Alien Embrace:

Alien Embrace Tracy St. John, 2016-08-30 An Earth woman is claimed by an alien clan of three men bringing their two worlds to the brink of war Amelia Ryan fled Earth's fanatically religious government to live quietly among the aliens of Plasius Her life of peace shatters when a three man clan from the planet Kalquor kidnaps her and holds her prisoner With their people poised on the verge of extinction the Kalquorians are determined to have Amelia for their mate Amelia is equally determined to escape But when her body thrills to the ruthless domination of her captors she finds herself surrendering to desires she never imagined possible *The Coming of Marshal* Harvey Minnick, 2010-06-30 A damaged spaceship is hurtling toward the Earth and the Russian government mistakenly believes the spacecraft is the anticipated Doomsday asteroid The Russians shoot it down not realizing that Marshal an interstellar lawman is inside The Hidayah or Guide, 1791 The Latinx Files Matthew David Goodwin, 2021-05-14 In *The Latinx Files* Matthew David Goodwin traces how Latinx science fiction writers are reclaiming the space alien from its xenophobic legacy in the science fiction genre The book argues that the space alien is a vital Latinx figure preserving Latinx cultures by activating the myriad possible constructions of the space alien to represent race and migration in the popular imagination The works discussed in this book including those of H G Wells Gloria Anzald a Junot Diaz Andr M Carrington and many others often explicitly reject the derogatory correlation of the space alien and Latinxs while at other times they contain space aliens that function as a source of either enlightenment or horror for Latinx communities Throughout this nuanced analysis *The Latinx Files* demonstrates how the character of the space alien has been significant to Latinx communities and has great potential for future writers and artists *Penelope's Web* Christopher Rush, 2015-09-24 A book about war that like *The Naked and the Dead* or *Catch 22* manages to be about very much more Brian Morton author of *Starting Out in the Evening* Odysseus is returning to Ithaca after nearly twenty years half of it spent as a soldier and the other half as a soldier of fortune During his absence his wife Penelope has remained faithful despite Odysseus being missing and presumed dead But when her husband suddenly reappears he confronts those who have been trying to seduce his wife and kills them all Based on Homer's ancient epics this is a novel about war and peace and about how returning soldiers can find peace more horrible than war and home more hellish than the battlefield The narrative of the novel drives along fast and Odysseus's adventures on his long journey home are vividly presented Readers already familiar with them are unlikely to be disappointed many who come to them fresh will be enthralled *The Scotsman* Startlingly original *The Times* Alien Embrace Daniel Moore, 2023-08-05 Immerse yourself in a celestial tapestry of love intrigue and the boundless wonders of the universe in *Alien Embrace* A Cosmic Love Story This captivating tale takes you on an extraordinary journey beyond the stars where two souls from different worlds embark on a transcendent love that defies the very fabric of time and space Dr Emily Collins a brilliant astrophysicist yearning to unravel the secrets of the cosmos finds herself drawn into a cosmic dance with Xeran a Luminarian diplomat from a distant star system As their paths intersect they

are swept away on a tidal wave of passion defying societal norms and transcending the limitations of their own existence Amidst the breathtaking backdrop of celestial wonders and interstellar diplomacy Emily and Xeran must navigate the challenges of inter species connection face the cosmic forces that seek to keep them apart and unravel the enigmatic mysteries of love s infinite power With prose as vivid as a nebula s glow and emotions that resonate across galaxies *Alien Embrace A Cosmic Love Story* explores the profound depths of love s transformative nature and the timeless yearning for connection that spans the cosmos Prepare to be captivated by the magnetic pull of their intergalactic love swept away by the grandeur of cosmic realms and inspired to embrace the infinite possibilities that lie within the universal fabric of love itself Step into a world where stardust kisses and celestial encounters shape destinies and embark on a voyage that will forever alter your perception of love destiny and the limitless potential that awaits when hearts align across the cosmos *Daily Report, Foreign Radio Broadcasts* United States. Central Intelligence Agency,1970 **Shadows** Fru Doh,2011-02-24

Shadows as the title insinuates splits open and lays bare the frightening vision of humanity the heart of man depressed a veritable inferno in which there is little to be enjoyed and everything to be endured as all is vanity a gnawing emptiness Nothing is but what it seems Simple but without being simplistic there is in the damp climate of Doh s poetry broken promises displaced emotional centres a pervading sense of doom of impending disaster and a total helplessness reminiscent of Plato s proverbial mythical cave in which all reality is but shadow devoid of substance with the observer chained to the walls of his feelings beliefs and unfulfilled ambitions The second section *Celebration* is however a source of warmth of light the sun s rays in an otherwise damp and dark collection **Smile When You're Lying** Chuck Thompson,2007-11-27

