Alexander Outland:

Alexander Outland G. J. Koch, 2017-06-06 In space nobody can hear you scheme Sometimes piracy just doesn't pay Captain Alexander Outland of the Sixty Nine short for Space Vessel 3369 of course is the best pilot in the galaxy He's also a pirate a smuggler and loved and loathed by women in umpteen solar systems His crew of strays and misfits includes an engineer of dubious sanity a deposed planetary governor an annoyingly unflappable Sexbot copilot and a slinky weapons chief who stubbornly refuses to give the captain a tumble Outland just wants to make a decent living skirting the law but when an invisible space armada starts cutting into his business he soon finds himself in hot water with the military the mob mad bombers and an extended family of would be conquerors And that's not counting an occasionally telepathic spy Like any sensible scoundrel he hates heroics They're risky and they don't pay well But to keep his ship and crew in one piece and make time with a certain hard to get weapons chief he might just have to make an exception and save the galaxy despite himself Laugh out loud read until you drop Alexander the Outland is my favorite space pirate New York Times bestselling author Patricia Briggs
