demons and