From Bangkok to Bogota a hilarious behind the brochures tour of picture perfect locales dangerous destinations and overrated hellholes from a guy who knows the truth about travel Travel writer editor and photographer Chuck Thompson has spent more than a decade traipsing through thirty five and counting countries across the globe and he s had enough Enough of the half truths demanded by magazine editors enough of the endlessly recycled clich s regarded as good travel writing and enough of the ugly secrets fiercely guarded by the travel industry But mostly he s had enough of returning home from assignments and leaving the most interesting stories and the most provocative insights on the editing room floor From getting swindled in Thailand to running afoul of customs inspectors in Belarus from defusing hostile Swedish rockers backstage in Germany to a closed door meeting with travel execs telling him why he s about to be fired once again Thompson s no holds barred style is refreshing invigorating and all those other adjectives travel writers use to describe spa vacations where the main attraction is a daily colonic *Smile When You re Lying* takes readers on an irresistible series of adventures in Europe Asia the Caribbean Latin America and beyond details the effects of globalization on the casual traveler and ponders the future of travel as we know it and offers up a treasure trove of travel industry secrets collected throughout a decidedly speckled career **Saints of the Waters Ford** James McEachern,2023-07-07 The colossal empire of Britannia has been

decimated by its human adversaries and the unworldly forces of the folk The out port settlements on the island of Breton are left to fend for themselves after the destruction of the protectorate Surrounded by their enemies dragons goblins ogres krakens and the like the fighting men of the empire have given their lives in its defense Ten years after the uprising of the folk the farmers and villagers of Breton find themselves living in fear and trepidation playthings of their enemies All contact with the outside world has been lost those coming to Breton from the continent tell a continuing tale of woe the inhumanity of man and the horrors of the folk have led to the destruction of their society Elis Avaleonous seeks to follow in the footsteps of his deceased father as paladin and knight to the people of Breton Saints of the Waters Ford is Elis crusade to rid the island of its terrors A people will be forged or perish as light and darkness strive for the hearts and minds of all Will a tiny flame set the night on fire or be extinguished forever is the will of one man enough to safeguard the future come and see the folk are waiting

The Magic Mountains Dane Kennedy,2023-11-10 Perched among peaks that loom over heat shimmering plains hill stations remain among the most curious monuments to the British colonial presence in India In this engaging and meticulously researched study Dane Kennedy explores the development and history of the hill stations of the raj He shows that these cloud enshrouded havens were sites of both refuge and surveillance for British expatriates sanctuaries from the harsh climate as well as an alien culture artificial environments where colonial rulers could nurture educate and reproduce themselves commanding heights from which orders could be issued with an Olympian authority Kennedy charts the symbolic and sociopolitical functions of the hill stations over the course of the nineteenth and early twentieth centuries arguing that these highland communities became much more significant to the British colonial government than mere places for rest and play Particularly after the revolt of 1857 they became headquarters for colonial political and military authorities In addition the hill stations provided employment to countless Indians who worked as porters merchants government clerks domestics and carpenters The isolation of British authorities at the hill stations reflected the paradoxical character of the British raj itself Kennedy argues While attempting to control its subjects it remained aloof from Indian society Ironically as more Indians were drawn to these mountain areas for work and later for vacation the carefully guarded boundaries between the British and their subjects eroded Kennedy argues that after the turn of the century the hill stations were increasingly incorporated into the landscape of Indian social and cultural life This title is part of UC Press s Voices Revived program which commemorates University of California Press s mission to seek out and cultivate the brightest minds and give them voice reach and impact Drawing on a backlist dating to 1893 Voices Revived makes high quality peer reviewed scholarship accessible once again using print on demand technology This title was originally published in 1996

The Kindness Cure Tara Cousineau,2018-02-02 It s time for a kindness revolution In The Kindness Cure psychologist Tara Cousineau draws on cutting edge research in psychology and neuroscience to show how simple practices of kindness for ourselves for others and for our world can dissolve our feelings of fear and indifference and open us up to a life of profound happiness Compassion for ourselves and others is our birthright as humans hardwired into our DNA and essential to our happiness But in our fast paced technical savvy and hyper competitive world it may come as no surprise that rates of narcissism have risen while empathy levels have declined We now find ourselves in a cool to be cruel culture

where it is easy to feel disillusioned and dejected in our hearts homes and communities So how can we reverse this malady of meanness and make kindness and compassion an imperative The Kindness Cure draws on the latest social and scientific research to reveal how the seemingly soft skills of kindness cooperation and generosity are fundamental to our survival as a species In fact it is our prosocial abilities that put us at the head of the line Blended with moving case studies and clinical anecdotes Cousineau offers practical ways to rekindle kindness from the inside out We are wired to care The very existence of our human species evolved because of an intricate physiology built for empathy compassion and cooperation Yet we have an epidemic of loneliness indifference and cruelty and we see these destructive trends on a daily basis in our families schools neighborhoods and workplaces This important book teaches effective skills in compassion mindfulness and social and emotional learning and reveals successful social policy initiatives in empathy taking place that inform everything from family life to education to the workplace Kindness has the exponential power to renew relationships and transform how we think feel and behave in the world Will you be a part of the revolution
